Peking Rally Against War; Factory Hit

Explosives Center Hit

COMBINED AP & UPI

SAIGON, South Viet Nam — U.S. Air Force B-52s poured 100,000 pounds of explosives on thick mangrove swamps 18 miles southeast of Saigon today only a mile or so ahead of American Marines sweeping the river approaches to the capital.

A huge orange fire ball and thick black smoke curled from the swamps after the eight-engine bombers unloaded their 750-pound bombs. An Air Force spokesman said a Communist jungle mine factory hidden among mangroves 40 feet high apparently had been obliterated.

He described the strike as "the most awesome and devas-

Backs U.S. Marchers

TOKYO (AP) — Red China gave encouragement today to demonstrations in the United States against the Viet Nam war, saying the protests were only "a prelude to still bigger movements of the (American) people." (See photo, page 18).

The Chinese staged their own rally in Peking yesterday to support "the American people's struggle against U.S. imperialist aggression in Viet Nam." The official New China News Agency said 16,000 persons, including representatives of more than 40 countries, attended.

An article in the Peking People's Daily on the weekend protest marches in the United States linked them with the recent renewal of Negro rioting in the Watts area of Los Angeles. The official party newspaper described these events as "signs of a far-reaching change taking place in the United States."

"The American people's new awakening and the recent developments in their struggle show that the newborn America is marching forward," the article said.

These words echoed the line of the principal speaker at the Peking rally, Liao Cheng-chih, vice chairman of the China Peace Committee. Peking radio quoted him as saying that the Chinese admire and firmly sup-

Humanities Institute Outlined

Plans for a $100 million institute for study of the humanities on the former Brazil Ranch, which proponents said will not interfere with expansion of Mount Tamalpais State Park, were outlined today.

San Francisco attorney Clark Maser, representing the First Christian Church of America, which purchased the ranch acreage from John Fell Stevenson and associates, said the institute will be built within the next 10 years in a redwood canyon running north from Franks Valley, adjacent to Muir Woods National Monument.

The church is eager for the park to be expanded on adjoining land, Maser said. Trustees of the church flew today from Los Angeles to Sacramento to explain the matter to the Assembly Ways and Means Committee, scheduled to consider this afternoon a subcommittee recommendation that Mount Tamalpais State Park expansion be dropped from the parks budget.

The institute, which Maser declared would be similar to Princeton University's famed Insttute for Advanced Studies but would confine itself to the humanities, would have about 2,900 students and faculty, he reported. It would not be operated by the church.

He said the church would be willing to give up some of the ranch property in Franks Valley if it is desired for addition to the park, and especially the strip along the ocean front. He

Judd Asks Increased Bombings

WASHINGTON (AP) — Former Rep. Walter H. Judd called today for stepped-up bombings of North Viet Nam to reduce Ho Chi Minh's "capacity to kill South Vietnamese people."

In testimony before the Senate Foreign Relations Committee, he also urged continued isolation as well as containment of Red China.

Judd said that to recognize Communist China and drop opposition to its admission to the United Nations, as previous witnesses have proposed, would give it "a smashing and wholly unnecessary victory" from which all free Asia would suffer.

Judd called for the bombing of "war plants, power plants, oil tanks" and whatever is important to North Viet Nam's prosecution of the war.

Dr. Judd, a Republican who represented Minnesota in Congress for 20 years, was invited to appear at the urging of Sen. Bourke B. Hickenlooper, R-Iowa, senior Republican committee member. He is a former missionary in China and now is a Washington writer, radio commentator and lecturer.

"Why not openly announce to North Viet Nam and the world a list of military targets that are going to be destroyed sometime in the next few weeks or months?" he asked.

HAPPY WITH ROSES

President Johnson today welcomed India's Prime Minister Indira Gandhi in Washington, and told her the U.S. would back her efforts to solve her country's problems. She said in a White House ceremony that the U.S. and India should not take each other for granted. She clutches a bouquet of roses yesterday at Williamsburg, Va., after her arrival in the U.S. Mrs. Gandhi will visit the president for two days to discuss economic arrangements, then will go to New York for three days. More Teeners Cited In Marijuana Raid

Four more Novato High School students were cited to appear before juvenile authorities and 14 others were reprimanded and released to their parents during the weekend in a crackdown by Novato police on marijuana users at Novato High School.

This brings to 10 the total arrests in the crackdown.

"There are numerous users still to be called in for questioning," said Police Chief Robert DiGrazia.

The raids started Friday night when an 18-year-old, John Rundle of 1363 Cambridge Street, Novato, was booked into Marin County jail and four juveniles were cited to the juvenile hall, all on charges of use, sale or possession of marijuana.

"We want both the students and their parents to know that we know that they are users," DiGrazia said.

He estimated that users in the high school may reach as high as 45, as more names are being added to the list with the questioning of more and more juveniles.

Those placed in juvenile hall were released last night so that they could attend school today, according to DiGrazia.

The school administration was aware of the investigation, DiGrazia said.

Principal Robert Wisgerhof said that about three weeks ago he was informed of students smoking marijuana in a car after leaving school, and reported it to the police.

"I feel confident that there is no actual smoking of marijuana on the campus, because the Hornet Society patrols the campus and will not allow smoking anywhere at any time in the school among the students," Wisgerhof said.

He said that vice principal Joseph Garguilo had made a citizens arrest of Rundle for loitering on the school grounds last fall.

"It's one of those things that nobody likes to have happen, but it did," said Supt. James G. Bunker of Novato Unified School District.

"The kids involved were not those who participate in athletics or other school activities," Bunker said.

Both the police chief and principal emphasized that the students involved represent only a smaill percentage of the nearly 2,000 at the high school.

Steps down

Undersheriff Meyer Quits

Eugene L. Meyer, resigned today as Marin County undersheriff after holding the job since January of 1959. The resignation is effective Friday.

Meyer, of 17 Spindrift Passage, Corte Madera, said the reason is that "the duties are beyond what I can handle.

"I'm happy with the department," he added, "and am leaving on excellent terms, but I just can't handle the post in the manner that it should be handled and I'm bowing out."

In accepting the resignation, Sheriff Louis P. Mountanos said the new undersheriff has not been selected, but will be chosen from within department personnel by Friday.

Meyer, 50, was Belvedere chief of police prior to becoming undersheriff.

Prosecution Approved In '64 Rights Slaying

FBI Arrests 13 In Two Killings

HATTIESBURG, Miss. (UPI) Thirteen Ku Klux Klansmen were arrested by FBI agents in an ultra-secret dawn sweep today in connection with the fire bomb death last January of Vernon Dahmer, a Negro civil rights worker.

Still at large and the object of a widespread search was a 14th suspect, Sam Holloway Bowers Jr., imperial wizard of the White Knights of the Ku Klux Klan of Mississippi.

Bowers testified recently before the House Un-American Activities Committee during its investigation of the Klan. He took the 5th Amendment in refusing to answer questions about whether his organization ordered the "extermination" slaying of three civil rights workers near Philadelphia, Miss., in the summer of 1964.

Dahmer, 58, was killed Jan. 10, 1966, when night riders tossed Molotov cocktails into his house and store near Hattiesburg. His wife and 10-yearlold daughter were burned but they recovered.

The Klansmen were arrested and charged with violations of civil rights statutes barring intimidation and violence to civil right workers

If convicted, they face sentences ranging up to 15 years in prison and fines of $10,000. The FBI said the suspects will be arraigned before a U. S. commissioner in Hattiesburg.

Dahmer was a past president of the Forrest Count branch of the National Assn. for the Advancement of Colored People (NAACP).

On the night of Dahmer's death, two carloads of men drove up to his house, peppered it with gunfire, and tossed gasoline filled bottles inside the house and store.

Despite the fact that he was seriously burned, Dahmer returned the gunfire. He managed to hit the tires of one of the cars, which was later found abandoned.

The men arrested in Mississippi were:

Cecil Victor Sessum, 30, exalted cyclops of Klavern No. 4, Jones County, Miss.; Howard Travis Giles, 37, former exalted cyclops of the Ellisville, Miss., Klavern; Lawrence Byrd, 44, Laurel, Miss.; Henry Edward de Boxtel, 29, a Laurel restaurant worker; and Cliften Eudell Lowe, 50, a Houston, Tex., motel worker.

Also: James Franklin Lyons, 33, a Laurel employe of the Masonite Corp.; Melvin Sennett Martin, 33, a tractor operator; Emanuel Moss, 52, a service station operator; Deavours Nix, 42, a restaurant operator; Charles Richard Noble, 23, a factory worker; Billy Roy Pitts, 22, a Laurel furniture factory worker; and William Ray Smith, 28, employed by the Masonite Corp. in Laurel.

The only man arrested outside of Mississippi was Charles Lamar Lowe of Houston, Tex. Lowe is a former resident of Laurel and had worked at the Masonite Corp.

Supreme Court Acts In Conspiracy Cases

WASHINGTON (AP) — The Supreme Court upheld today the federal government's right to invoke two 1870 laws and bring conspiracy charges in cases of anticivil rights terrorism.

Specifically, the high court approved federal prosecution of 17 persons accused in the 1964 slaying of three civil rights workers near Philadelphia, Miss., and six indicted in the fatal shooting on a Georgia highway also in 1964 of Lemuel Penn, a Negro educator from Washington, D.C.

In both cases, the court overturned decisions by U.S. district judges which threw out federal charges.

The decision in the Philadelphia case was unanimous. The Penn verdict was a split decision in which four judges joined in two partial dissents.

The Mississippi case involved charges against three law officers and 14 other persons.

Justice Abe Fortas delivered the unanimous decision. Justice Hugo L. Black noted that he concurred in the judgment.

Fortas said the Mississippi case involved rights under the Constitution's guarantee of due process of law. He said the high tribunal could not agree that the charges against the 14 individuals who were not law officers could be dismissed because they were nonofficial defendants.

In a companion case, the court revived federal charges in the slaying of Negro educator Lemuel Penn of Washington, D.C., who was killed on a Georgia highway in July 1964.

Justice Potter Stewart delivered the court's opinion in the Penn case. He said the right to interstate travel is a constitutional right and federal law is properly brought into play when that right is denied.

However, Stewart said, "a specific intent to interfere with the federal right must be proved, and at a trial the defendants are entitled to a jury instruction phrased in those terms."

In the Penn case, felony indictments were brought against six men, three of them members of the Ku Klux Klan.

Four separate opinions were filed in the Penn case. Two invoved partial dissents. One was written by Justice John M. Harlan and the other by Justice William J. Brennan. Chief Justice Earl Warren and Justice William O. Douglas joined in Brennan's opinion. The fourth opinion was by Justice Tom C. Clark, who was joined in the concurrence with the majority by Justices Black and Fortas.

The Fortas opinion in the Mississippi case stated:

"According to the indictment, the brutal joint adventure was made possible by state detention and calculated release of the prisoners by an officer of the state. This action, clearly

Car Smashup Kills Marin Disc Jockey

Jim Washburn of Mill Valley, radio KFRC disc jockey, died yesterday of injuries suffered when his sports car crashed into a Highway 101 guard rail near Coyote, about 15 miles south of San Jose.

California Highway Patrol reported the 31-year-old Washburn apparently fell asleep at the wheel. The car hit the rail, then bounced back to the center of the highway, throwing him to the road.

He was under intensive care for more than 12 hours at a San Jose hospital before dying of injuries which included a skull fracture. He never regained consciousness after the accident.

Washburn and his German-born wife, Judith, were both lovers of fast sports cars. He drove a Porsche; she, a Triumph.

Mrs. Washburn, in a state of shock, and their three children, Dierdra, Flynn, and Nathaniel, were taken to Santa Cruz to stay with friends.

Washburn had lived about two

Vote Devices Due Testing

Automated voting devices will be tested in the June 7 primary after all.

There was some question last week whether International Business Machine's votomatic system could "program" all the measures to go before voters in the primary, county clerk George H. Gnoss explained today.

"We have been assured that there will be no problem," Gnoss sadi.

The votomatic devices will be tested at no cost to the county. Each ballot is in the form of a punch card which the voter perforates when the car is placed under a ballot form.

Junta Power Hit In Quito

QUITO, Ecuador (AP) — New antigovernment demonstrations broke out in Guayaquil today and police fired tear gas into a crowd. Several gunshots also were fired. In Quito, the military junta went into a meeting with the defense minister, informants reported.

Pressure appeared to be building up against the leadership of Rear Adm. Ramon Castro Jijon and Gens. Marcos Gandara and Luis Cabrera Sevilla.

Some unofficial informants said the junta was preparing to hand over power to an independent civilian. These reports could not be confirmed. The junta took power after the overthrow of President Carlos Arosemena July 11, 1963.

Jakarta Forms New Government

LT. GEN. SUHARTO
One of new leaders

JAKARTA, Indonesia (AP) — A quiet general, a respected sultan and a shrewd politician emerged today as the key men in Indonesia's new Cabinet.

President Sukarno, standing under an ornate crystal chandelier at his palace, last night announced formation of the new government after a week of tough bargaining.

The key men are Lt. Gen. Suharto, who took over the government March 11 after violent student demonstrations against pro-Communists in the previous government; the Sultan of Jogjakarta, Hamengku Buwoni IX, and Adam Malik, who headed Murba, an anti-Communist Socialist organization which was banned in 1965.

Peking, Pakistan Pledge 'Unity'

RAWALPINDI, Pakistan (UPI) —Chinese Communist government Chairman Liu Shao Chi today completed a round of "successful" talks with Pakistani leaders and pledged Peking's "unity against aggression" with the regime of President Mohammed Ayub Khan.

Liu, 68, today was traveling to Lahore and was to head for Karachi on Wednesday, then fly back across the Himalayas into Red China's Sinkiang Province Thursday. But the official portion of his trip to Pakistan was concluded at a gala banquet Sunday night.

"We have no intention to do you harm," Liu declared, "nor do we believe you have intention to do us harm. We require nothing in particular other than unity against aggression."

Both Liu and Ayub announced that their two days of talks had been eminently successful

(Western diplomats in New Delhi said today that they were convinced the Liu visit to Pakistan was timed intentionally to coincide with the Washington trip today of Indian Prime Minister Mrs. Indira Gandhi.

(The diplomats added that the exhibition of Chinese-built planes and tanks during a Rawalpindi parade last week was a not too subtle message to the United States that Pakistan would become much more friendly with Red China if Washington moves closer to India. Liu had been scheduled to visi Pakistan at a later date but the trip was moved up at Pakistan's request.)

British Labor Party Given Edge In Poll

LONDON (AP) — The Gallup Poll gave Britain's Labor government a big lead in 40 key voting districts today, throwing cold water on the opposition Conservative party's hopes for the general election Thursday.

The opinion poll in 40 critical areas held by the Conservatives in the last Parliament showed labor holding 13 per cent more of the vote than the Conservatives.

The polls for some weeks have shown Prime Minister Harold Wilson's Laborites with a big national lead, but the Conservatives contended their soundings showed this was not true in marginal areas where the outcome in the last election was close.

The Daily Telegraph, which published the Gallup Poll, said it suggested that previous soundings underestimated Labor's majority in the next House of Commons. In the last House it varied between one and three seats.

The election puts all 630 Commons seats on the line. The party which wins the most will form the next government with its leader as prime minister — Wilson for Labor, Edward Heath for the Conservatives.

George Brown, Labor's No. 2 man, predicted the vote will bring the biggest defeat for the Conservatives since 1906.

Marching Pickers Get Support

HANFORD (AP)—A resolution supporting striking grape pickers in their march to the state capital was approved unanimously at the Community Service Organization's national convention yesterday.

The resolution urged members to join the march, particularly in the final day. The marchers are expected to arrive in Sacramento Easter Sunday.

As the Delano-to-Sacramento protest march of the National Farm Workers Assn. moved to Merced today after an overnight stop in Chowchilla.

The marchers, about 70 of them, are on a 300-mile hike to Sacramento to dramatize efforts to achieve higher wages and union recognition in Delano grape fields.

Contractor's Son Kidnaped

MIAMI, Fla. (AP)—A short, stocky gunman invaded the home of a wealthy contractor and his wife today, kidnaped their teen-age son at gunpoint and demanded $25,000 for his return.

He set a ransom payment deadline of 6 a.m. tomorrow.

The gunman entered the fashionable home of Mr. and Mrs. Aaron Goldman through an unlocked patio, awakened the couple and demanded $20,000 in cash, police said.

Told they didn't have any money in the house, the bandit tied and gagged the parents and forced their only son, Daniel, to accompany him in the Goldmans' car.

Today was the boy's 18th birthday.

The Goldmans managed to work free of their gags and cry for help.

Cigars were the most imptant exports from the colonies to Great Britain before the Revolution.

WIRE NEWS BRIEFS From Everywhere

Food Prices Hold

NEW YORK (AP) — Gardner Ackley, President Johnson's chief economic adviser, said he believes food prices are going to start leveling off. He said yesterday on the NBC-TV "Meet the Press" program, it might be optimistic to look for an end to food price increases, but he does not expect them to keep going up as they have been.

Stork Delays

HOLLYWOOD (AP)—The stork delayed a celebrity wedding yesterday, but not for long. Two hours before Robert Goulet was due at the wedding of Glenn Ford, 49, and Kathryn Hays, 31, his wife, Carol Lawrence, gave birth to an eight-pound, five-ounce boy. Goulet stayed at St. Vincent's Hospital long enough to make sure all was well, then dashed to the church.

Actress Weds

LOS ANGELES (AP)—Actress Rhonda Fleming and film producer Hall Bartlett were married yesterday at the home of Robert Taylor, their best man. Miss Fleming, 41, was named co-respondent in the divorce suit brought by Bartlett's ex-wife, Ana Maria Martinez Bartlett, last year. Bartlett is 44.

Freedom Food

WASHINGTON (UPI)—A possible compromise between Congress and the administration on a controversial phase of President Johnson's "Food for Freedom" plan arose this week. The compromise is contained in a new draft of legislation for the program which would soften restrictions on sending food aid to Communist countries. Congress has balked at such aid except to friendly countries. The draft contains a provision that food aid should go only to friendly countries but would allow the president to decide which countries fit this category.

Gas Ruins Bridge Game

BILOXI, Miss. (UPI) — Twenty six persons were rushed to hospitals last night after being overcome, apparently from leaking air conditioner gas, during a bridge tournament near this Gulf Coast city.

None of the victims was in serious condition, hospital authorities said.

Some 60 players were participating in a duplicate bridge tournament in a large convention room of a motel when they began to feel groggy. Emergency units of police, fire and highway patrol were called.

A physician at the scene said the air conditioner in the room had apparently gone awry, leaking freon gas into the crowd.

Russia Is Grabbing Lead, Space Official Believes

BALTIMORE (UPI) —A U.S. space official said today Russia may well capture the ad in planetary exploration "during the years immediately ahead."

Edgar M. Cortright, deputy associate administrator for space science and applications for the National Aeronautics and Space Administration (NASA), said it remained to be seen which country will dominate exploration of Mars, Venus, and the rest of the solar system in future decades.

As far as the United States is concerned, Cortright said, "this coming year will be a crucial one for the decision makers."

Cortright addressed the American Institute of Aeronautics and Astronautics and the American Astronautical Society at a meeting here on "stepping stones to Mars."

He said Russia has yet to match the planetary discoveries made by the American Mariner spacecraft which flew past Venus in 1962 and Mars in 1965.

The Soviets sent a probe past Venus in late February and hit the planet with another probe March 1.

But neither craft sent back any data about Venus as far as is known.

Every mother wants to raise her family in a safe and friendly atmosphere

When the little hummingbird set up housekeeping in a Standard Oil refinery, she paid us a high compliment.

She didn't know that our Company had invested millions to remove smoke and vapors from the refinery atmosphere, but she found it highly compatible—and she's an expert judge of air. The refinery's human neighbors also benefit.

Clearing smoke and smog from the atmosphere of whole cities will be a more complex problem, but Standard Oil works for this, too—through research, joint efforts with public authorities, the loan of top scientists to pollution control projects in your community's interest.

Whether it's protecting natural resources, scenic areas and wild life . . . guarding water resources against pollution . . . or preventing contamination of the air in our busy cities . . . Standard Oil is dedicated to conservation—*an important part of our responsibility to you.*

P.S. The baby hummingbirds, born at our El Segundo, California, refinery, were as pretty as their mother.

Judge Rules Out Railroad Strike

WASHINGTON (UPI) —A federal judge today ordered the Brotherhood of Locomotive Firemen and Enginemen not to carry out a threatened strike against the nation's railroads Thursday.

U.S. District Judge Alexander Holtzoff issued a temporary restraining order forbidding a strike until 4 p.m. EST April 5 and scheduled a court hearing in the case for the day before.

The union has been threatening to strike at 12:01 a.m. EST Thursday in order to force the railroads to rehire 17,500 firemen who lost their jobs under a federal arbitration award two years ago. The award expires Wednesday.

The union wants to return to work rules that prevailed prior to the arbitration award. The railroads want the rules in effect under the award to remain in force.

Holtzoff denied the union's request that he hear arguments on this issue before midnight Wednesday. Joseph Rauh, attorney for the union, said he would ask the U.S. Court of Appeals to rule on the question before the arbitration award expires Wednesday.

Rauh said he would try to get the higher court to force the railroads to reveret to the old work rules.

Inverness Residents Hit Marina Proposal

Residents of Inverness, about 20 strong, appeared at the Civic Center today to protest a proposed marina north of the Golden Hind Boatel.

They spoke at an hour-and-one-half hearing before County Zoning Administrator Thomas E. Cordill on a use permit asked by Larry H. Marks Jr. of Novato.

Marks, who proposed a 60-boat marina with parking area for 150 cars, got support for his plan from Melvin Rupp of the Marin Property Owners Assn. and Clinton De Lap of the Marin Visitors Bureau.

Corwin A. Mocine, a director of Inverness Improvement Assn., objected to the plan on the ground it would increase traffic, reduce property value of nearby homes, and make future public use of the beach uncertain.

Elmer V. Williams and Arthur Gordon, both of Sea Haven, north of the proposed marina, also protested.

Peter D. Whitney, owner of beach land to the north, charged that Marks had shown part of his plan on land that Whitney owns. Whitney said the issue of ownership is to be settled in court. Marks denied that he had shown any of his plan on the disputed land.

Cordill continued the matter until the April 11 hearing.

The West Marin Master Plan, still not adopted by supervisors, originally recommended single-family homes in the area. Planning commissioners, however, recently recommended commercial use.

Three Die As Mission Plane Falls

SANTA ROSALIA, Mexico (AP)—A private plane returning Flying Samaritans to San Diego, Calif., from a medical mission in Baja California crashed last night, killing three persons and critically injuring three others.

The dead were identified as Bob Morris, Joe Klepac, and Bill Hill, all of San Diego.

Injured in the 9:15 p.m. crash were Dr. Edward K. Distler, 45; Mrs. Judith Ann Lippert, a dental technician, and Jake Thornton, pilot and owner of the plane all of San Diego.

An official said the plane, a Cessna 195, left San Diego Friday on a privately sponsored medical mission to the Bahia De Los Angeles area on the Gulf of California side of the peninsula.

On the return trip they encountered bad weather and turned back, crashing while attempting to land at the unlighted airport here, 360 miles south of San Diego.

Police Reveal Gang Slaying

PACIFICA (UPI)— The body of an undentified man was found early today at Devil's Slide south of here, an apparent victim of a gangland-type slaying.

The body, beaten and shot, was discovered by a truck driver. It was 15 feet from the edge of Highway 1 and five feet down the steep incline of the 700-foot cliff.

Sheriff Earl Whitmore said bloodstains at the edge of the road indicated the man was shot there after he was beaten, then the body was pushed over the cliff.

The slain man was found on his side with one shot fired behind his right ear. He had been beaten severely, Whitmore said. The victim, about 25-30 years old, had sandy hair and weighed about 155 pounds. He had no identification papers.

Huss Rites

MENLO PARK (UPI) — Funeral services were held today for Piere J. Huss, 63, veteran foreign, war and diplomatic correspondent for Hearst Headline Service and the onld International News Service. He died last Tuesday.

Viet Battle Names Changed

PLEIKU, Viet Nam (AP) U.S. authorities have changed their system of naming military operations in Viet Nam, apparently at the behest of image-conscious officials in Washington.

Such names as Operation Masher are out, a U.S. military source reported. Instead, this system is being followed:

Operations in the northernmost 1st Corps area are being named after states (Texas and Utah have already been honored), in the 2nd Corps area after famous Americans (Presidents Lincoln and Fillmore are lending their names to two current operations), and in the 3rd Corps area after cities and counties (Silver City, Honolulu).

An exception is Operation Jackstay, the current U.S. Marine sweep southeast of Saigon. Nobody seems to know where that one came from.

Suspicion Leads To Slaying

CHICAGO (UPI) —William Jutila, 43, and his wife, Hilja, 42, finally got around late last year to letting their relatives know where they were. It had been seven years since they were in touch.

Jutila's brothers came from Hurontown, Mich., several times to visit and get reacquainted.

They asked about Markku, the couple's adopted son, who was 6 years old when they hurriedly left Hurontown back in December, 1958.

Once the couple told the brothers Markku was in a school for retarded children. Another time they said Markku was outside playing. The brothers got suspicious. They went to police.

Yesterday Mr. and Mrs. Jutila were charged with murder. Police said that under questioning by Houghton County Deputy Sheriff A. Frans Heiderman and Chicago detectives, Jutila broke down and said his wife had beaten Markku and the child died in his arms.

Jutila said they left Hurontown —in such haste that food was left on the stove cooking and clothes were hanging on the line — and drove to Wisconsin, dumped the boy's body in a culvert near Mequon and then they went to Chicago.

Bohlen To Snub Rights Rally

PARIS (UPI) — The State Department has instructed U.S. Ambassador George Bohlen not to attend a civil rights rally here tonight at which the Rev. Martin Luther King Jr. will speak.

King described the ban as "unfortunate."

Embassy sources said Washington issued the instructions to Bohlen on the ground that as U.S. ambassador he should not lend official support to one particular organization.

The rally is in aid of King's Southern Christian Leadership Conference (SCLC) and is sponsored by a group of private American citizens living in Paris. Singer Harry Belafonte will entertain and King will speak briefly.

World Effort Held Best Way In Space

BALTIMORE (UPI) —Vice President Hubert H. Humphrey today called for international cooperation in the exploration of outer space.

The vice president told a "Stepping Stones to Mars" conference it was worth considering the possibility of having man's first voyage to Mars become a "truly international undertaking."

Humphrey was unable to appear in person and his remarks were read by Edward C. Welch, executive secretary of the National Aeronautics and Space Council. Humphrey is head of the council.

Humphrey told the 600 scientists in attendance: "I know that the great dream of many of you is to make contact with life —and hopefully with intelligent life —perhaps on Mars, perhaps elsewhere in the universe."

Edgar M. Cortright, deputy associate administrator for space science and applications of the National Aeronautics and Space Administration, said Russia may well capture the lead in planetary exploration "during the years immediately ahead."

Which country will dominate exploration of Mars, Venus, and the rest of the solar system in future decades remains to be seen, he said. As far as the United States is concerned, Cortright said, "this coming year will be a crucial one for the decision makers."

The three-day conference is co-sponsored by the American Institute of Aeronautics and Astronautics and the American Astronautical Society.

Manteca (city in San Joaquin County), means butter or lard, although mantequilla is properly the Spanish word for butter. Dairying is a leading industry there.

Thieves Wrenching Into More Alto Homes

Pipe wrench-yielding burglars, active in the Alto Strip area along Highway 101 for the past several weeks, struck at least four more residences during the weekend, officers reported today.

Paul C. Doss, 309 East Strawberry Drive, Strawberry, reported his home was looted between 4 p.m. and 10 p.m. yesterday of over $600 worth of office equipment, clothing and $30 cash.

Sheriff's deputies said entry was by applying a tool similar to a pipe wrench until a door knob snapped. According to Doss, the intruders then ransacked bedrooms, obtaining the cash and a $175 woman's coat. Taken from an office in the home were an adding machine, a typewriter, and a duplicating machine.

Sheriff's Inspector Kenneth Irving, who said about 10 burglaries can probably be attributed to the same group of burglars in the past month, said another burglary—that yesterday of the home of Henry Johnson Meyer, 231 Reed Boulevard, Strawberry—likely was by the same persons.

Entry there, however, was by cutting a screen door and prying a sliding glass door. He said the house, looted of an undetermined amount of jewelry and a $150 movie camera, has no door knobs of the nature the burglars have been breaking.

Meyer told officers the break-in occurred between 3 p.m. and 7 p.m. while he was away.

The front door lock of Helen M. Gourley's Bon Air apartment at 140 Lower Via Casitas was snapped, Larkspur police reported, with intruders making off with seven items valued at $1,039.

Officers said loot included two television sets, a portable sewing machine, two transistor radios, a hat and shoe bag and a box of jewelry.

Police recalled that a similar burglary occurred at 290 Via Casitas the previous weekend. There, thieves took jewelry and electrical equipment worth about $330. Victim was Barbara Vickers.

Mrs. Helen Gross at Harbor Vista Apartment on Harbor Vista Drive, Strawberry, told sheriff's officers earlier that burglars took more than $900 worth of jewelry after breaking a doorknob with a wrench.

Eugene M. Stevenson of Shelter Bay Apartments, Alto, reported a similar entry. Taken were two television sets, a clock radio, a camera and an heirloom pocket watch. Total value was $800, he told officers.

Boat, Owner Found Safe

A 48-year-old San Quentin Prison employee, reported missing in his 17-foot cabin cruiser, was the object of a widespread Coast Guard search. The boat was found in Grizzly Bay.

Albert G. DeHart of 130 Woodland Avenue, San Anselmo, was safe aboard in the Suisun area. He had left Marin City Marina at 2 p.m. yesterday in his small green boat.

Coast Guard and Solano County sheriff's patrol boats seached Suisun Bay, Grizzly Bay and Suisun Slough through the night. A Coast Guard helicopter joined the search this morning.

DeHart, an employee at San Quentin for four years, is a foreman on the night shift in the prison's textile mill.

years at 45 Washington Park Avenue, Mill Valley, and moved only last Friday to 278 Hillside Avenue, Mill Valley.

He was a son of Country Washburn, a radio bandleader who appeared on many shows in the 1940s.

The disc jockey was also a musician, graduated from an eastern music school, and had written songs. He wrote tunes for recent albums by the Tijuana Brass, and was composer of the popular "Rootin' for the Giants."

He worked for KYA before joining KFRC with a 6 to 9 a.m. program on which he played the "top 40" popular tunes. Before moving to Mill Valley and joining KYA, he had worked for KRLA in Los Angeles and for a Buffalo, N.Y., radio station.

Traffic accidents claimed other lives around the Bay Area during the weekend, also.

Near King City, a trailer broke loose from a car driven by Vernon Phillips, 31, of San Pablo on Highway 101, crashed into an auto driven by Benton Reese, 38, of Suisun, and killed his wife, Mrs. Doris June Reese, 32. Reese was seriously injured, the Associated Press reported.

In Stanislaus County, Vernon Essig, 38, of Ceres, and his family went in two vehicles to search for the family dog. The car driven by Mrs. Margaret Essig plunged off the road, killing her and their two children, Cynthia, 2, and Edwin, 11.

In Pittsburgh, two teen-agers were killed and two others seriously injured when their car missed a curve Saturday night. Killed were Richard Obert, 16, and Carl Anthony Albano, 15. Seriously injured were Richard Horace Davey, 16, and Joes Eugene Russo, 15.

Ross Is Seeking New Superintendent

A special meeting of Ross School District Board will be held in Ross School April 4 at 7:30 p.m. to name the successor to Supt. William W. Monahan, who will be leaving at the end of the school year.

Four candidates for the post were interviewed by a screening committee Saturday and the final list will be interviewed by the full board at the special meeting.

Shoulder Injured In Car Collision

Martha E. Fish, 20, of 5 Josephine Avenue, Sausalito, was treated for a shoulder injury Saturday at Marin General Hospital following a car collision on Sir Francis Drake Boulevard in Fairfax.

Fairfax police said the driver of the other car, Carl K. Kirby of 100 Vayo Vista Way, San Rafael, said he was eastbound on the boulevard when the car driven by Miss Fish crossed the dividing line and struck his automobile on the side.

tion, the former defense minister whose ouster by Sukarno last month set off the student demonstrations, was given the rank of minister and named deputy commander of Kogan, the command in charge of the "crush Malaysia" campaign. What part he will play in the Cabinet was not clear.

There was no appreciable reduction in the size of the government. The previous lineup of 100 ministers, handpicked by Sukarno, was replaced by an inner Cabinet of six deputy premiers, 34 ministers and 39 deputy ministers — a total of 79. Sukarno remains the head of the Cabinet.

"What was intended to be a tiger has given birth to an elephant," the Indonesian Herald commented.

Students from Jakarta and Bandung were reported planning to demonstrate tomorrow against the new government. The students are dissatisfied because of the number of familiar political faces still in the government and the size of the Cabinet. They also want speedy action to resolve the nation's acute economic crisis.

Suharto in a broadcast appealed to the people to give the Cabinet an opportunity to function. He said the new government is "the first stage and the maximum we can achieve at present. Our struggle is far from complete. However, the dawn of victory is now visible."

said church trustees feel the project would be compatible with park expansion.

The Brazil Ranch property purchased by the church includes 2,138 acres. When informed of the purchase Friday, the ways and means subcommittee voted to drop expansion of the park. Two proposals were before it: one totaling 4,796 acres, the other for purchase of 3,200 acres. Both included the ranch acreage.

The State Park Commission had asked that $4 million be allocated for the Tamalpais expansion.

Pearce Young Certainly Is A Candidate

Assemblyman Pearce Young, D-Napa, IS running for the newly reapportioned Fourth Senatorial District (Marin, Napa and Solano).

A typographical error appeared in Saturday's "What Our Readers Say" column. In his letter concerning a U.C. campus in Marin, Assemblyman Young is quoted as saying, "Since I am not a candidate for the State Senate . . ."

It should have read, "Since I am NOW a candidate for the State Senate . . ."

The Independent-Journal regrets any embarrassment caused to Assemblyman Young, who is vigorously campaigning for the Senate seat.

Police Says Two Girls Were Drinking

San Anselmo police booked one 14-lear-old San Anselmo girl in juvenile hall Friday night and cited another, both for intoxication, after one of them became so intoxicated that firemen had to be called to give her oxygen, police said.

The girl who became ill was turned over to her mother.

The two were drinking at the home of the second girl, whose parents were out of town.

port the antiwar movement in the United States.

"This once again demonstrates that on the Viet Nam question the American people stand on the side of the Vietnamese people and not on the side of the U.S. government," Liao said.

North Viet Nam also said the rallies showed a growing antiwar feeling in the United States. The North Vietnamese Communist party paper Nhan Dan spoke of a common struggle by the Vietnamese and American peoples to "defeat the U.S. imperialist aggressors."

Similar demonstrations were held during the weekend in several foreign centers as well as in a score of cities across the United States.

Teeners Booked In Car Wreck

Two juevniles, 15 and 16 years old, were booked into juvenile hall charged with auto theft after they wrecked a stolen car in an attempt to get away from Novato police early yesterday.

The two were seen by police at 12:34 a.m. at the end of Ignacio Boulevard. They fled when asked for a driver's license Police chased the car down Ignacio Boulevard, south on Highway 101 and off on the Marinwood overpass, where it hit the center island and wrecked, the officers reported.

The car had been stolen from John LeRoy Jones of St. Vincent's school, police said.

attributable to the state, was part of the monstrous design described by the indictment.

"State officers participated in every phase of the alleged venture: The release from jail, the interception, assault and murder. It was a joint activity from start to finish.

"Those who took advantage of participation by state officers in accomplishment of the foul purpose alleged must suffer the consequences of that participation.

"In effect, if the allegations are true, they were participants in official lawlessness, acting in woeful concert with state officers and hence under color of law."

On this point, Fortas declared, "to act under color of law does not require that the accused be an officer of the state. It is enough that he is a wilfull participant in joint activity with the state or its agents."

In todays' cases, the court ruled on Justice Department appeals asking that a pair of 1870 laws be declared applicable in federal efforts to prosecute in instances of anticivil rights terrorism.

Two federal district judges dismissed indictments against the 23 accused persons, ruling the 1870 laws may be used only in conspiracies to deny federally created rights, and not where crimes such as murder are involved.

In one of the cases decided today, U.S. Dist. Judge Harold Cox in Jackson, Miss., idsmissed most federal charges in the June 1964 slaying of three young civil rights workers near Philadelphia, Miss. Those slain were Michael Schwener and Andrew Goodman of New York and James Chaney, a Negro of Meridian, Miss.

The other appeal was from dismissal by U.S. Dist. Judge William A. Bootle in Macon, Ga., of federal charges in the killing of Lemuel Penn.

One of the 1870 laws makes it a felony punishable by up to 10 years in prison and a $5,000 fine to conspire to injure or intimidate citizens exercising their constitutional rights. The other law makes it a misdemeanor, punishable by one year in prison and $1,000 fine for law officers to engage in such conspiracies.

Judge Cox' dismissal order in the Philadelphia case applied to 17 men, including three law officers. At the same time Cox left misdemeanor indictments standing against the officers, Sheriff Lawrence A. Rainey of Neshoba County, Deputy Cecil Price and Richard W .Willis, a policeman of Philadelphia.

Pay Request On Agenda

Salary requests by the Marin County Federation of Teachers will be presented together with recommendations by Supt. Bert C. Corona at a meeting Wednesday of San Rafael Board of Education.

The board is scheduled to meet in San Rafael High School library at 7:30 p.m., instead of in the board room at the administration building as is usual.

At the March 8 meeting, members discussed pay schedules put forward by the San Rafael Teachers Assn., the first of at least three sets of teachers salary proposals the board will consider before completing work on the fiscal 1967 budget.

Also on the agenda for Wednesday are a report on library services and proposed policies involving student teachers and citizen advisory committee.

Fire Session

The San Rafael Fire Commission will meet at 4 p.m. Wednesday at the City Hall to open bids on construction of the Glenwood fire station. Bids for the project were opened in December, but all were rejected then as being too high.

Runaway Found

San Anselmo police arrested a 15-year-old runaway boy from San Rafael early yesterday and booked him into juvenile hall. He was found sleeping in a downstairs playroom of the Eleanor Burch home at 72 Mariposa Avenue, San Anselmo.

BOMBING

tating thing I ever have seen."

While the blasts from the bombardment echoed across Saigon, two other waves of B-52s from Guam unloaded their massive bomb loads on Tay Ninh Province, an old Viet Cong stronghold and reputed jungle headquarters of the National Liberation Front. The bombers attacked sectors five miles apart near the Cambodian border about 70 miles northwest of Saigon.

Bad weather kept carrier planes from striking North Viet Nam yesterday, but Air Force fighter-bombers flew 18 high-altitude missions picking out their targets by radar. Among them was the Mugia Pass, a juncture of two strategic routes to neighboring Laos, where U.S. jets caught a truck convoy last week.

In the South, Air Force jets blew up 34 sampans and three large motorized junks in raids over the Mekong Delta south and west of Saigon yesterday, a spokesman said.

In the central highlands near the Cambodian border, U.S. 1st Cavalry, Airmobile, Division troops destroyed 15 huts with sleeping racks and 30 foxholes, found a tunnel complex and trail leading to the frontier and surprised a North Vietnamese soldier as he woke up this morning. He was shot as he tried to flee.

Political unrest took an increasingly anti-American tone with new demonstrations against Premier Nguyen Cao Ky's U.S.-backed military regime. Upwards of 20,000 persons joined a Buddhist-led march in the northern city of Hue demanding the junta's ouster and election of a civilian government.

Some of the marchers carried banners accusing the United States of obstructing a return to civilian rule.

A crowd of 500 Buddhists assembled in Saigon and heard speakers charge that Ky had sold out to the United States.

The month of political unrest and protracted general strikes is beginning to pinch the pocketbooks of the populace of South Viet Nam's second largest city.

A survey of Da Nang's vital central market today showed that prices have skyrocketed 150 per cent on every staple and commodity within the past 24 hours alone.

Shopkeepers explain the overnight inflation as a result of the crippling general strike which has halted or slowed down the unloading of ships in Da Nang harbor, 380 miles northeast of Saigon.

The price hike covers everything from the rice and pork that makes up the basic Vietnamese diet to household goods.

Syrian Cleric Will Lecture

Rev. T. Paul Verghese, associate general secretary of the World Council of Church in Geneva and former private secretary of Emperor Haile Selassie of Ethiopia, will speak at the San Francisco Theological Seminary, San Anselmo tomorrow at 8 p.m.

Verghese, a priest of the Syrian Orthodox Church of Malabar, India, will speak on "Does Modern Man Need to Worship?"

He serves as director of the world council's Division of Ecumenical Action, whose work includes program on the laity, youth and on the co-operation of men and women in church, family and society. He served on the personal staff of Emperor Selassie from 1956 to 1959.

Ross Girl, 11, Says Man Molested Her

An 11-year-old Ross girl told San Anselmo police yesterday that she was molested by a man in his late 30s while she and her brother were playing baseball on the field in front of the Festival Theater on Kensington Road.

The man stood 5 feet, 11 inches, had heavy brown hair and wore brown clothes, she said.

OBITUARIES

Percy R. Cameron Succumbs

Funeral for Percy R. Cameron, a retired chauffeur and former longtime resident of San Rafael, was scheduled today at Halsted and Co. in San Francisco.

Cameron, who was chauffeur for Louise A. Boyd of San Rafael for more than 40 years, died last Monday at Desert Hot Springs after a long illness.

Since moving from San Rafael three years ago, Cameron had been living at Rio Nido, Sonoma County, and Desert Hot Springs, Riverside County.

Cameron, a member of the California Chauffeur's Club, started working as Miss Boyd's chauffeur in 1915, and drove more than a million miles for her.

Cameron said he started his career "hanging around livery stables."

When the 1906 earthquake and fire struck San Francisco, he was pressed into service as a hack driver because the other drivers were home taking care of their families.

"I worked 56 hours straight and made $250," he once related. "People gave $10 and $15 to get to the Ferry Building."

Then he got a job at Kelly's Stables and learned to drive a car. While driving for Kelly's he met Miss Boyd, a customer of the car rental service.

"I drove her before she had a car," he said. "I was her pet driver and helped her to buy her first car, a Locomobile and every car after that."

In 1915 he started driving for Miss Boyd.

While working for Miss Boyd, Cameron drove throughout the U.S., Mexico, Canada and Europe. During his long career as a chauffeur he never got a traffic ticket.

He once recalled that he got a ticket for driving his motorcycle down the Corte Madera Hill when he was a youth. "They nabbed me for going 16 miles an hour in a 15-mile zone," he said. "The highway cops walked in those days and guessed at the speed."

Surviving are his wife, Ella, and a sister, Mrs. Ruby Poeschel.

Burial will be at Cypress Lawn, Colma.

RUTH BARLEY

Ruth G. Barley of Glendale and San Anselmo died yesterday at a local hospital after a lengthy illness. She was 72.

Anative of Michigan, Mrs. Barley came to California 38 years ago, settling in Glendale. For the past seven months, she had been living at the home of her son, Frank W. Barley Jr. at 18 Oak Spring Drive, San Anselmo.

She is survived by two sons, Frank W. Barley Jr. and Robert Barley of Palo; two daughters, Mrs. Virginia Rose of Oakland and Mrs. Margaret Waltman of Glendale, and 11 grandchildren.

Funeral arrangements are pending in Glendale. Memorial donations may be made to the Heart Fund.

MRS. MORRISON

Private funeral for Mrs. Marjorie F. Morrison, 75, long-time Novato resident and wife of George Morrison, leading banker in Novato for many years, was scheduled this afternoon at the Redwood Chapel Funeral Home in Novato.

Mrs. Morrison died in an Oakland convalescent hospital Friday after a long illness.

A native of Colusa, she had lived in Novato since 1913. Her husband was president of the Novato bank until it merged with the Central Valley Bank. They lived at 909 Sherman Avenue until she was hospitalized two years ago.

She is survived by her husband, now living in Petaluma; a daughter, Mrs. George Reinhart of Norfolk, Va., and one grandson.

Inurnment was to be in Mount Tamalpais Cemetery, San Rafael.

MRS. MUGLER

Graveside funeral for Marguerite E. Mugler, longtime resident of San Rafael, will be held at 2 p.m. tomorrow at Mount Olivet Cemetery, San Rafael.

Mrs. Mugler died Thursday in a San Pablo hospital after a lengthy illness. She was 83.

A native of Los Angeles, she came to San Rafael with her family in 1885 and was educated in the San Rafael public schools. After her marriage to the late Peter Mugler, she lived for many years in Mount Shasta City, where they operated the Park Hotel.

The Muglers returned to San Rafael shortly before World War I. Mrs. Mugler's husband died in 1959.

Mrs. Mugler is survived by three brothers, John Perinoni of Mill Valley, Joseph Perinoni of San Rafael, and William Perinono of San Francisco, and two sisters, Mrs. Lucy Strider of Fort Bragg and Mrs. Minnie Edson of Mount Shasta City.

H. JACKSON JR.

RICHMOND, Va. (UPI) — Funeral services were scheduled for noon tomorrow for Herbert Worth Jackson Jr., board chairman of the Universal Leaf Tobacco Co., the largest tobacco buying and handling firm in the world.

Jackson, 68, died at his suburban estate late Saturday night of an apparent heart attack. He had been in declining health for about 10 years and had suffered a heart attack a year ago.

JOHN HEALEY

Masonic funeral for John A. Healey, 81, retired electrician who died Saturday in a local hospital after a long illness, wil be at 10 a.m. tomorrow at Harry M. Williams Mortuary, San Rafael, conducted by Naval Lodge 87, Free and Accepted Masons.

Healey resided at 825 Las Gallinas Avenue, San Rafael. Born in Hatfield, England, he has resided in California for 62 years and in Marin County for 12 years.

He worked at the Mare Island Navy Yard in Vallejo until his retirement.

He was a member of Naval Lodge 87, F&AM, and of Vallejo Post 1123, Veterans of Foreign Wars.

Surviving are his wife, Alma L. Healey; two stepsons, Robert W. Jensen of Hayward and James R. Jensen of San Mateo, and four grandchildren.

Burial will be in Golden Gate National Cemetery, San Bruno.

HELEN MENKEN

NEW YORK (AP) — Actress Helen Menken collapsed and died last night while at a private party at the Lambs, a theatrical club.

Miss Menken, 64, apparently was the victim of a heart attack.

At her death she was president of the American Theater Wing and had been active in plans for presentation of the wing's Tony Awards, June 19.

At her side when she died was her husband, George N. Richard, a Wall Street broker.

Miss Manken was known for her fiery temper and versatile acting abilities.

She went on stage at the age of 5 as one of the fairies in "Midsummer Night's Dream."

In 1960 she came out of stage retirement to appear with the Theater Guild-American Repertory Company in a 3½-month tour of 15 European and Middle Eastern countries under State Department auspices.

CHARLES ROSE

WASHINGTON (AP) — Charles Rose, 72, chairman of the Roscoe-Ajax Construction Co., Inc., died of a stroke yesterday. A major Washington developer for more than 30 years, he also built the first high-rise building in Philadelphia and constructed San Francisco's $40-million Federal Center, the largest office building west of Chicago.

HELEN DRAIS

Mrs. Helen Drais, 74, of 302 Via Hidalgo, Greenbrae, died at a local hospital yesterday after a long illness.

She was the wife of Robert I. Drais, a retired sales manager.

A native of Chicago, Mrs. Drais had lived there most of her life, moving to Marin County about five years ago. During World War II she worked as a practical nurse.

Surviving are her husband; a daughter, Mrs. Helen M. Swanson of Tiburon; a sister, Mrs. Laura Schindler of Fort Lauderdale, Fla., and three grandchildren.

Funeral will be at 11:30 a.m. tomorrow at Harry M. Williams Mortuary, San Rafael. Burial will be in Mount Tamalpais Cemetery.

MARRIAGE LICENSES ISSUED

Frederick J. Bakke, 85, and Margit E. Hansen, 81, both of San Rafael; license issued in Reno.

Rodney Wray, 24, of San Francisco, and Cathye Mayo, 19, of Sausalito. License issued in San Francisco.

Gary Noland Shock, 23, of 25 Spring Grove Avenue, San Anselmo, and Suzan Kathleen Benson, 19, of 9 Charolotte Avenue, San Rafael.

LeRoy Gram Waigand, 47, of 151 Tamalpais Avenue, Mill Valley, and Thelma Coen Richards, 44, Toledo, Ohio.

Trubach View Given Wrong

Serge Trubach, candidate for Sausalito City Council, is no booster for high-rise buildings.

A report of a Sausalito candidates' night in Friday's Independent-Journal quoted Trubach as suggesting a 32-story parking garage.

That wasn't what he suggested at all, Trubach said today. He proposed a parking complex of up to three stories, but not over the 32-foot height limit, to include a fire station and service station.

Federal Order On Grape Sale Set In Spring

FRESNO (UPI) — The U.S. Department of Agriculture is expected to issue a preliminary decision in May or June on a proposed federal marketing order for the grape industry in California and Arizona.

A 10-day public hearing on the proposed order ended here Saturday and hearing examiner G. Osmond Hyde gave industry members until May 6 to file briefs, arguments and conclusions with the Agriculture Department. A "recommended decision" could come any time after May 6.

A final decision will be announced after the industry has had a chance to take exception to the department's recommendations.

A committee of San Joaquin Valley grape growers asked for the federal marketing order earlier this year and urged that 13 California counties and all of Arizona be included in an effort to control huge crop surpluses.

Much of the 10-day hearing was taken up by testimony from grape industry members in Arizona, Coachella Valley and the counties around San Francisco who do not want to be included in the proposed marketing order.

They argued that grape surpluses are caused by San Joaquin Valley growers and that their varieties of grapes are in demand.

At Friday's hearing, Ernest Gallo, head of the E. and J. Gallo Winery of Modesto, said the cause of the grape surplus problem was "to much production of grapes that don't make good wine."

BEAUTIES SEEK CROWN OF 'MISS KTIM'

Marin's prettiest 19-year-old will receive prizes and an opportunity to compete in the May in Marin pageant, Miss California and perhaps Miss Universe contests as result of a contest sponsored by Radio Station KTIM to celebrate its own 19th birthday. Contestants are (from left, standing) Marie Labagh, Denise Overhouse, Melinda Megarity, Eileen Jennings, Keathy Riggin; (seated) Denelle Benjamin, Barbara Simmons and (back to camera), Carolyn Beach, pageant director. Winner will be chosen Friday.

Johnson, Girl Make Friends

WASHINGTON (AP)—A little girl, wearing a bright red coat and with her hair in braids, caught President Johnson's eye yesterday as he arrived for 11 o'clock services at the National City Christian Church.

Patricia Kelley, 6, of nearby Arlington, Va., waved and beamed at Johnson when he got out of his limousine and started up the church steps. She obviously wanted to shake hands but police were keeping spectators at some distance.

Johnson solved her problem by motioning to the girl. He bent down to talk to her and she gave him a kiss on the cheek.

Miss Marin Pageant Schedule Announced

The Miss Marin pageant will begin at 2:30 p.m. April 17 in Olney Hall of the College of Marin, Kentfield, according to Clinton DeLap, managing director of the Marin Visitors Bureau.

DeLap said the winner will be eligible for further competition in Los Angeles April 30 for selection in the Miss Universe contest. Applicants must be between 18 and 24, American citizens and residents of Marin.

Candidate Corrects Garage Proposals

Serge Trubach, a candidate for Sausalito City Council, said at a meeting in Sausalito Thursday that what was needed to handle the influx of autos weekends were two or three story buildings downtown with parking facilities. The buildings should be no taller than 32 feet.

Trubach was erroneously reported in Friday's edition of the Independent-Journal as advocating "32-story parking buildings downtown."

Party Broken Up

San Rafael police late Friday broke up a party and took the names of about 30 teen-agers found drinking beer and liquor at the home of Alan J. Souza, 60 Fairfax Street, Apt. 4, after several youths were seen staggering in front of the apartment building and sitting in a patio drinking. No arrest was made.

Ripon in San Joaquin County was named in 1876 by Applias Crooks, the first postmaster, for Ripon, Wisconsin, his former home and the birthplace of the Republican party.

Cong Clings To Kidnaping

WASHINGTON (AP) — The United States reportedly has been rebuffed in attempts to obtain release of a U.S. government official kidnaped by the Viet Cong nearly 14 months ago.

The Washington Post said negotiations to free Gustav C. Hertz are continuing and now have reached a critical stage.

The newspaper said U.S. Sen. Robert F. Kennedy, D-N.Y., has been involved and that the Central Intelligence Agency has made "a fruitless ransom effort."

Hertz, of Leesburg, Va., an official of the Agency for International Development, was kidnaped Feb. 2, 1965, while cycling in the suburbs of Saigon. Two months later, a communique broadcast from Hanoi said he was in custody of the Viet Cong and would be executed if a Communist terrorist was put to death.

Fresno means ash tree, and the County Seat of Fresno County was so named on account of an abundance of mountain ash in that territory.

Accelerator Proposal Is Pushed

SACRAMENTO (UPI) —Rep. John E. Moss, D-Calif., said today he hoped the Assembly wins its dispute with the Senate over a measure to encourage construction of the world's largest atom smasher at Sacramento.

The measure by Assembly Speaker Jesse M. Unruh, D-Inglewood, was a resolution saying the legislature would spend $15 million on site development for the 200 billion electron volt nuclear accelerator planned by the Atomic Energy Commission.

Moss, who represents Sacramento, said Senate amendments on the offer were "iffy" and "conditional."

"Unless it's a clear, straightforward offer, I don't think it will be considered," he said.

The Senate amendments said the money is to be used "to the extent necessary" and conditions the spending on a governmental request to meet federal specifications.

Unruh last week asked the Assembly to refuse concurrence in the new language and the issue went before a joint conference committee.

Unruh introduced the resolution when three California sites were among 80 the government was studying for the $375 million project. However, the total has since been cut to 6, with only the Sierra Foothill site east of here remaining for California.

Moss, deputy majority whip in the House, said his seniority might help assure that "merit" was the over-riding consideration in site selection.

Moss declined to predict when congress will act on the project. He said he hoped it would be during this session but "I would not be alarmed if it went into next year."

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations. Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all — this improvement was maintained in cases where a doctor's observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository* or *ointment form* called *Preparation H®*. Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.

Moon Machines May Mimic Man

SCHENECTADY, N.Y. (AP) —A walking truck and a striding steel skeleton may help man explore the moon or underseas and carry heavy loads across rough, trackless ground on earth.

Both vehicles, now in the model stage at General Electric Co., will be operated as though they are extensions of the men who operate them.

General Electric has been awarded Army and Navy contracts to build prototypes of the machines at a cost exceeding a million dollars.

"The walking machines may represent a solution for the problem of moving across off-road terrain," says Ralph W. Mosher, projects engineer at GE's research and development center here.

"The principles involved could well be adapted to extra-terrestrial exploration, such as on the moon," Mosher said in an interview.

The vehicles will be powered by internal combustion engines and will have self-regulating systems of hydraulics, similar to your automobile's power steering.

Using the power of the operator's own arms and legs, amplified by the machine, the truck or steel man will plod through swamps, up and down steep embankments, and carry heavy burdens up mountains. Or the skeleton may pull saplings up by their roots.

"The machines' arms and legs will mimic essential movements of the easily trained man in puppet-like fashion," Mosher explained.

The operator will feel only a small proportion of the force exerted. If an object to be lifted weighs 500 pounds, the man could adjust the force ratio so that he would feel the weight of only 50 pounds.

The 500-pound steel skeleton, called Hardi-man — its official name is Powered Exo-skeleton — will be five feet tall and the operator will be strapped to it. This Army-Navy item is designed to handle materials. It will walk as fast or as slowly as man and take whatever strides man may take.

The 1,600-pound Army truck will take up to a six-foot stride. It will have no brakes, wheels, shock absorbers, transmission or gas pedal. The truck will be 10 feet tall 10 feet long, 3½ feet wide and travel at top speed of five miles an hour with a payload of 500 pounds. The pilot model will cost $600,000.

Bank Head Interrupts Burglary

MIAMI, Fla. (AP) — A bank president interrupted a mid-day burglary when he dropped by his office yesterday to do some weekend desk work, but the loss may reach $25,000.

The banker, Frank Braunstein, 53, was handcuffed, forced into a rest room at gunpoint and left on the floor.

His son Ted, 18, called police when he went to the bank, the Second National of North Miami, to pick up his father. He called officers when he failed to get a reply after knocking at the bank door.

The younger Braunstein, a student home on vacation from Emory University in Atlanta, Ga., had driven his father to the bank at 11:30 a.m. He returned at 3 p.m.

Police said it was not known how much cash was missing; bank officials said it could not be more than $25,000.

Baldwin Seat Vote Is Set

SACRAMENTO (CNS) — Governor Brown has signed a proclamation calling for a special election in the 14th congressional district, to be held on June 7 along with the regular primary election.

If no candidate for the congressional seat receives a majority of votes on June 7, a runoff would be held four weeks later on July 5.

The election fills a vacancy created by the recent death of Rep. John F. Baldwin Jr., R-Contra Costa. Assemblyman Jerome R. Waldie, D-Antioch, has announced he will be a candidate for the post.

Too Many Grapes

FRESNO (UPI) — The president of one of California's largest wineries says the cause of the state's grape surplus problem is "too much production of grapes that don't make good wine." Ernest Gallo, head of the E. and J. Gallo winery of Modesto, made the observation Saturday at the closing session of a nine-day U.S. Department of Agriculture hearing on a marketing order for grapes.

HOW NEW CITY HALL WILL BE FURNISHED

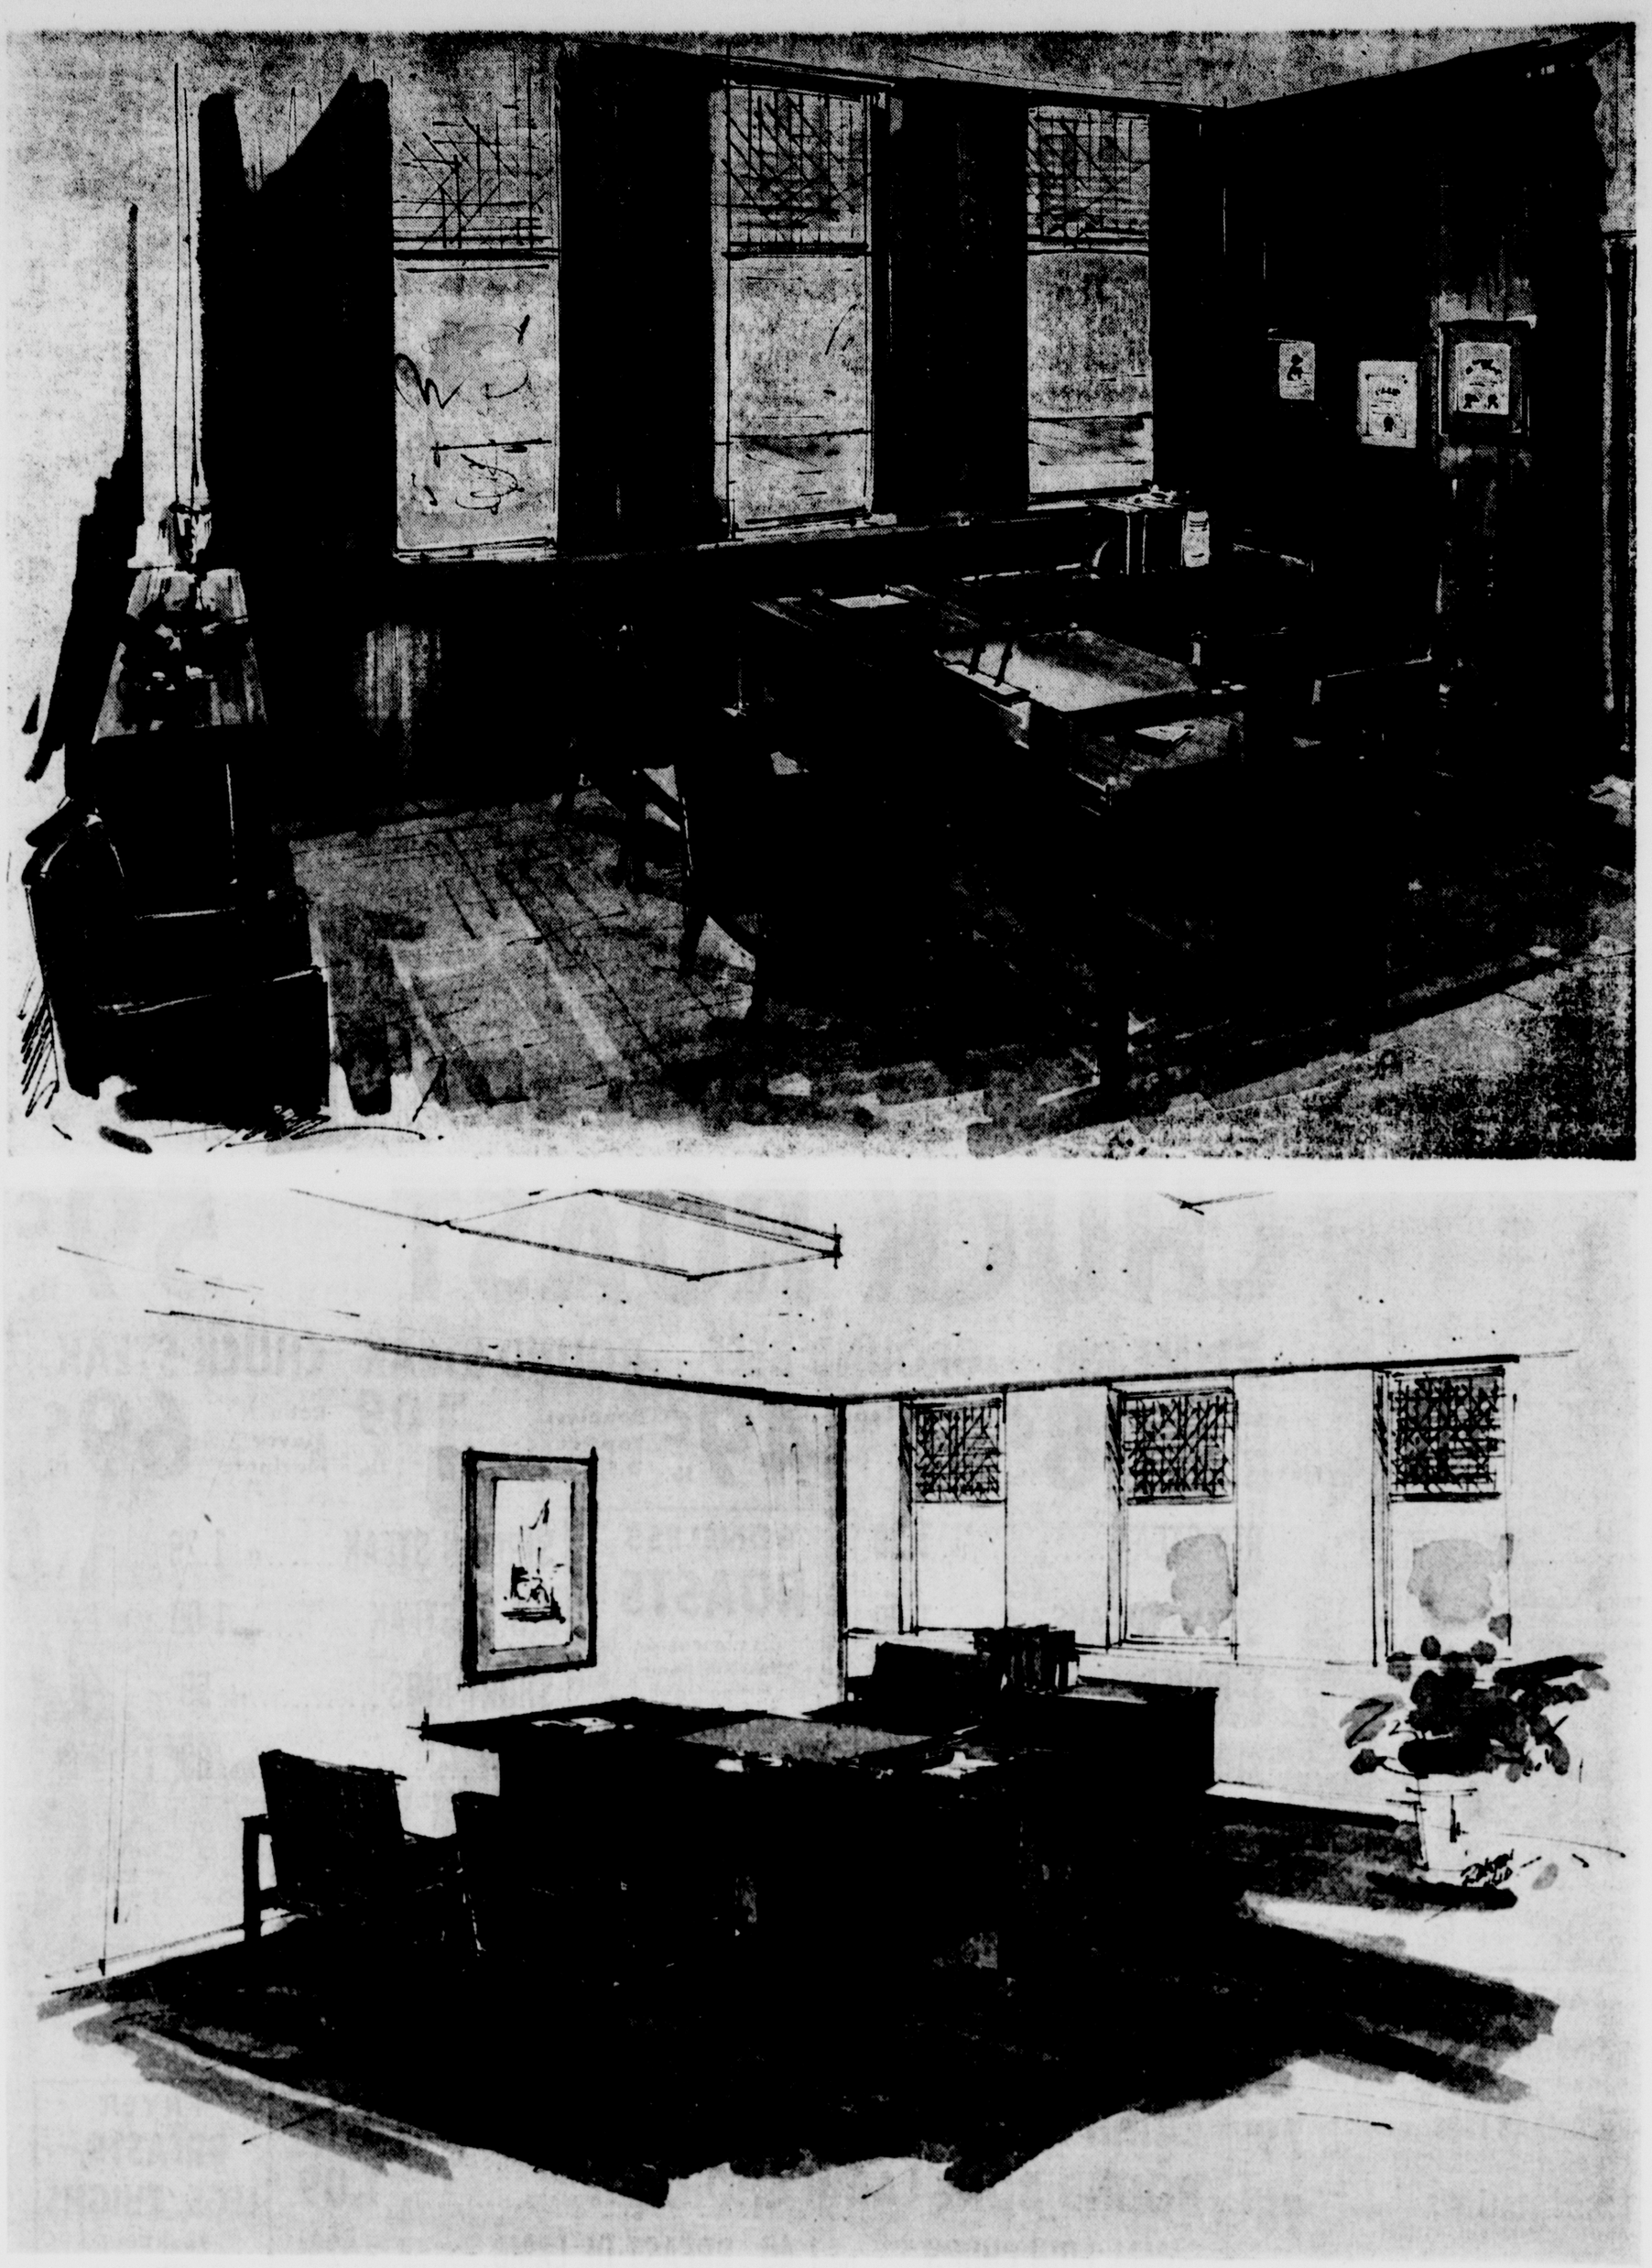

That rundown look in the offices of San Rafael's 55-year-old city hall will be banished from the new city headquarters under construction on Fifth Avenue opposite D Street.

Designs for furnishings of the new offices have been prepared for the city by Milton Schwartz and R. D. Ralsten of Casa Marin, who contributed their services. The drawings at right by Ralsten show how they'll look.

Bids for the furnishings are to be opened at the April 4 city council meeting.

At top is the office of City Mgr. Dan E. Andersen. In center is that for City Clerk W. C. Cornwell, typical of offices for department heads. Both use wood desks, upholstered chairs, and have wall-to-wall carpeting. At bottom is the police department office, with metal desks and files. General office furnishings will be in this style.

City officials hope to move into the new offices about September. Completion of the building by Santa Rosa contractors Wright and Oretsky had been scheduled for June 1, but construction is running about two months behind schedule.

Cancer Fighting Drug Brings Cautious Hope

PITTSBURGH (AP) — A scientist reported today development of a two-faced, Jekyll-and-Hyde type of cancer-fighting drug which apparently becomes evil only when it hits cancer cells.

It's a new and seemingly safer version of the cancer-attacking nitrogen-mustard drugs that are chemical cousins of skin-blistering poison gases used on World War I battlefields.

The new drug — so far used only in animals but with promising results — has been dubbed a "stingless mustard," in that it attacks cancer cells like conventional mustards, but apparently lacks their unwanted "sting" for normal cells.

Dr. Zinon O. Papanastassiou of Arthur D. Little, Inc., Cambridge, Mass., told about it in a report prepared for the 151st national meeting of the American Chemical Society.

He said the synthetic compound —called ADL-45 — has shown high activity against a wide variety of experimental animal tumors, especially against two types of leukemia cells. Further testing is under way, looking towards the possibility of trials in humans, he said.

But he declared in an interview supplementing his technical report that "I am only very cautiously optimistic" about whether it will be useful against human malignancy.

Saigon Aide In Moscow Is Believed Significant

By JOHN M. HIGHTOWER

WASHINGTON (AP) — Top U.S. officials attach great importance to the fact that North Viet Nam is being represented at this week's Soviet Communist party meeting by one of the chief policymakers under President Ho Chi Minh.

The mission to Moscow of the North Vietnamese Communists leader, Le Duan, could have a significant bearing on the future course of the war in Viet Nam.

Some European Communist diplomats say privately they believe Soviet authorities will make an effort to persuade the North Vietnamese delegation to give serious consideration to peace moves.

The Eastern European diplomats speculate that with the massive buildup of American power in Southeast Asia the North Vietnamese must be compelled sooner or later to face the fact that the conflict is going against them and the hopes they had for victory a year ago are fading rapidly.

The Soviet government was cochairman with Britain of the 1954 Geneva Conference and a willingness on its part to join Britain in reconvening the conference would be a major step toward negotiations. The Soviets, however, are obviously unwilling to act without North Viet Nam's agreement and willingness to participate.

The Viet Nam situation drew fresh comment over the weekend from Vice President Hubert H. Humphrey, India's Prime Minister Indira Gandhi and House Republican Leader Gerald R. Ford.

Humphrey was quoted last night in a Newsweek magazine interview as saying, "We must not only accept the results of free elections — including any winning Communist candidacies" in South Viet Nam, "we must also make crystal clear — perhaps more than we have done to date — our total acceptance of the principles of true independence and nonalignment....We want no permanent enclaves or bases....We seek — in the simplest language — a state of honorable peace."

Asked for his views on Communist China, Humphrey said:

"We must see beyond the test of arms and apply to China the principle we learned in confronting the Soviet Union. We strive to contain but not to isolate. We do not try to impose quarantine from without. We do not try to overturn power from within. We do not harass or provoke.

Mrs. Gandhi, arriving today for White House talks with President Johnson, disputed some published reports that there was a "community of views" between France and India on Viet Nam.

"There is a certain similarity of views that I wanted to underline," Mrs. Gandhi said in an interview published by a French news agency before she left Paris.

Ford recommended in an interview that the buildup of American ground forces in Viet Nam be restricted until air and sea power has been more fully employed. He did not specify how the air and sea power should be used.

Ford said on the CBS radio-television program "Face the Nation" that he believes the Republicans are playing the role of the "loyal opposition" in Congress.

A.F. Slaying Proceedings Are Slated

A/1c James O. Young will be tried at a general court martial for premeditated murder in the Christmas slaying of A/1c Robert M. Jennings after a drinking party in their barracks.

Major Gen. Carroll W. McColpin, commander of the 28th Air Division, ordered the trial after receiving a report from the 28th Air Division judge advocate. No date was set.

A pre-trial hearing was conducted by Maj. James E. Greene, judge advocate of Travis Air Force Base. His report, given to Col. Ralph M. Wanderer Jr., base commander and then to the judge advocate of the 28th Air Division, recommended that the charge be lowered to unpremeditated murder. The judge advocate's recommendations to McColpin apparently did not follow the recommendation of Major Greene.

Tiburon Hopefuls To Be Introduced

Tiburon City Council incumbents Fred C. Hannahs and Mrs. Jacqueline A. Parnell and candidate Alfred J. Azevedo are to be introduced at coffee meetings beginning this week.

On Wednesday, a meeting will be held at the home of Newton E. Wise Jr., 558 Tenaya Drive; on April 5 at the home of Francis J. Ryan, 1803 Lagoon View Drive, and on April 7, at the home of Kenneth Lamott, 34 Linda Vista. All meetings are scheduled for 8 p.m.

Supervisors To Tackle Density Plan

Marin County supervisors tomorrow will tackle the problem of housing density in planned community zones, discuss proposed dredging of Gallinas Creek and an application for federal funds toward development of a senior activities center at the Civic Center.

Other matters on the agenda include continued discussion of the salary for Public Defender Jerome Durham. County Administrator Alan Bruce recommends that the executive salary committee's figure of $16,000 a year be adopted, despite the recommendation of the Marin County Bar Assn. of $22,000 a year.

Request of Benjamin R. Ostlind for authorization for the county aviation commission which he chairs to seek Air Force approval for the civilian strip at Hamilton Air Force Base is to be discussed prior to the 10:15 a.m. recess. It had earlier been set for 10:30 a.m.

After the recess the board is to discuss the alternate proposal for the June 7 park bond election, suggesting allocation on a project rather than population basis. The park and recreation commission recommended against the alternate Thursday night.

Supervisors will be asked to call for bids on Gallinas Creek dredging at 10 a.m., May 2, and schedule a hearing on the project for 3 p.m., May 3. The dredging is to be financed through a special assessment district covering the area.

The Marin Seniors Coordinating Council has requested board approval for a request of $162,966 in federal funds to finance planning and development of a senior activities center at the Civic Center. Bruce has questioned the need for immediate action and suggested that the proposal be given further study.

A hearing on apartment zoning asked along the west side of Merrydale Road, Los Ranchitos, will be held at 1:30 p.m.

Soon after that will be the hearing on the proposed amendment in the planned community zoning. The change would take away the 3.5 unit per acre density as the maximum limit and relate density to master plans either covering or adjacent to the area being developed.

The 3.5 maximum was hotly contested during hearings on the Marincello zoning and later on the Marincello master plan.

Cal Poly Reports On Marin Honor Students

Sixteen Marin students have been named to the dean's honor list for the fall quarter at California State Polytechnic College, San Luis Obispo.

GOP Charges Inflation Move

WASHINGTON (UPI) —Republicans leaders expect to vote an indictment today charging President Johnson with budget policies which are driving up the price of groceries.

This new chapter in the "guns versus butter" dispute between the GOP and the administration was promised at a quarterly meeting of the National Republican Coordinating Committee, a between-conventions voice of the party.

Republicans in and out of Congress have warned of inflation for months. House GOP leaders were meeting across town today to put their words into action.

Manila Prisoners Sentenced To Die

MANILA (AP) — Twenty-one prisoners at the Davao penal colony have been sentenced to death for the gang murder of 14 other prisoners last year.

The condemned men, who pleaded not guilty, are members of the OXO gang.

Sunol, town in Alameda County, was named for Don Antonio Sunol.

Youngsters Proved Mettle During Tragedy Of Blaze

Tragedy that destroyed a Lucas Valley home and took the life of a brave 7-year-old girl last week proved once again that man's natural instinct to help his fellow men rises to its greatest heights in the face of a common enemy.

The common enemy in this case was fire.

The heroes and heroines were many. Foremost among them was the 7-year-old girl, who dashed into her flaming home in the mistaken belief that her 18-month-old sister was inside. She represents the ultimate in devotion to family and to a fellow human being.

County Fire Chief Louis J. Bloom and his firemen also had special praise for neighborhood youngsters who pitched in to prevent the flames from engulfing the entire community of closely-knit homes.

Children, from teen-agers down to boys and girls aged 9 and 10, grabbed garden hoses and clambered over rooftops to fight the fire. One 13-year-old boy was singled out for saving an adjoining home by climbing a roof to stamp out sparks that had already set fire to the roof.

Children, who sometimes make nuisances of themselves because of their propensity for fence and roof climbing, earned the plaudits of the community in that hour of tragedy.

This is certainly no exhortation for youngsters to jump into the front lines in every tragedy that may occur. In many instances, the well-intentioned actions of youngsters may interfere with or compound the job of regular fire fighters.

But in this instance, the youngsters acted with bravery and with prudence. To them goes the community's gratitude. And to one: "God bless her."

Nude Knees

The naked knee is the "in thing" this spring. The fellows in Paris who shape, pinch, squeeze and otherwise mutilate the collective female figure have decided, briefly to be sure, that the knee cap should be the focal point of feminine beauty.

Really, you guys, we've known bust watchers and derriere watchers, but we have never, but never, known a man much interested in knee caps. Esthetically, knees are nothing.

Knee caps, like hub caps, are mere trim. The important thing is sleek lines.

THREE MINUTES A DAY

By JAMES KELLER

Some 37 million Americans play musical instruments. They come from many walks of life and have wide diversity of interests.

But one thing they have in common—they enjoy the satisfaction of creating their own music.

Their instruments come in many sizes, tones and prices. Among them, the piano is the nation's favorite, with the guitar ranking second in popularity.

In their desire for self-expression through music, millions of persons choose other instruments, such as the organ, accordion, viola, cello, flute, piccolo, clarinet, saxophone, trumpet, cornet, trombone and drums.

Musi is just one area in which man's longing to be creative may find an outlet. In God's holy plan every individual should continually experience the delight of sharing in His never-ending creation.

Make your own personal and irreplaceable contribution to life. By doing this, you live fully and joyfully.

"Admonish one another by psalms, hymns and spiritual songs, singing in your hearts to God." (Colossians 3:16)

Thank You, O Lord, for the privilege of sharing in Your creation.

AFFAIRS OF STATE

Curriculum Group Will Check Out-Of-Date State Textbooks

By HENRY C. MacARTHUR

SACRAMENTO — The state curriculum commission, which has the duty of selection and approval of all textbooks for state schools before the books are used in the various districts, will meet this weekend in Newport Beach, and at the meeting is expected to look into the situation which involves the use of books with obsolete information in the state's schools.

A book titled "The Government of a Free Nation" is one of the books currently being used as a teacher's manual which has instructional information in it outdated by nearly 10 years.

THE BOOK was written by a Chester D. Babcok, who is listed as assistant superintendent in charge of curriculum and instruction in the state of Washington. It was published by the California Dept. of Education and dated 1963.

In its description of the California Legislature, the book says the meeting of the Legislature is divided into two periods, with a 30-day recess. This form of legislative operation was changed a good many years ago.

It also describes the budget session of the Legislature as convening in March. This session actually convenes in February. The book goes on to describe the old method of holding legislative sessions involving obsolete procedures for introduction of bills and for voting on bills.

ANNUALLY, thousands of students are bused to the Legislature by school districts, to obtain some sort of insight on how the wheels of government turn. It is somewhat confusing to them to have been instructed in procedures they might be expected to find at the state capitol and to arrive here to find such procedures totally different.

Supposedly, the 50 cents out of every tax dollar the government spends for education, is supposed to go toward teaching the younger generation facts. The material in the book which is questioned was fact at one time, but today is far distant from the actuality of legislative operation.

Although the book was published by the Department of Education, Dr. Max Rafferty, director, was unaware of the discrepancies until they were brought to his attention. He immediately had some of his aides prepare to bring the book to the attention of the curriculum commission.

The incident brings up the question of how much information in how many more school texts is obsolete, which poses the next question, which is: Are students being given current information, rather than what might have been true in the past?

THE ENTIRE approval system of the curriculum commission is cumbersome and slow. Sometimes, several years are needed to put a single book in the schools through the medium of state-printed textbooks.

The procedure, however, is thorough, so thorough in fact that at least the information in this particular book is outdated before it ever hits the student desk.

The question is, will the curriculum commission consider some faster method of presenting textbooks containing up-to-date facts to school districts of the state?

Condors' Ouster Disturbs Student

Editor, Independent-Journal:

I am a student currently enrolled at the College of Marin, and I was greatly disturbed about the article written in Tuesday's (Mar. 22) I-J, titled "Condors Must Move for Man; Ventura County Dam Building."

I am not a person who usually gets a kick out of "popping off", but I believe the whole attitude of this article smells.

It may be true that the condors will sooner or later have to move or become extinct because of the dam, but to take the attitude of "who gives a dang" is pretty sad.

This is probably one of the biggest reasons why our society has as many internal (and external for that matter) problems as it does. Too many people "don't care" about what happens to anything.

Well, there are some people who "care," and by doing so they may at least look into ways of preventing things from happening — such as destroying the oldest-living, largest, and one of the most interesting birds alive today.

Cable Firm Explains Deposit, Franchise

Editor, Independent-Journal:

We wish to express our appreciation for the coverage given to Community Antenna Television (CATV) in your article of March 22, 1966 relative to the Mill Valley Council meeting of the preceeding evening.

In order to clarify certain provisions of our proposal which are important considerations to the residents of Mill Valley, we wish to point out the following:

A. The $15 installation charge as reported in your article is not an installation charge at all but rather it is a refundable deposit made by the customer at the time of installation and returned to him in the event he terminates the service.

B. The City of Mill Valley will derive up to 4 per cent of the gross annual receipts of Clear View, which reprsents a subtantial increase in income to Mill Valley beyond the maximum 2 per cent proposed by the other applicants.

We will appreciate your cooperation in clarifying these omissions in your article of March 22, -1966.

Inmate Objects To A Story

Editor, Independent-Journal:

I, Samuel W. James, was arrested Jan. 16, 1966, for burglary of the Lafargue Laundry.

Before and during the time of said crime, I was not aware of what really happen. However, your paper was very quick to print statements supposed to have been made by me.

Those printed statements and the word parolee, giving home address and apartment number have brought about real hardships on my wife even to the extent of being evicted with no place to go. I am not angry about what happen to my wife because I have since found a place for her.

I somehow feel that if your paper was as concern about printing the truth surrounding a great number of cases involved as you are about hearsay, there would be a far better chance of helping a man on parole to start a new life. I tried a number of times to get a job through your paper and as a janitor in your company.

I was turn down every place, because I told the truth of having been arrested before. A job of some kind would have given me the chance I need to get started toward a decent way of life for my wife and I.

Many Firemen... A Child Dies

Editor, Independent-Journal:

A child died in the Lucas Valley today . . .

It was a fire . . . The firemen responded as expected and did a good job. There was one fireman and one truck from the Juvenile Hall . . . and two from Santa Venetia . . . and the volunteers! The Upper Lucas Valley is protected by the County Fire Department and they are trained to fight brush fires . . .

While the County Fire Department called its Woodacre branch for assistance, the Marinwood Fire Department, a scarce two miles away, stood idle. . . the San Rafael Fire Department, four miles away on the frontage road, stood idle. These fire departments could not act because the fire was not in their district. To act would have caused insurance problems for the firemen involved.

A child died in the Lucas Valley today . . .

Alan Cranston was here in our county last month and pleaded for an end to the multiplicity of these special districts.

The people of the Upper Lucas Valley pay very high taxes to Marin County. For what purposes? For the purpose of admiring Frank Lloyd Wright's architectural masterpiece, or for protecting the lives of our children?

A child died in the Lucas Valley today . . .

In 1962, when China attacked India, Adlai Stevenson defended the act of American aid to the Indians by saying: "When your neighbor's house is on fire, you lend a hose." Apparently this is true everywhere in the world through magnanimous American aid except in the Upper Lucas Valley.

A child died in the Lucas Valley today . . .

Thank You, Marvelous Marin.

Thanks to all of you.

WHEN GEORGE M. Cohan was a youngster, his father made him take violin lessons, which he loathed. As soon as he was old enough, he broke his violin in two and ran off to join a theatrical group doing one-night stands in the sticks. Then came days of fame and fortune.

One night, long after he had become a Broadway legend, Cohan took his father to an expensive restaurant, where the violinist had a spotlight thrown on him, and played a difficult solo. "See?" said Cohan, Senior, "If you paid more attention to your violin lessons, you might be playing here." "True," agreed Cohan, Junior, "but I wouldn't be EATING here!"

AN INDIGNANT reliefer sent this letter to newly installed Mayor Lindsay of New York last week: "I deeply resent the attitude of the clerks at the uptown unemployment insurance office. After all, if everybody like me went to work, what would happen to their jobs?"

DIOGENES, hunting for an honest man, was asked by a flip waysider, "Howya doing, Big Boy?" Diogenes answered, "I'm lucky so far. I've still got my lamp."

ROSCOE DRUMMOND

Labor, Inflation, Demo Split Old Name Give GOP New Hope

WASHINGTON—The Republicans are getting encouragement from unexpected sources.

It comes at a time when their prospects of picking up 30 to 40 (some say 50) seats in Congress are good and when morale among Democrats is hurting.

These things are giving the GOP a new lift:

1. Labor is suing for separation from the Democratic party. This is on petition from George Meany, president of the AFL-CIO, and they may patch it up later, but Meany is making it clear he will be living apart. It is obvious that labor would like two suitors—instead of one—and this is not going to hurt the Republicans one bit.

2. The inflation issue is beginning to look like a political gift. It is stirring voters' anxiety. The GOP leaders see it as the administration's most vulnerable point and the Republicans believe it will help them in the elections this fall regardless of what the President does.

If the President fails to back a tax rise, he will be attacked for being soft on inflation and, if he asks Congress for a tax rise, he will be attacked for failing to trim spending so that a tax boost would not have been necessary.

3. The deep split in Democratic ranks over Viet Nam is a Republican dividend.

4. Finally, a young man with the most prestigious name in postwar Republican politics is entering political life; the name John Eisenhower, son of Ike.

Not since the early days of the New Deal has labor moved to break its intimate ties with the Democratic party as Meany is now doing. He holds that the Democrats need labor more than labor needs the Democratic party and indicates he wants to support the "progressive elements in both parties."

Nothing could contribute more than this to invigorate two-party competition. It will give moderate-to-liberal Republican candidates easier access to the labor vote.

The inflation issue will also very likely be a political boon. Sen. Everett Dirksen and Republican House Leader Gerald Ford are alert to its value. They are beginning to fashion it as their strongest weapon in the coming campaign. It is likely to prove so, because most of the indices continue to point to an overheated economy which will need to be restrained.

IF THE REPUBLICANS don't lose their heads and get tempted into making a divisive issue over Viet Nam, the Democrats can hardly fail to be hurt. Not because President Johnson will not continue to have decisive national backing, but because his own party, especially in the Senate, is so badly split. Thus the Republicans can fairly present themselves as the party of national unity at a time when American lives are bing bravely expended in Viet Nam.

What lies ahead for the 43-year-old son of General Eisenhower cannot be foreseen. But John Eisenhower's accepting the chairmanship of the Pennsylvania primary committee of Lt. Gov. Raymond Shafer — the likely successor to Gov. William Scranton — is a step into elective politics. This is a get-acquainted beginning. If John likes politics, and the politicians and voters like John Eisenhower, he could move up rather fast.

INSIDE WASHINGTON

Free Hand For LBJ In Freedom Food

By ROBERT S. ALLEN and PAUL SCOTT

WASHINGTON — There is high-powered political dynamite in President Johnson's so-far-little-discussed multi-billion dollar Food for Freedom legislation.

It opens the door wide for selling and giving away surplus commodities to Communist countries, including Red China. The measure has no restrictions of any kind on that.

Under the proposal U.S. farm surpluses could be sold or donated to any country in the world, regardless of ideology, form of government or anything else. That's squarely different from existing law.

The Food for Peace program, under Public Law 480, which expires Dec. 31, contains specific limitations on food transactions with Communist countries. These are:

OUTRIGHT BAN on surplus food sales to Communist countries for their currency — so-called counterpart funds. The U.S. has more than $2.9 billion in such "soft" currencies in 83 countries. Poland and Yugoslavia are high on the list with more than $442 million for the former, upwards to $278 million for the latter.

Express congressional approval must be obtained for the sale of food to Communist countries for dollars. Congress must enact a bill or resolution before that can be done.

Similar congressional authorization is required for food donations to Communist countries.

The President's Food for Freedom bill, to replace the Food for Peace program, eliminates these restrictions — by the simple device of not mentioning them.

In effect, it would give the President carte blanche power in disposing surplus crops.

THE BILL proposes a five-year Food for Freedom program, with an annual expenditure up to $3.3 billion. The expiring Food for Peace program has a $1.5 billion ceiling.

The wide-open presidential powers for disposing surplus food are in Sections 201 and 202 of the measure, as follows:

"The President is authorized to determine requirements and furnish agricultural commodities, on behalf of the people of the United States of America, to meet famine or other urgent or extraordinary relief requirements . . . outside the United States.

"The President may furnish commodities for the purposes set forth in Section 201 through such agencies, private or public, including intergovernmental organizations such as the world food program and other multilateral organizations, in such manner and upon such terms and conditions as he deems appropriate."

WHILE RED CHINA in the past has stridently disclaimed any intention of buying or accepting U.S. food, it is now facing potential famine conditions.

Authoritive diplomatic and other reports indicate that seven important provinces are experiencing the worst drought of this century. They are Shantung, Hopei, Honan, Shansi, Kiangsu, Tsinghai and Inner Mongolia.

THREE OTHER provisions in the Food for Freedom legislation are virtually certain to encounter strong congressional opposition. They are:

A broad grant of authority to the Secretary of Agriculture to determine how much of what crops should be produced for home consumption and to meet the anticipated greatly expanded foreign aid program.

Of the $3.3 billion annual expenditures for five years specified in the bill, $2.5 billion would be to finance sales for "soft" (local) currencies, $800 million for give-aways. With congressional ire steadily mounting over the President's slashing of school lunch and milk programs and funds for land grant colleges and other educational purposes, the White House is trying to allay opposition to the proposed $3.3 billion Food for Freedom budget by putting out word that not more than $1.6 billion would be spent the first year.

The Death Of Sally The Hamster Brings Complications In Family

This has to start with Sally, the hamster, or rather Sally, the late hamster. Don't smile. There are some at our house still who are in deep mourning over Sally even though she has been dead more than a week.

I mourn the tulip.

The tulip was dug up from the border of the front walk to plant over Sally's grave. The border now looks like this: tulip, tulip, tulip, tulip, big hole, tulip, tulip, tulip. They are just starting to bloom, too.

Matt, the younger son who handled the undertaking for Sally, still considers me an unfeeling ogre. But everytime I see my tulip on top of Sally's grave, I get angry.

THE GRAVE is also marked with a crude cross. Of course, no one had any idea what Sally's religious persuasions were. I know she was never baptized.

Matt and his sister Jenny put freshly cut flowers on the grave each day. It's getting me down.

Sally dead is receiving much more attention than Sally alive.

The hamster was purchased at Jenny's insistence soon after the death of our dog. My wife and I reasoned that the hamster might partly replace the dog as a loving pet. Boy! Were we ever wrong.

SALLY DID NOT even half try. Hamsters are evidently not very responsive by nature. We discovered that they are pretty much nocturnal.

At first Jenny used to have a good deal of sport by sharing Sally with us at the first light of day. Sally was still lively at that time. I don't know if you have ever had a lively hamster in bed with you, but I can tell you from experience that it is a devastating experience, particularly early Sunday morning.

"Sally's come to say hello," Jenny would say as soon as she saw our eyelids flicker.

"Daddy doesn't want to play with Sally right now, dear."

"Oh, poor Sally!"

"YOU AND Sally shut the door as you leave. That's a good girl."

Oh, poor daddy!

One thing Sally did that most hamsters don't was contract a God awful case of mange. Mother took Sally to the veterinarian about that.

But evidently "mange in hamsters, the incidence and cure thereof" has not yet been the subject for a thesis or even for an undergraduate's term paper. The veterinarian was very nice, but he could not help Sally.

SALLY DID not die of the mange. No one knows the cause. It certainly was not due to over-attention from the children.

You might think our pet problems ended with the death of Sally, but they did not. No indeed. Part of it was my fault, saying that we would never get another dog. If we had purchased a dog at once, there would not have been all this experimentation with odd pets.

So this week I announced:

"We will get another dog, provided that you all agree, without a lot of tears, fuss and bother, to get rid of that chicken."

WHAT'S WRONG with our chicken?" Jenny asked.

"A living room is no place for a chicken," I said, particularly a growing chicken."

Actually, it has taken a good deal more talk than that, but I think we are going to get another dog, just as soon as that chicken is returned to the friendly farmer.

ART BUCHWALD

Modern Philosopher Finds Way To Sublime Harmony, Happiness

WASHINGTON — The Buddhist demonstrations in South Viet Nam have many people in Washington worried. If they continue, they could cause the downfall of Premier Ky's government.

Most people think that these demonstrations are politically motivated, which is not the case. They are religious in their background and can only be explained in these terms.

The Buddhists in South Viet Nam, unlike Buddhists in other countries in the Far East, believe they can only achieve salvation by bringing down their government once a year. It is a religious rite, usually connected with spring planting. For a period of anywhere from one to two months every Buddhist must devote two hours a day to overthrowing the Saigon premier.

THIS IS WHAT is known as "the middle way."

The four inherent truths in Vietnamese Buddhism, according to modern teachers, are that existence is sorrow, sorrow is caused by government, sorrow ceases when the government ceases, and the way to achieve happiness is to burn down a USIA library.

In order to attain a sublime life, one must follow the precepts of Trang Wang Gang, a modern Buddhist philosopher, who preaches that harmony can only be reached by violating a dusk-to-dawn curfew.

The way to complete bliss is to follow the six-fold path—rock-throwing, placard-waving, name-calling, street-demonstrating, police-baiting, and the occupying of government buildings.

Trang Wang Gang teaches that all military generals are reincarnations of previous military generals who are being punished for transgressions committed in another life. These generals will never find peace, Trang says, until they are overthrown and stripped of all their worldly possessions.

FOR SOME REASON the generals do not subscribe to Trang Wang Gang's teachings. In fact, a majority of them openly oppose them, which has made Trang Wang even more determined to show them "the right way."

The key to "the right way" is enlightenment. An enlightened person is one who attends anti-government rallies, demands reforms, rejects change, and goes out on a general strike.

In no case should the enlightened person get involved with politics.

FOR THE MOMENT, the religious rite of bringing down the government has been postponed. The non-believers have promised that there would soon be free elections in South Viet Nam.

The South Vietnamese Buddhists prefer to wait then, because, in the words of Trang, "blessed are those who bring down the government of Premier Ky, but twice blessed are those who bring down a government after there are free elections."

"Who cannot give good counsel? 'Tis cheap, it costs them nothing." Burton—Anatomy of Melancholy.

India's Gandhi Visits Her Sons On Paris Stop

PARIS (AP) — Indira Gandhi planned to temporarily put aside her duties as prime minister of India today to be a full-time mother to her two sons.

Mrs. Gandhi arrived in Paris yesterday, en route to Washington for an official visit and talks with President Johnson. She arrives in Washington tomorrow and meets with Johnson Monday.

She had lunch with President Charles De Gaulle Friday and met with Premier Georges Pompidou.

A short time after Mrs. Gandhi stepped off the plane from New Delhi, her two sons, Rajeev, 21, and Sanjay, 19, arrived from London. The younger is attending an engineering school in England, and the older is following a training program in an automobile company. Both hope to become engineers.

The Indian Embassy said that Mrs. Gandhi had no official appointments today and would be free to do whatever she likes with her sons.

Defense Changes Set At Hamilton

236-2 Defense Change Monday

Friday will be an international day on the flight line at Hamilton Air Force Base, when reorganization of the air defenses of two countries takes place.

On that day, Canada's maple leaf flag will be raised alongside the Stars and Stripes for the first time in the history of this area.

A 17-man Royal Canadian Air Force pipe and drum corps will alternate with Hamilton's 573rd Air Force band in playing "God Save the Queen" and "The Star-Spangled Banner," at a review and change of command ceremony at 4 p.m. on the flight line.

Officers of the RCAF will join with officers of U.S. Army and Air Force in a common task of the air defense of both countries.

Hamilton Air Force Base will become the nerve and command center for the air defense of all or parts of 11 western states and two Canadian provinces.

U.S. Army Maj. Gen. Andrew R. Lolli, now commander of the 28th North American Air Defense Region, will accept command of the larger Western North American Air Defense Command from Canadian Air Marshal C. R. Dunlap, NORAD deputy commander.

Maj. Gen. Carroll W. McColpin, now commander of the 28th Air Division, will accept command of the reactivated Fourth Air Force from Lt. Gen. Herbert B. Thatcher, air defense commander. General McColpin will also be vice commander under General Lolli of the western NORAD region.

The Canadian who will be the deputy commander of the region has not yet been named. Fourteen Canadian officers and six enlisted men from the RCAF will be stationed at Hamilton.

Col. Charles L. Praul will accept base command of Hamilton, replacing Col. Ralph M. Wanderer Jr.

There will be a fly-by of three each of F-101 Voodoos both from the USAF and the RCAF, F-102 Delta Daggers and F-106 Delta Darts, and also three C-121 super constellations, early warning planes.

With this increase in the scope of the operations of NORAD, the command at Hamilton will still maintain operational control over Army, Air Force and Navy defenses in the southwestern United States. To this will be added those of the northwest as well as one RCAF fighter interceptor squadron and five Canadian radar squadrons.

Merger of the two west coast air defense headquarters into the reactivated Fourth Air Force will put some 26,000 men and women under one command.

Parking Of Trucks On Planner List

The Fairfax Planning Commission will consider Thursday a request to park trucks overnight on a vacant lot next to 31 Bolinas Avenue. The meeting is scheduled for 8 p.m. at the city hall.

Also before the commission will be a request by Helen Piecznski of 87 Park Road to have her property rezoned from single family residential to duplex.

Medicare Deadline Is March 31

WASHINGTON (UPI) —The Social Security administration is sounding a final alert this week for anyone 65 or over to sign up for the Medicare program's voluntary insurance against doctor's bills or be left out.

The deadline for the insurance, which will cost $3 a month, is midnight March 31. Anyone who fails to register may have to wait two years for another chance. The program goes into operation July 1.

To make it as easy as possible, Social Security's 712 offices around the nation will be open until 9 p.m. today, tomorrow and Wednesday and until midnight Thursday. In addition, the nation's 34,000 post offices also have been supplied with the short-form application, which must be postmarked by midnight, March 31.

The insurance is designed to supplement the basic hospital coverage provided by medicare and will cover a major share of doctors' bills. Registration for the basic program is automatic. But eligible oldsters must register for the insurance —and by midnight March 31.

Chosen were juniors Chris Gondak, Susan Clark, Mary Dunn, and James Wright. The nominees will represent Redwood in nationwide competition.

Russ Article Warns Against Second Stalin

MOSCOW (UPI) —A leading Soviet publication today startled Moscow on the eve of the Communist party congress with a sober warning that another Stalin would rise to one-man rule in Russia.

An article in "Problems of Philosophy," a theoretical journal, admitted that during their 17-month reign, the post-Khrushchev "collective leadership" has not closed the loopholes through which a determined man could seize total power.

The unprecedented warning came as delegates—including leaders of Eastern Europe's Communist-ruled nations, headed here for tomorrow's opening of the 23rd Soviet party congress.

Party's delegations from North Viet Nam, North Korea, Hungary and other Communist states already had arrived. Leaders from Poland, Czechoslovakia and other nations were expected today.

Party congresses are held about every four years to set forth the Kremlin's foreign and domestic policies and foreign Communist delegations are invited as guests.

The article in the theoretical publication added a somber note to today's activities with the observation that despite the destalinization efforts, the former dictator's reign could return to haunt the Soviet Union.

"In the conditions of the application of socialism," it said, "there exists the possibility that, while taking part in collective work, definite personalities may pursue aims which are their own or which are aims of a faction.

"Moved by ambition, they can have personal aims and cause harm to the common cause, particularly if those personalities have leading positions," it said.

It urged reforms designed to "prevent the repetition of past mistakes," a reference to the Stalin era.

Dixie Trustees Will Review Building Bids

The Board of Trustees of the Dixie School District will meet at 35 Trellis Drive, San Rafael, in special session Wednesday at 7:30 p.m. to review bids for a $200,000 addition to the Dixie school in Lucas Valley.

The addition will house four classrooms, two kindergarten rooms, a special room and a library.

Dome Inventor Guest Speaker

R. Buckminster Fuller, inventor of the geodesic dome, will be guest speaker at an all-day conference Saturday at Olney Hall, College of Marin, Kentfield.

At 10 a.m. he will speak on "Your World of 2000 A.D." At 2 p.m. he will speak on "Technological Society and Building Practices" and on "Ideas on Art and Architecture" to public officials and planners.

Fuller for the past two months has been distinguished scholar in residence at San Jose State College. Buildings using geodesic domes include the Houston Astrodome and canopies for radar in the Distant Early Warning system.

Rex Donahue Claims Bride In Santa Rosa

The Presbyterian Church of the Roses in Santa Rosa was the setting on Saturday afternoon when Barbara Ann Davenport became the bride of Rex Michael Donahue of Mill Valley. The Rev. William Bowen officiated at the double ring rite.

The bride, daughter of Mr. and Mrs. Robert F. Davenport of Santa Rosa, formerly of Marin, wore a white floor length gown of Alencon lace and satin with skirt ending in a short train.

Mrs. John David Howell of San Francisco as matron of honor wore a full length gown of turquoise linen, as did the other attendants, the bride's sisters, Nancy Gayle and Sheryl Lynn Davenport of San Rosa.

Best man was Merle Cohu of Grandview, Wash., and the ushers were Pat Donahue of Sacramento, the bridegroom's brother, and Gordon P. Zeller of El Cerrito.

A reception was given after the ceremony at Los Robles Lodge in Santa Rosa. After a Lake Tahoe wedding trip, the couple will live in Mill Valley.

The bride attended San Rafael High School and was graduated from Santa Rosa High School and Santa Rosa Junior College, and she attended San Francisco State College. She is the granddaughter of Mr. and Mrs. Guido Battaglia of San Rafael and Mrs. Tacie Davenport of Santa Rosa, formerly of Ross.

The bridegroom's parents are Mr. and Mrs. George Theodore Donahue of Sacramento. He was graduated from Sunnyside Union High School in Washington, Yuba College and Sacramento State College. He is employed with a life insurance firm in San Francisco.

FROM LEFT are Joan Carruthers, Christine Schoenfeld, Anne Nicholson and Susan DeBerry, who will be introduced at the ball.

ENJOYING THE garden of the William Haney home on Winding Way in Ross are four of the Marin debutantes, from left Lauralyn McDaniel, Martha Drexler, Shelley Hill and Nancy Grimes. (DuCharme photos)

HELEN HELP US!

By HELEN BOTTEL

The Kitchen's Not A Bad Place To Entertain Teen Boy Friend

DEAR HELEN:

I'm only 14, and although I act like I hate my mother for not letting me date, really deep down I agree with her. She does let boys come to our house for popcorn, cokes and games, and she was always very nice about these "dates" until recently.

Now she acts like she's mad whenever I tell her someone is coming, saying she and Dad get tired of not being able to use the kitchen which is where we are. We don't have a family room, so I really haven't any place to entertain my dates, as I can't take them into my bedroom, like some of the mothers let their girls do.

Boys only come over on Saturday nights and not every week, and they leave by 10 p.m.

I guess a lot of girls wonder where they can talk to boy friends without bothering the family. Where?—**T.Y.**

DEAR T:

My guess is your mother is "acting" too. She couldn't really complain about your occasional kitchen dates (unless she dislikes the boy) but, if she doesn't make a small fuss, she may figure you'll take her for an easy mark on real dating.

That's called "oneupmanship." You practice it when you "act mad" about the restriction you deep down approve. Both of you are looking ahead to the next pleateau and trying to make it easier for yourselves.

Best place to entertain your boy friend? The kitchen's fine with me. Close to the food, which is always pretty close to a 14-year-old boy's heart—**H.**

DEAR HELEN:

Adults usually stick together, I've noticed, so I may be signing my own death warrant, but I guess that's life.

I'm a 16-year-old boy with very poor vision. The doctor says I'm okay for contact lenses, but my parents think I would lose them the first thing, and won't give their go-ahead until I write to you. They agreed to let me, if you decide in my favor.

It's this way: I can't stand the way I look in glasses—like some kind of a brain which is pretty bad (not from the adult point of view, of course). I'm an honor student, but I don't want to look like one!

At the moment I have a 20-hour-a-week job that pays $1.25 an hour, and I have saved the down payment. All I ask is that my folks give me credit until I can pay back the loan—I'll finance my own glasses. The job will continue, and so will my grades: I'm able to manage both.

Well, Helen, do I make — **CONTACTS?**

DEAR CONTACTS:

Contact! I'm with you all the way. Any boy who can work 20 hours a week and stay on the honor roll, certainly deserves the kind of lenses he's willing to finance.

Insurance will cover losses—if—but contacts aren't lost as much as your parents think.—**H.**

DEAR HELEN:

Other girls have this problem too, believe it or not. I've been going with this boy for five months and he has never even held my hand. No affectionate gestures at all. We're both 16, and like each other a lot. Will I be just his buddy all my life? —**C.F.**

DEAR C:

Believe it or not, lots of 16-year-old boys keep their girls good buddies because they aren't sure how they'll work out as tigers. He'll adjust. Meanwhile, he's a boy any mother could love.—**H.**

Novatan Honored For Work By Marin Volunteer Bureau

When Mrs. Robert F. Eisenhauer of Novato was told that she had been selected by the Volunteer Bureau of Marin as the Volunteer of the Month for March, she exclaimed "I shouldn't be honored for something I like so much!"

Mrs. Marion Kelley, executive director of the bureau, insisted that this was a small honor indeed for a woman who spend so much of her time doing a variety of volunteer jobs.

Margaret Eisenhauer was in the first training class last year given by the Red Cross for its year-old Volunteer Visitor program. She spend one afternoon a week with an elderly woman in Novato, reading to her or visiting. On Monday and Friday mornings she comes to the Volunteer Bureau to do bookkeeping and clerical work and to assist Mrs. Kelley and her assistant Mrs. Arthur Sell.

SHE ALSO volunteers her time to the amblyopia screening program sponsored by the California Society for the Prevention of Blindness in which trained volunteers screen nursery school children for an eye disorder.

Mrs. Eisenhauer's most recent job, started last week, is that of a library aide in the Novato Public Library. "When we moved to a new town," she comments, "we'd have the electricity turned on and then look for the library. I've always wanted to know how a library worked."

THIS LIST of volunteer jobs is only a sampling of Mrs. Eisenhauer's many duties as a volunteer. She drove a Red Cross station wagon to take retarded children to school in Boise, Idaho; worked in a recreation program for the blind in Erie, Pa.; and has worked with Boy Scouts and Girl Scouts half way around the world. The hopscotch nature of her jobs is explained by the fact that her husband was in the Army. The Eisenhauers lived in Marin twice between 1952 and 1955, when Lieutenant Colonel Eisenhauer was stationed at Fort Mason. They came back to settle when he retired in 1963. They live in Novato and have three children. Robert was married last November and lives in Petaluma. Mary attends Healds College in San Francisco, and Barbara is a senior at Novato High School.

MRS. EISENHAUER

"When my husband was in the Army, volunteer work was an ideal way to occupy my time without getting too involved, since a move was always imminent. Now that we're settled I do it because I love it," comments the Volunteer Bureau's volunteer of the month.

The Volunteer Bureau of Marin, located in San Rafael, is sponsored by the Junior League of San Francisco, Inc.

Crittenton Sets Workshop Meet

Mesdames Roger Jobson, Everett Girtler, Peter Knowles, William Fuss and Harry Bragg will attend the fourth annual volunteer workshop of the Florence Crittenton Home on Wednesday from 10 a.m. to 3 p.m. at the International Institute in San Francisco.

Other members of the Marin Circle attending the workshop will be Mesdames Victors Furst of Ross as conference chairman and Gail Sumski of Greenbrae as a member of the panel making a presentation for the Benefits Projects section.

Paul Akana, new director of the Bay Area Council for Social Planning, will be the keynote speaker at the general session. Discussion sections will be held covering various phases of volunteer work carried on by the groups in behalf of the home.

TWO OF THE Marin girls who will bow at the Debutante Ball on Dec. 20 at Peacock Gap Country Club are Constance Griffith, left, and Vicki Evans, both seniors at Redwood High School. (DuCharme photo)

NEW WAY TO BE SUDDENLY SLIM FOR EASTER

Los Angeles:—Are you a woman whose figure is on the good side but might look perfect? You'll be thrilled by the new easy way science has discovered for you to become Suddenly Slim and yet completely comfortable. If you're more than 15 pounds overweight or your waistline is larger than 32 inches, then this idea is not for you. If your weight problem falls within this range, then you can realize a new, smoother figure today, without diet or exercise.

Suddenly Slim is an all-new kind of 4-oz. girdle constructed of science fibers. One startling innovation is the sheer nylon front panel. This is permanently stiffened by a science process and cannot give or sag. It's surrounded by a slimming action border. A featherstitched panel down each side of this girdle will contour your hips if they are a problem.

The girdle itself is of "wonder" Lycra spandex blend. It's a new power net consisting of nylon, acetate and spandex. It is so comfortable, but has such slimming strength, it gives your figure everything that's possible without a foundation.

"Suddenly Slim," in both girdle and panty versions, is the peak achievement of the California designer-genius, Olga. They are available in our area at *Emporium Bra & Girdles: All six Big E's*

DRAMA REVIEW

'Three Penny' Is A Sell-Out

By KARL BARRON

All the savagery of Bertolt Brecht's revolt against the condition of the poor man, and much of the feeling of the Berliner Ensemble, which originally produced "The Three Penny Opera," is brought out in the current College of Marin production.

Unfortunately, as musical director Larry Snyder notes, only 660 people will be able to see it. Performances this Thursday, Friday and Saturday in tiny Harlan Hall are sold out. Your only hope is a cancellation.

The sellout before the show opened last Friday came on past reputation, and it is deserved. Director James Dunn has once more taken a cast made up mostly of young, inexperienced actors and welded them into a cohesive unit that seldom falters.

The story of Macheath, legendary leader of criminals who is sold out on every side—by his girls, the venal authorities, and his own henchmen—depends for its effects upon Brecht's theatrical technique of audience "alienation," as Dunn points out in a program note. The spectator is drawn into the events on stage, yet is always aware that he is in a theater, and is forced to think about the points that the author wishes to drive home.

The theater in this case is exactly that—not a stage—for the action flows through the aisles and down to the front rows, while set pieces and props hang over the heads of the audience.

The monotonous and sometimes deliberately saccharine music of Kurt Weill is handled by a cast of which only one—Leslie Retallick—has any training as a singer, yet Snyder has managed to keep the singers on key, in tempo, and effective.

Setting and costumes are by Edward K. Schoon, who has again taken an impossible theater and made it habitable for actors as well as aesthetically pleasing for viewers. Dunn, with the aid of Schoon's raggedly realistic costumes, has staged a number of tableaux which seem to be lifted from Breughel paintings.

The individual performances are topped by Helen McDonald's Mrs. Peachum, a raucous, yet controlled harridan of Anna Magnaniesque calibre. Miss McDonald, who has risen progressively in the use of her talents in each show we've seen her do, is a treat singing as well as acting, her low notes trailing off into throaty gems of sound.

Bart Braverman lives up to the dandified part of Mack The Knife's character, but lacks the underlying sinister feeling which the part needs. He is also the most uncertain of the singers, but still makes Mac believable.

Miss Retallick makes the most of Polly Peachum's deliberately overdrown innocence, and shows fine control as a singer. Her duet with Rosalie Faree is excellent. Miss Faree's Lucy Brown (Mack's other wife) hits just the right contrast to Polly.

Jenny Diver, the tart who betrays Mack, is portrayed with subtly driving emotional impact by Carolyn Dunn, who is particularly effective in a recitative of her philosophy on a dark stage with only her expressive fact spotlighted.

As J. J. Peachum, the Fagin of the piece, Kent Kay is somewhat disappointing. Granting that this is only the third role the talented young man has played, it still seems odd that he should play the rich part on one level, and that a shouting one.

Perhaps the high point of the entire production, however, is the second act finale in which Kay leads the cast through the bitter Brechtian point of the basic need to keep a man's belly full.

Others deserving special credit are James Land for his deadpan Jake, Lawrie Driscoll as Matt, Roger Lane as Watt, and Christopher Schuepbach for his narration and gravely singing of the famed "Mack the Knife," with which the show opens.

Deserving special kudos are the cast members who play the starving beggars with complete realism of action and makeup.

By far the most difficult production yet attempted by College of Marin drama department, "Three Penny Opera" comes off well, and serves to enhance the rapidly growing stature of the department. If you can beg or steal a ticket, go see it.

Quentin Players Are Ready To Put On Play 'The Brig'

A small group of convicts at San Quentin have volunteered to undergo a rigid, almost cruel form of punishment between now and early next month. It is for the sake of realism.

Out of sight within the prison walls, a building echoes nightly to the neurotic screams of ex-Marine Cpl. Edward Murphy, who orders push-ups if anyone so much as smiles.

He is getting the group in shape to perform in the prison's Drama Workshop production of Kenneth Brown's "The Brig," to be staged in April.

It will open inmate performances April 16 and run on Saturdays and Sundays as long as interest holds up. A public performance at the prison is scheduled for 7:15 p.m. April 21. Members of the audience must arrive at the prison between 6:30 and 7 p.m. to be admitted.

The play is set in a Marine Corps brig and produces the environment where men react to their keepers.

"We have thrown out the rule books on production rehearsals," said director Stan McGinnis. "The little theater has been transformed into a mock boot camp.

"A hard-core drill instructor demands push-ups and leads one hour per evening of exaggerated drill for all members of the cast."

McGinnis said he saw the production as capturing living theater. By the time the play is staged, the players should have absorbed the atmosphere of a Marine brig, he said.

So realistic are the sets designed by Ron Hunter and Alfred Sebastian that the audience will see the play through a chain-link fence.

Murphy, who is keeping the cast jumping when he says "jump," will have the role of drill instructor in the play.

Film On Synanon Will Be Shown

"The House on the Beach," a British documentary film made at the Synanon House in Santa Monica, will be shown at noon and 8 p.m. Thursday in Olney Hall at College of Marin.

The film's showing is being sponsored by ACTION, a student club at the college affiliated with the Synanon House at Marshall. A resident of that house will answer questions before and after the showings.

Animal Sculptures To Be On Display

Paintings by Lenn Kanenson and animal sculptures by Art Grant, both of Sausalito, will be on display at Gallery Horizons in Sausalito April 1 through May 1 in an exhibit entitled "Genesis 1:28."

The gallery at 759 Bridgeway is open Wednesday through Sunday, 11 a.m. to 5 p.m.

Dance Soloist Nagrin Set For Marin College Recital

EXCITING DANCER—Daniel Nagrin, who was awarded the Broadway equivalent of an "Oscar" as the best male dancer of the year, will appear in a solo recital tomorrow night at College of Mari.n

Modern dance soloist Daniel Nagrin will perform a dance recital at 8 p.m. tomorrow in the College of Marin gymnasium, Kentfield.

The performance is part of the college's spring concert-lecture series and is open to the public free.

Nagrin is now on a nationwide tour. He was voted the Donaldson Award, Broadway's "Oscar," as best male dancer of the year for his role in the musical, "Plain and Fancy." He has also appeared as leading dancer in other Broadway musicals including "Annie Get Your Gun," "Touch and Go," and "Lend an Ear." He danced a bullfight ballet in the Bing Crosby film musical, "Just For You," and did the choreography for the Burt Lancaster film, "His Majesty O'Keefe."

Included in his program will be "Path," danced in silence; "Not Me, But Him," in which he dances wearing the mask of a Negro to a musical score by the avant garde jazz pianist Cecil Taylor; "In the Dusk," to the music of Charles Ives; "Gratitude," "Why Not," "19 Up Beats," "With My Eye and With My Hand," "Spanish Dance," and "Indeterminate Figure."

MUSIC REVIEW

Successful Season For Peacock Gap

By MAYBELLE SPECKMANN

The Peacock Gap Music Assn.'s first season, under the direction of Sandor Salgo, closed Saturday afternoon at the country club with a concert of pure, absolute music.

The fifth program in the artistically successful season, it was presented by the La Salle String Quartet composed of violinists Walter Levin and Henry Meyer, violist Peter Kamnitzer, and cellist Jack Kerstein.

The glowing, coherent tonal color of the beautifully balanced ensemble was due not only to the incandescent virtuosity of the musicians but to the rich warmth of their instruments, reputed to be one of the finest matched sets of quartet instruments in existence—all Amatis.

Their program was well chosen to reveal every facet of the performers' artistry, each quartet being a gem in its own style.

The La Salle players showed a special grasp of Bartok's crisp, toccata-like idiom in his Quartet No. 3, which was full of bizarre effects, such as glissandos, acrid harmonies and strong rhythmic bite. It was a masterpiece of unanimity of conception on the part of all players.

Hugo Wolf's romantic quartet in D Minor was a revelation of how this master of the lied, or song form, carried over his mastery of lyrical expression into writing for strings. The quartet brought out to the utmost these song-like qualities, especially in the third movement, that at times were reminiscent of Wagnerian vocal melodies.

In great contrast to these works was the classical purity of Haydn's mature work of the period, "The Lark" Quartet in D Major, Opus 64, No. 5, which opened the concert. Its serene beauty was enhanced by the quartet's mellifluous legato tone in the first two movements and crystalline articulation and precision in the finale vivace.

There is no doubt that this is one of America's outstanding string quartets.

Since this kind of music appeals mostly to highly sophisticated musical tastes, it was not surprising that the audience was small, about 75 people.

'Peace' Art On Display In Sausalito

More than 20 works of art by southern Marin artists on the theme of "peace" are being shown at the Tides bookstore in Sausalito.

Interspersed with the art work in various media are quotations on war and peace from sources ranging from historian Arnold Toynbee to the Bible, from diplomat George F. Kennan to Albert Schweitzer and actress Ruby Dee.

The show was organized by Sausalito ceramist Mary Lindheim, who has in the show a relief painting called "Essence."

Some of the other works, which will be displayed through April, are a painting "Napalm Baby" by Leah Schwartz of Strawberry, and a painting by Joan Pera of Sausalito entitled "Behind Each Word There Is a Symbol."

Other artists in the show are Henry Rasmussen of Mill Valley, Maggie Hazel-Rosen of Strawberry, Miriam Rice of Greenbrae, and Ned and Helga Pankin, Beatrice Bernardi, Michael Bry, Serge Trubach, David Lemon, Jerry O'Day, Val Bleeker, Charlotte Wax and June Schwarcz of Sausalito.

J. D. Nichols Talented Director

Westminster Presbyterian Church Music Department's concert last night was notable for the versatile talents of its director, J. D. Nichols.

Heard previously as a fine baritone soloist, he showed that he is also gifted as a choir director, clarinetist and composer.

Under his vigorous but sentitive direction the chancel choir of the church, augmented to 20 voices by singers from St. Stephen's Church in Belvedere, Saint Andrew's Church in Marin City, and Wilbur Russell's Pro Musica, gave an impressive performance of Vaughan Williams' Mass in G Minor.

Thanks to a spirited rendition, well projected dynamics, and good acoustics, the sound seemed to come from twice as many voices.

Effective as soloists were soprano Selma Brix, alto Leona Gustavino, tenor Richard Robertson and bass Charles Black.

Nichols and Tom Donaldson were evenly matched in skill in playing as clarinet duets J. S. Bach's Two-Part Invention No. 1; and Little Prelude and an arrangement based on Mozart's Sonata in C, K 196.

The opening anthem, "To God the Creator" by Nichols, was too short to permit much judgment of his composing except to note that the little hymn of praise had a lively, up-to-date sound.

The offertory, litanies by Alain, ably played by church organist Dorothy Nordstrand, who also accompanied the mass.

The concert, which was a benefit for the new electric organ, drew an audience of about 70, a fairly good number for the small church.—M.P.S.

JAZZ REVIEW

Beat Survives Chilling Process

By JOHN F. KEARNEY

A rhythmn and beat tracing its orgins to the heat of Africa went through a chilling process at the College of Marin Saturday.

It survived it, however, due mainly to the professionalism of pianist Vince Guaraldi, who broke through the frigidity of a night of jazz in the gymnasium.

A trio headed by Guaraldi, now firmly at home with a style definitely easy on the ear, joined the Cal Tjader Quintet for a session billed as Marin's First Jazz Concert in the gymnasium at Kentfield. Proceeds went to Marin Institute on Alcoholism.

Acoustics in the gym must have contrasted with the San Francisco intimate night spots where both groups are appearing.

High, shiny walls, wooden floors and a half-empty hall are not conductive to that special kind of audience participation made to match the spontaneity of jazz musicians.

Only during the second segment did Guaraldi, with his well grounded and smooth talent, bridge the gap. He gave such a polish to old sounds like the teen-age favorites "Call Me" and the minor-keyed "Yesterday" that they were almost worthy of new titles.

A prolific composer, he relaved everyone with his own "New Waltz," a nice combination of the classical and the modern.

At the end, and without introduction, he slipped in "Cast Your Fate To the Wind" which had originally brought him to the notice of radio listeners throughout the country.

Meant as no more than a filler for the B side of a disc of his interpretation of the film theme from "Black Orpheus,"

the short piece took off like a rocket, to the record company's amazement.

The Cal Tjader Quintet began the evening in pleasant slow stride with such arrangements as "Shadow of Your Smile." The pace quickened with "Dearly Beloved."

Tjader's vibrophone versatility consistently made the difficult sound easy. The more impetuous Cuban and bossa nova rythmns which followed threw percussion values off balance, however, possibly due again to staging a jazz concert in a hall with too much empty space.

The performance was sponsored by the Altruists, a student group at the college. Profits, which went to the Marin Institute on Alcoholism, will aid recovery of men and women alcholics unable to afford private care.

Call To Reserve Cancels Concert

Dr. S. Drummond Wolff announced that the April 3 concert of the Marin Chamber Ensemble series at Holy Innocents Church in Corte Madera has been cancelled.

The reason, he said, is that Craig Bond, tenor-narrator for the Schutz "Passion," and several other musicians have been unexpectedly called for duty with the Navy Reserve.

Spring Sing Set At School

Six chorus groups with a combined 260 youngsters will be on stage at the Redwood High School Gymnasium April 21 at 8 p.m. for a spring sing, sponsored by the Larkspur School District.

The choruses, four composed of pupils in grades four through six and two made up of seventh and eighth graders, will be under direction of Alva Retta Murray, district music instructor.

The evening will open with selections by the separate choruses and end with all choruses singing together a medley of Rodgers and Hammerstein songs.

Church Choir Concert Set

A concert by the chancel choir of the First Presbyterian Church of San Anselmo will conclude a series of lent events at the church Wednesday at 8 p.m.

Director Wilbur Russell announces that the choir will perform the Bach Cantata No. 27 "Who Knows When Life's Last Hour Endeth" with soprano Betty McCalla, contralto Leona Guastavino and Bariton J. D. Nichols as soloists.

The cantata is based on the chorale "If Thou But Suffer God to Guide Thee." Two settings of this chorale by J. S. Bach and Halmut Walcha will also be given with the congregation joining in the hymn, as was done in the Lutheran church of the reformation period.

Also on the program will be J. S. Bach's baritone solo cantata "Ich Ha Genug" (I have enough), sung by Byron Jones of San Rafael.

Dillon Commercial Proposal Described

Plans for commercial development of the Dillon Beach area were described by Kent Lawson, one of the principals in Dillon Beach, Inc., today.

Lawson, appearing before County Zoning Administrator Thomas E. Cordill, said the firm's tentative plans include a new access road down the canyon below the community. The road would be 60 feet wide, and would replace the present 24-foot entry which serves both the commercial parking lot and residents.

The store and gasoline service station would also be moved into the canyon, Lawson said. The firm would try to keep the dunes area south of Dillon Beach which it controls as open area, he said.

Lawson was seeking a permit for 20 overnight trailer and camper spaces as part of the present parking lot. This was opposed by attorney Leland H. Jordan, representing several cottage owners in the community. Jordan argued that the overnight facilities would be detrimental to property values.

Cordill said he would act on the request within two weeks.

Earlier the zoning administrator granted a use permit for a 92-bed convalescent hospital at 1111 Sir Francis Drake Boulevard to Edwin J. Schruers of Berkeley.

Navy Keeps Butter, Other Forces Switch

WASHINGTON (UPI) —U.S. soldiers and airmen will soon find margarine on their mess hall trays where butter used to be, but sailors will continue to get "the high-priced spread."

The Pentagon ordered the Army and Air Force Friday to make the switch immediately in an economy move expected to save $6,480,000 a year. The Navy was spared because an obscure Navy Ration Law of March 2, 1933, required that it take 800,000 pounds of butter a month.

THE PEOPLE'S SCHOOLS

By BRYCE W. ANDERSON

Sharing A Meaningful Experience Isn't Exactly Learning Something

Sometimes what does not happen provides a clue to what is happening behind the scenes. So it may be significant that the California State Department of Education responded to a recent query by reporting that "Evaluating the Elementary School" is out of print "and has not been revised."

"Evaluating the Elementary School" was a 76-page bulletin issued by the State Department of Education in 1961. It was a remarkable booklet. Perhaps we shall never see its like again.

MANY OF the 76 pages were devoted to an uninterrupted and unalloyed paean of praise. The fascinating part, however, was a section describing a typical day of what the booklet said was a typical California fifth grade.

After observing in the introduction that state law "required that a minimum of 50 per cent of each school week be devoted to reading, writing, language study, spelling, arithmetic and civics in grades one to six, inclusive," the bulletin described how this is handled in the typical fifth grade.

Here's how, in the words of Bernard L. Lonsdale and Alton Dill Nance, who prepared the booklet:

"The children are studying the Westward Movement . . . The group began the study at Boonesboro. On the playground they built a fort, blockhouse, and a section of the stockade. Groups made pioneer clothing, utensils, rifles, and power horns to lend realism to life in Boonesboro.

"LIVING LIKE pioneers, the girls and boys hunted, trapped, protected the fort, fought the Indians, blazed trails, and engaged in such domestic activities as soap-making, candlemaking, weaving, and quilting. As the study progressed, the pioneers moved west of the Mississippi, and the study then focused on life in Independence."

(Reading? Writing? Language study? Spelling? Arihtmetic? Civics?)

"This morning . . . one group is making a large wall map showing the Oregon Trail, the Santa Fe Trail, and the California Trail. A second group is working on covered wagons. A third group is painting a mural . . . Different children have different tasks: reading stories about Kit Carson, Zebulon Pike, and Marcus Whitman; making lists of things other than goods that are taken on the trail . . . The classroom is a busy workshop for an hour."

Then comes a 10-minute recess. It should be noted there has been reading and writing—for some.

"The class then comes together to report progress . . . The discussion centers on what trail they should take to reach the West . . . A variety of reading material is available, and individuals and groups start to read for information."

Soon, however, "the teaeher brings the children together for a half-hour of music, during which they sing, with auto-harp accompaniment, the songs the pioneers sang on the trail.

"A HALF HOUR of arthmetic follows," during which some pupils "with superior ability . . . work on problems of measurement in connection with the covered wagons" and "calculating differences between distances on the main trails." The slower learners, however, have been left behind by the wagon train here: they do work in their arithmetic books.

By now, it is noon. After lunch hour, "the girls and boys listen to the teacher read a number of poems and an excerpt from 'Tree in the Trail.' The boys share stories they have written about their adventures as scouts with a covered wagon train. Then each reads the book he has selected." These books for the fifth graders, "range in difficulty from easy picture books with a small amount of text to books of historical fiction and scientific facts."

After the reading period, there is recess and physical education. But wait! "The last 30 minutes of the day the children spend in acquiring further skill in spelling and penmanship and reviewing the progress made during the day."

THEY ARE somewhere out on the lone prairie, west of Independence, Mo., having left Boonesboro with coonskin caps and powder horns. Some of them, particularly those who have been busy building covered wagons or making candles, may be a bit confused between the Wilderness Trail and the Oregon Trail, or between Zebulon Pike and Marcus Whitman. But there can be little doubt they have, as the educators love to say, "shared a meaningful experience."

It would seem the encomiums to teachers in "Evaluating the Elementary School" were all richly deserved; for the fifth grade teacher must indeed be a genius to so cleverly conceal in such a day the 50 per cent the law required to be devoted to reading, writing, language study, spelling, arithmetic, and civics.

PERHAPS it is no great loss that "Evaluating the Elementary School" is out of print and has not been revised.

DEMONSTRATING AGAINST WAR

Tens of thousands of demonstrators protesting America's role in the Viet Nam war marched through city streets from New England to California Saturday. In San Francisco, several hundreds marched up Market Street with a concluding rally at City Hall Plaza in which one of the speakers (shown) was Simon Cassady, former president of the California Democratic Council. Navy Ready For Try At Raising H-Bomb

PALOMARES BEACH, Spain (AP) — The U.S. Navy task force off the southern coast of Spain readied new equipment today for another try at lifting a U.S. H-bomb from 2,500 feet of water.

Rear Adm. William S. Guest, commander of the task force, confirmed yesterday that a cable which was lifting the bomb had broken and the weapon had shifted position. He said it was still in the same area but the next recovery attempt would be "even more difficult and lengthy."

A CURV — controlled unmanned recovery vehicle — was flown from the Navy weapons-testing center at Pasadena where it was developed to recover spent practice torpedoes from deep water.

Officials said they expected the new equipment to be ready for its first trial by Wednesday, weather permitting. Winds swept the area yesterday, but the sea was calm and flat today.

The CURV is a propeller-driven vehicle with a strong clamp and cable, lights and an underwater television camera. The operator on the surface watches a television screen and by remote control steers the machine to its objective, secures the clamp to the object and then blasts the clamp and its cable loose from the vehicle to permit lifting of the object to the surface.

The bomb fell into the Mediterranean after the B-52 carrying it collided with a refueling plane Jan. 17. The bomb was found March 15.

College Students Conference Slated

Six College of Marin students, along with students from the state's 77 other junior colleges, will attend the annual conference of the California Junior College Student Government Assn. Thursday, Friday and Saturday in San Diego.

New Rights Move Ticks For North

WASHINGTON (UPI) —The Johnson administration was putting the finishing touches today on a new package of civil rights bills with an emotional time bomb for the North —a proposal to ban discrimination in housing.

The legislation, aimed at carrying out the pledges the President made in his January State of the Union message, also was expected to include measures designed to outlaw Jim Crow juries and to permit the attorney general to initiate school desegregation suits.

Johnson originally planned to submit the civil rights message to Congress today, but White House Press Secretary Bill D. Moyers said the press of the chief executive's schedule for Indian Prime Minister Indira Gandhi's state visit made it impossible. "We're shooting now for Wednesday at the earliest," he said.

Despite the pleas of civil rights leaders, it was understood the proposed legislation would not include a request for new authority for federal courts to try those accused of murdering, attacking or intimidating civil rights workers.

Instead, the Justice Department is awaiting Supreme Court decisions on two 1964 murder cases in Georgia and Mississippi. In each case, the federal government relied on an 1870 law forbidding a conspiracy to deprive a person of his civil rights.

Johnson's fair housing bill would prohibit racial discrimination in the sale or rental of all homes, both new and old, no matter how they were financed.

It would be based on the federal government's constitutional power to regulate interstate commerce, the same power cited as a basis for the controversial public accommodations section of the landmark Civil Rights Act of 1964.

The bill would cover not only home-owners wishing to sell but all housing institutions, including mortgage lenders, insurance companies and real estate dealers, which are considered part of a transaction involved in interstate commerce.

Cleric Talks Cuban Into Surrendering

PROVIDENCE, R.I. (AP) — A Catholic priest walked into a tear gas-filled apartment to convince a young Cuban refugee to surrender his gun and two young girls he held hostage in a two-hour siege.

The refugee, Maximo S. Palacios, 26, of Providence, had held 50 policemen at bay, firing about 20 pistol shots.

The Rev. Joseph B. Coleman, Providence police chaplain, entered the building yesterday after calmly pleading with Palacios from the street for more than an hour.

"Will you come out with me if I tell them it's okay?" the priest asked.

"Father, I want to talk to you," Palacios said. "I want to see my mother."

Police fired two tear gas grenades into the apartment and Father Coleman asked Palacios to pass the children out through a window.

"Come up and get them," the gunman said.

Father Coleman did, and returned with Janet Waters, 9, and Palacios' gun. Moments later, Palacios came out carrying Cathy Waters, 7.

Police said Palacios, who left Cuba two years ago, broke into the second-floor apartment of Angelina Seals, 32, about 1:30 a.m. Sunday.

Mrs. Seals told police he threatened to kill her and her two children.

NEWLYWEDS—Flowers and cards were waiting for newlyweds Margit, 81, and Frederick Bakke, 85, when they returned last night from their wedding at Reno. The couple, both residents of Aldersly Danish Home for Senior Citizens, San Rafael,, decided to walk down the aisle together after a courtship lasting two years. (Independent-Journal photo)

Couple At Aldersly Danish Home Slip Off To Reno, Get Married

Romance blossomed again for Frederick Bakke, 85, and Margit Hansen, 81, as surely and with the beauty of the flowers they tended together for years outside their apartment in a San Rafael old folk's home.

They played cards together at the Aldersly Danish Home. They mixed with the same friends, had the same interests and laughed at the same jokes.

At the weekend the couple, whose families had known each other for 40 years, slipped off without fuss to Reno and were married in a little chapel just of the main street.

The bride wore a white ribbon-knit silk dress with jacket to match, a white mink collar with shoes, gloves, hat and purse to match. Around her neck was a double strand of matched pearls.

The couple were driven to Reno for the wedding Friday by the bridegroom's son, Walter Bakke and his wife. Walter was best man and his wife attended the bride. The bridegroom's daughter, Mrs. Edna Payton of Pacifica, was also present.

Last night, Mr. and Mrs. Frederick Bakke arrived back at the home at 326 Mission Avenue in time to hear of plans being made for a reception there later this week.

Today, the new Mrs. Bakke walked back from 8 a.m. breakfast to their apartment arm in arm with her husband. She was very happy.

"I think it is wonderful, really wonderful," she said. "Why shouldn't people get married at our age? You are as old as you feel. It is as if we have a new life ahead of us."

The bride's former husband, Walter Hansen, a San Francisco building contractor, died several years ago. They had no children.

Bakke, a retired auctioneer from San Francisco, has resided at the home since the death of his wife about six years ago.

Although their families had known each other ever since the came to the United States from Scandinavia about 1910—he from Denmark and she from Norway—Margit was drawn to Frederick shortly after she became a resident of the home two years ago. Both were lonely and in the autumn of their lives.

"We found we had a lot in common," said Mrs. Bakke. "We are now planning a honeymoon trip back to the old country later this year."

A close friend at the home said today: "The two are very active. On the day before the wedding, Margit was up early tending her garden. Her husband's hobby is gardening, too."

Rep. Clausen Hoping For Flood Session

Rep. Don H. Clausen, R-First District, California, announced today he hopes to set up a meeting at the Army Corps of Engineers office in San Francisco early next month to discuss the Corte Madera Creek flood control project.

Congressman Clausen indicated this in a reply to Mayor Frederick S. Allen of Ross, who had written to the congressman.

"I am taking steps to arrange a meeting between myself, Colonel Robert H. Allen (of the Corps of Engineers) and his staff, and officials of Marin County and the City of Ross in Colonel Allen's San Francisco office during the Easter recess of Congress," wrote Clausen. "The recess begins April 7, and I am exploring the possibility of holding such a meeting on April 8."

Shakespeare Festival Schedule Announced

The play schedule for the Annual Marin Shakespeare Festival have been announced by John Brebner, festival producer-director.

Dion Cheese will direct "Julius Caesar," which will open July 14; Ann Brebner, "Merchant of Venice" on July 20, and Bill Calanese, "Richard III" on July 27. Auditions will be held in early May.

Missing East Bay Hiker Found After Long Search

A member of an East Bay hiking club was found late yesterday after an all-out search of the northern slopes of Mount Tamalpais near Rainbow Falls.

Search for a second hiker in another incident occurred in the Muir Beach area, but ended when he was discovered safe and uninjured at a friend's house.

The first lad, Richard Thomas Lenzi, 14, of Pleasant Hill, Contra Costa County, was with a 30-member group of Diablo Hiking Club, sponsored by Pleasant Hill Recreation and Park District and who began their foot jaunt near Fairfax yesterday afternoon.

Young Lenzi and nine others, including club president Richard Bower, split from the main group, hiking toward Rainbow Falls.

About 5 p.m., sheriff's officers said, Lenzi slipped while climbing a 50-foot cliff. He fell only six feet, but had apparently suffered injuries sufficient for three companions to remain with him while the other hiked 90 minutes to the San Geronimo vicinity to summon help.

A search party of Marin County Fire Department members and six sheriff's officers began the search, but it was about 11:30 p.m. before Fire Warden Howard Lee of the Woodacre Fire Station found Lenzi and his friends.

The youth was treated at Marin General Hospital for a twisted ankle and bruises, then released.

The other hiker, Robert Mazer, 17, of 808 Spring Drive, Tamalpais Valley, was missing after hiking with a 16-year-old girl and a male companion. Sheriff's officers said the trio reached a steep hill about one and one-half miles south of Muir Beach at 5 p.m. yesterday, and Mazer told them to wait while he tried to get down.

When they did not hear from him again, the remaining two made the descent. A group of Muir Beach residents then joined in the search, officers said, but called it off at 8:30 p.m. with report that Mazer was at the home of another companion.

Pockrus Runs For Assembly

James E. Pockrus of Rohnert Park, who teaches in Sausalito School District, is running for State Assembly, not Congress.

The news story on the front page of Saturday's Independent-Journal correctly stated that he had filed for Assembly, but the headline, which mentioned "Congress", was in error.

Pockrus and Robert E. Mertle of Santa Venetia seek the Democratic nomination for the Seventh District (Marin and half of Sonoma). The winner will then take on incumbent Assemblyman William T. Bagley, R-San Rafael.

Pipe Stolen

A thief broke into the storage yard of Bartholow and Co., air conditioning firm, at 53 Jordan Street, San Rafael, Friday, and removed 90 feet of copper pipe, worth about $100, San Rafael police reported today.

Lighted Candle Found Outside Restaurant

Someone yesterday used a lighted candle and kindling in an attempt to burn down Dominic's Harbor Restaurant in San Rafael.

No damage was done, but manager Mario J. Brenta of Ross told San Rafael police it was pure luck that the fire was discovered just after it has been started.

He said the candle was lighted and placed atop a large can of warm coals near the rear of the building about 4:50 p.m. Around and above the candle, kindling was carefully placed, to help a fire get started.

Brenta said the candle had been burning only a few minutes when it was found, and the kindling had not been started.

He said two men in a dark green Mustang were seen driving around the San Rafael Corporation Yard next door at about the same time. He could give no description of the men in the car.

Three Injured As Car Veers Into Divider

Two persons were injured when a car veered into the center divider on Highway 101, just south of Marin City, at 1:30 a.m. yesterday, the California Highway Patrol reported.

Nicholas A. Baranoff, 43, of San Francisco, the driver, told highway patrol officers he swerved to miss a car which had cut him off.

Baranoff, who suffered a fractured facial bone, was treated at Marin General Hospital.

His passenger, Nick Hatten, 52, of 16 Constance Drive, San Rafael, suffered multiple cuts of the head and face. He was reported in good condition today at Marin General Hospital.

History Of District Will Be Discussed

Kentfield School District Trustees, meeting at 8 p.m. today in the Adaline E. Kent School library, will join with former district trustees to talk with a group of seventh grade students who plan to compile a history of the district, according to Supt. Howard C. Harmon.

Trustees will also hear curriculum reports on the district's non-graded program and on special creativity at Kent School.

Police Told Of Robbery

Paul Buckner, of 737 Francisco Boulevard, San Rafael, told police he was knocked down by four youths in a vacant lot near his home at 2:42 a.m. today and robbed of about $1.50 in change.

He said he was returning from a nearby liquor shop when he was accosted in a lot at Front Street and Medway Road. One of the youths said, "Let's work this old guy over and get something," he reported.

Police took Buckner to Marin General Hospital, where he wa treated for bruises on his chest.

The California Bear Flag was raised at Sonoma, June 14, 1846 and the northernmost of the Golden State's missions, Mission San Francisco Solano, is at Sonoma.

Many Charges After Auto Rams Another

Arturo L. Martinez of San Rafael was arrested early yesterday after, police charged, his car rammed another, he then fled the scene at high speed, finally crashing his car into a building, and then tried to escape on foot.

The building he hit was the Marin County Communications Center at 519 Fourth Street, San Rafael.

Martinez, 23, of 294 B Street, San Rafael, was released on $276 bail and is scheduled to appear in Marin Municipal Court Wednesday on charges of hit-run driving and being drunk in an auto.

As police pieced together the story, George W. Pasha, 31, of 125 Van Winkle Drive, Sleepy Hollow, was driving north on Grand Avenue at Second Street, San Rafael, when his car was rammed from behind.

The next thing he noticed was a car passing him at high speed, going down Fourth Street. He followed, and saw the auto swerve and crash into the building. The driver, whom Pasha later identified as Martinez, jumped out and started to run.

Officers found Martinez standing at Third Street and Grand Avenue, and took him into custody.

On Council

Jean Houston, daughter of Dr. and Mrs. R. J. Houston of 63 Billou Street, San Rafael, has been appointed to serve on the house council of her dormitory at College of Idaho, Caldwell. She is a senior.

Boys Sick Dog On Elderly Man

An 81-year-old Fairfax man was mauled outside his home yesterday by a German shepherd sicked on him by two 12-year-old boys.

The victim, Louis G. Ferrando, returned to his home at 8 Rocca Drive shortly after noon and found the boys in his yard, accompanied by the shepherd and a black Labrador retriever. The youngsters were later described by police as "well known in the area as troublemakers."

When Ferrando asked what they were doing, police said, the boys started calling him names and then told their dogs to attack. Only the shepherd obeyed.

The elderly man was felled and bitten on the right leg.

A neighbor, Donald Herrick of 11 Rocca Drive, saw the attack and left his house to help Ferrando. Herrick told police that one of the boys warned him, "Stay back, or I'll teach you a lesson and sick my dog on you." Herrick picked up a brick to defend himself against the dog and he boys ran away, followed by the animals.

Mrs. Ferrando said her husband was not seriously injured but that "the bite had bled a lot." He was to see his physician.

The boys were picked up by police and turned over to juvenile authorities, one of them charged with being beyond parental control and both charged with assault and battery.

Missing Plane Found Safe

The Air Rescue Center at Hamilton Air Force Base said today that a small private plane missing on a flight from Lewiston, Ida., to Fullerton had been located in Las Vegas.

The aircraft, with Mr. and Mrs. Neil Eatley of Lewiston aboard, had been last heard from Saturday when Eatley asked the Tonopah, Nev., airport for a report on weather conditions in Southern California.

Civil Air Patrol planes in Nevada and California conducted a widespread search for the plane yesterday. An Air Rescue Center spokesman said the search was called off last night when it was learned that the plane had landed safely at Las Vegas.

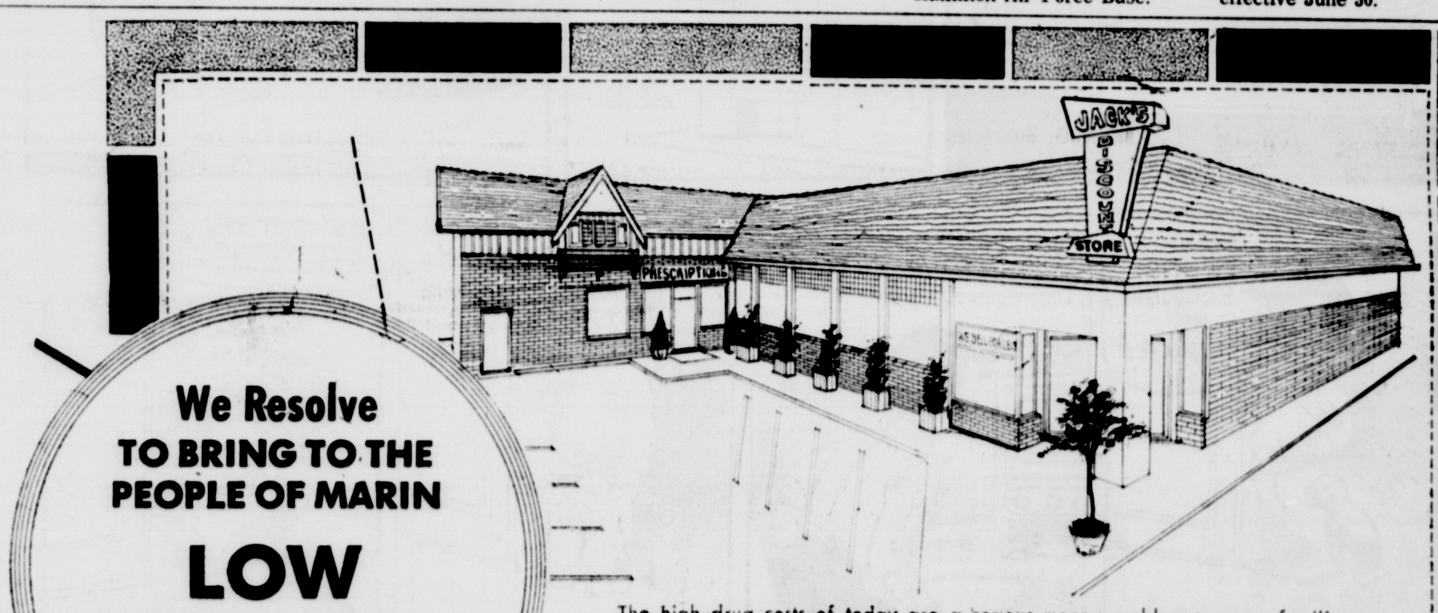

On Medical Staff

Dr. W. G. Peacock of 1825 Lincoln Avenue, San Rafael, has been appointed to the resident medical staff of the Presbyterian Medical Center, San Francisco, and will take up his residency July 1. He is at present serving with the Air Force at Hamilton Air Force Base.

Sausalito Due Review On Schools

Sausalito School District trustees will hear an educational review of the current school year and plans for next year at an 8 p.m. meeting today in the district office.

Trustees will also discuss the calendar for next school year. Dr. Virgil S. Hollis, county superintendent of schools, will be present to set up screening for a new superintendent. Supt. Charles Lavaroni has resigned effective June 30.

We Resolve
TO BRING TO THE PEOPLE OF MARIN
LOW PRESCRIPTION PRICES

The high drug costs of today are a serious money problem to many families, especially to those with fixed income and those with chronic illnesses. As a solution to this problem we apply modern methods to the prescription department by selling at low prices, thus producing volume sales. This decreases costs and overhead. The result will be low prices for you, and we believe a low cost prescription service is just what the public wants.

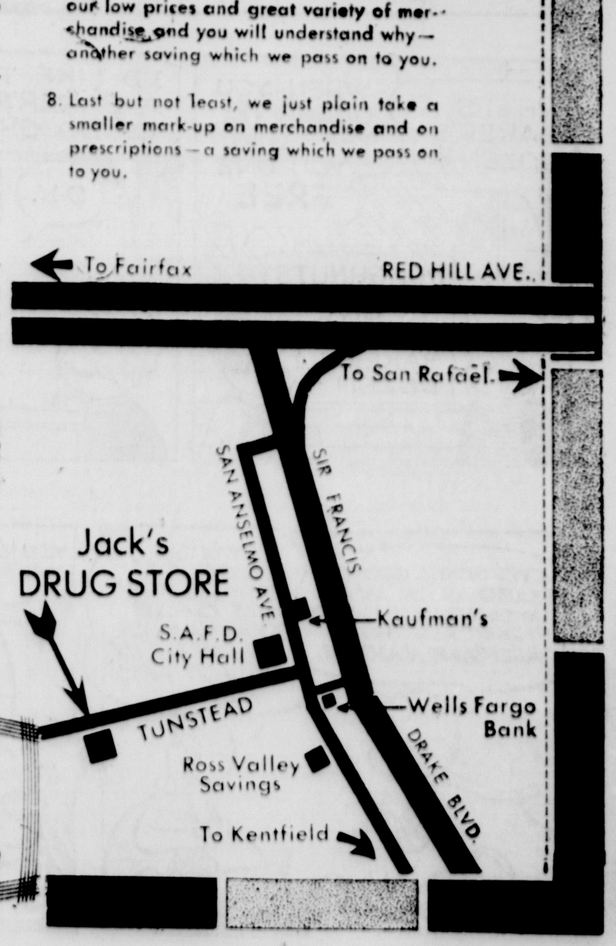

HERE'S WHY WE CAN DO IT:

1. We have reduced our overhead by closing at 6:00 p.m. every day—a saving which we pass on to you.
2. We own our building and parking lot—there is no rent to pay—a saving which we pass on to you.
3. Ours is a self-service store—serve yourself and save—a saving which we pass on to you.
4. We do a big business—we buy in big volume, thus we buy at a lower cost—a saving which we pass on to you.
5. We buy from a discount store wholesaler in San Francisco (the only drug store in Marin having this privilege). Again we buy at a lower cost—a saving which we pass on to you.
6. Our employees have all been with us many years—they are happy here and they try harder—thus a saving by efficient operation—a saving which we pass on to you.
7. In many drug stores the profit from the prescription department carries the "front end" of the store—not so at JACK'S. We do a big volume of business in the "front end" of our store—stop in to see our low prices and great variety of merchandise and you will understand why—another saving which we pass on to you.
8. Last but not least, we just plain take a smaller mark-up on merchandise and on prescriptions—a saving which we pass on to you.

We MEET or BEAT any prescription price. We will NOT be undersold

We can refill any refillable prescription regardless of where it was originally filled. We will be happy to call your physician for his authorization.

INSIDERS NOTE: "The Pill" costs very little at JACK'S.

Next time you need a prescription try us just once and find out for yourself about

You Can Tell Boys From Girls By The Way They Bid On Hands

With the haircuts the boys wear and the pants the girls wear it's not safe to rely on old-fashioned ways of telling them apart.

Fortunately, a wise government gave me a large grant to investigate this problem, and I have discovered that you can tell the boys from the girls by the way they bid certain bridge hands.

There's no doubt about it: Today's hand was bid by girls.

You can tell by the fact that they got to six spades.

LITTLE HOPE

South took the jack of diamonds and thought about the first trump play.

There was no hope unless West had the queen of spades, and any play would work if the five trumps broke 3-2.

The problem was how to allow for a 4-1 break.

If East had the singleton seven or eight, South could make the slam by leading the jack of spades.

If West had the singleton queen of trumps, South had to lead a low trump first rather than the jack.

GOOD CHOICE

South ruled out the possibility that East had the singleton seven or eight of trumps because West, a very masculine type, would surely double six spades if he held four trumps to the ace-queen.

South therefore led a low spade at the second trick and made the slam.

"What was so girlish about bidding six spades?" you may ask.

It was too docile. Experts have written so much about the advantages of having four trumps in each hand that girlish types ask no questions when they discover a 4-4 fit.

Actually, a weak 4-4 trump suit is sometimes no bargain.

The right kind of man would bid six notrump, which South can make whenever West has the queen of spades even if the spades are 5-0.

At six spades, South may well go down even if West has the queen of spades.

Come with us to the end of a hidden-away cul-de-sac close by the village. Over the high fence that encloses a big yard, peeps the roof of a charming shingled cottage. Cross a wide sunny veranda and enter a paneled cathedral ceilinged living room with a warm brick fireplace. Try as you may, you won't find so much as a corner of the house that hasn't been completely and carefully remodeled. No one has occupied the house since the remodeling, so it's like a NEW home, yet not one ounce of the character of an older place has been stolen. 2 bedrooms (1 with sliding glass to porch), all-new kitchen with formica and matched built-ins (refrigerator, too!), all-new bath and all-new carpeting thruout. A brand new listing, a rare one that won't last. $23,500.

WHAT'S IT WORTH?

Have you ever tried to estimate the worth of a piece of real estate? It isn't easy. Property values are influenced by many factors. Location, market demands, condition, etc. A Realtor is qualified to evaluate the worth of real estate because real estate is his business. A Realtor is no ordinary real estate broker. He must be accepted by the National Real Estate Board before he can use the term Realtor. He must pledge to be honest, sincere and to provide maximum benefit to his clients. Don't take chances when buying real estate.

"A Kitchen Is A Kitchen" I Said

BUT—She made me look at every single item!

The sink sprayer

The great big storage cupboards

The "beautiful electric range"

The Huge self defrosting refrigerator

The White formica counter tops

The dishwasher.

SHE HAD JUST STARTED IN ON THE REST OF APARTMENT — the drapes, carpet, the individual air conditioning . . .

I — Just had to have another look at those pools, the tennis courts, etc. MEANWHILE, only ½ mile away . . . shopping, churches, school, fire station, medical & dental . . . and excellent Freeway access.

AMENDED OFFICIAL NOTICE OF SALE OF SCHOOL DISTRICT BONDS

NOTICE IS HEREBY GIVEN that sealed proposals will be received by the Board of Supervisors of the County of Marin, State of California, at the office of the County Clerk and Ex-Officio Clerk of said Board of Supervisors in the Civic Center, City of San Rafael, in said County, California, on Tuesday, the 12th day of April, 1966, at the hour of 10:00 o'clock A.M., for the purchase of bonds of SAN RAFAEL SCHOOL DISTRICT OF MARIN COUNTY, State of California, more particularly described below:

ISSUE: $1,000,000.00, 1964 School Bonds, Series D, consisting of 200 bonds of the denomination of $5,000.00 each, numbered D-1 to D-200, inclusive, all dated March 15, 1966. Said bonds are part of an authorized issue in the aggregate principal amount of $3,300,000.00, of which $650,000.00, designated Series A have heretofore been issued and $645,000.00 are now outstanding; $500,000.00, designated Series B, have heretofore been issued and $495,000.00 are now outstanding; $500,000.00, designated Series C, have heretofore been issued and $500,000.00 are now outstanding.

INTEREST RATE: Maximum five (5) per cent per annum, payable annually for the first year on March 15, 1967 and semi-annually thereafter on March 15 and September 15 in each year. Bidders must specify the rate of interest which the bonds hereby offered for sale shall bear. Bidders will be permitted to bid different rates of interest and to split rates irrespective of the maturities of said bonds. The interest rate stated in the bid must be in a multiple of one-eighth or one-twentieth of one per cent per annum payable as aforesaid. Each bond must bear interest from its date to its fixed maturity date at the rate specified in the bid.

MATURITIES: Said bonds mature serially in consecutive numerical order from lower to higher (without option of prior redemption) as follows:

Principal Amount	1964 Series D Bond Numbers	Maturity Dates March 15
$20,000.00	1 - 20	1967-1971
$40,000.00	21 - 28	1972
$50,000.00	29 - 168	1973-1986
$40,000.00	169 - 200	1987-1990

PAYMENT: Both principal and interest payable in lawful money of the United States at the San Francisco Main Office of Bank of America, National Trust and Savings Association in the City and County of San Francisco, State of California, or at the option of the holder at the respective offices of the paying agents of said County in the City of New York, State of New York, or in the City of Chicago, State of Illinois.

REGISTRATION: Coupon bonds will be issued by said Board of Supervisors on behalf of said School District. Such bonds are registrable only as to both principal and interest.

PURPOSE OF ISSUE: Said bonds were authorized by more than two-thirds of the voters voting at an election held in said District on February 18, 1964 and will be issued and sold for the purpose of raising money for authorized school purposes.

SECURITY: The bonds are general obligations of said School District, and said Board of Supervisors has power and is obligated to levy ad valorem taxes for the payment of said bonds and the interest thereon upon all property within said School District, subject to taxation by said School District (except certain intangible personal property, which is taxable at limited rates), without limitation of rate or amount.

TAX EXEMPT STATUS: In the event that prior to the delivery of the bonds the income received by private holders from bonds of the same type and character shall be declared to be taxable under any Federal Income Tax laws, either by the terms of such laws or by ruling of a Federal Income Tax authority or official which is followed by the Internal Revenue Service or by the decision of any Federal Court, the successful bidder may at his option prior to the tender of said bonds by the Board of Supervisors, be relieved of his obligation under the contract to purchase the bonds, and in such case, the deposit accompanying his bid will be returned.

LEGAL OPINION: The legal opinion of the following firm, approving the validity of said bonds, will be furnished to the successful bidder without charge: Orrick, Dahlquist, Herrington and Sutcliffe of San Francisco, California. A copy of the legal opinion certified by the official in whose office the original is filed will be printed on each bond without charge to the successful bidder.

TERMS OF SALE

HIGHEST BIDDER: The bonds will be awarded to the highest responsible bidder or bidders considering the interest rate or rates specified and the premium offered, if any. The highest bid will be determined by deducting the amount of the premium bid (if any) from the total amount of interest which the District would be required to pay from the date of said bonds to the respective maturity dates thereof at the coupon rate or rates specified in the bid and the award will be made on the basis of the lowest net interest cost to the district. The lowest net interest cost shall be computed on a 360-day year basis. The purchaser must pay accrued interest from the date of the bonds to the date of delivery. The cost of printing the bonds will be borne by the district.

RIGHT OF REJECTION: Said Board of Supervisors reserves the right in its discretion to reject any and all bids and to waive any irregularity or informality in any bid.

PROMPT AWARD: The Board of Supervisors will take action awarding the bonds or rejecting all bids not later than 24 hours after the expiration of the time herein prescribed for receipt of proposals; provided that the award may be made after the expiration of the specified time if the bidder shall not have given the Board of Supervisors notice in writing of the withdrawal of such proposal.

PROMPT DELIVERY: Delivery of said bonds will be made to the successful bidder at the office of the County Treasurer of said County as soon as the bonds can be prepared, which it is estimated will be within 30 days from the day of sale.

RIGHT OF CANCELLATION: The successful bidder shall have the right, at his option, to cancel the contract of purchase if the bonds are not tendered for delivery within 60 days from the date of sale thereof, and in such event, the successful bidder shall be entitled to the return of the deposit accompanying his bid.

FORM OF BID: All bids must be for not less than all of the bonds hereby offered for sale, and for not less than the par value thereof and accrued interest to date of delivery. Such bids, together with bidder's check, must be enclosed in a sealed envelope addressed to the Board of Supervisors of said County, and endorsed "Proposal for School Bonds of SAN RAFAEL School District of Marin County."

BID CHECK: With each bid must be submitted a certified check or cashier's check for $5,000.00, drawn on a bank or trust company transacting business in the State of California, payable to the order of the County Treasurer, to secure said school district from any loss resulting from the failure of the bidder to comply with the terms of his bid. In addition, bidders are requested (but not required) to supply an estimate of the total net interest cost to the district on the basis of their respective bids, which shall be considered as informative only and not binding on either the bidder or the district. Checks of the unsuccessful bidders will be returned by the County Clerk by mail upon the award of the bonds. No interest will be paid upon deposit made by the successful bidder.

There is no controversy or litigation pending concerning the validity of the above issue, the corporate existence of said district or the title of the officers to their respective offices and the Board of Supervisors will deliver to the successful bidder a no-litigation certificate certifying to the foregoing as of and at the time of the delivery of the bonds.

Dated: March 15, 1966.

NOTICE OF ELECTION

NOTICE IS HEREBY GIVEN to the legal owners of land within the RAMONA AVENUE PERMANENT ROAD DIVISION of Marin County, California, that an election will be held on the 12th day of April, 1966, in said permanent road division, between the hours of 7:00 o'clock A.M. and 7:00 o'clock P.M., during which period the polls shall remain open, at which election there will be submitted the following proposition:

Shall a special tax in an amount sufficient to raise $770.00 per year be levied for a period of six (6) years within the Ramona Avenue Permanent Road Division for the purpose of repairing roads within said road division and a special tax in an amount sufficient to raise $500.00 per year be levied for an indefinite period for the purpose of maintaining said roads?

It is proposed that approximately $4,600.00 be raised over a period of six (6) years for the repair of the roads within said road division and that approximately $500.00 be raised each year, for an indefinite period, to cover the annual cost of maintenance. The proposed work shall consist of the following:

Grade, pave and maintain portions of Ramona Avenue.

The RAMONA AVENUE PERMANENT ROAD DIVISION shall constitute one special election precinct. The polling place shall be Agnew Residence, Ramona and Forest Knolls Avenues, Forest Knolls, California, and the election officials shall be as follows:

Inspector: Wanda Roberson
Judge: Mr. Roney Roberson
Judge: Peter Hansen

Absent voter ballots may be obtained by applying in person or by mail at the office of the County Clerk, Court House, San Rafael, California. The application must reach the office of the County Clerk not earlier than March 14, 1966, nor later than April 5, 1966. Absentee ballots must be returned to and received by the County Clerk not later than 5:00 o'clock P.M. on Monday, April 11, 1966.

The County Clerk shall publicly canvass the returns of said election on the 19th day of April, 1966, at 10:00 o'clock A.M. at the Court House, San Rafael, California. The results thereof shall be certified to the Marin County Board of Supervisors.

Said election is called pursuant to Resolution of the Marin County Board of Supervisors adopted on March 8th, 1966.

Dated this 8th day of March, 1966.

Watch Balloons On A Jet Liner?

By FRED McGEHAN
Advance News Service

WASHINGTON — Balloon-watching may be the next amusement in store for jet airline passengers.

If scientists have their way, 10,000 plastic spheres will be bobbing around the air lanes in another decade to monitor the weather.

They are now in the process of determining if the idea will work. Six of the 15-foot diameter balloons were released from New Zealand March 7. Some 94 more will be flown in the next six months.

Each of the balloons carries lightweight instrument packages to record and relay to earth data on wind direction, temperature, humidity and pressure. They are engineered to circle the earth every eight to 10 days at constant altitudes ranging from 35,000 to 70,000 feet.

Scientists hope evenually to combine the balloon system with satellite, sea-buoy and ground-based systems to produce a picture of the weather over 90 per cent of the earth's surface. Currently only 10 per cent of the surface is under constant scrutiny.

Scientists say with 90 per cent of the surface covered, accurate forecasts of two weeks and perhaps a month will be possible.

Initial experiments are being conducted in the southern hemisphere to avoid conflicting with the heavily-traveled air lanes in the northern hemisphere.

Scientists at the National Center for Atmospheric Research in Boulder, Colo., who are conducting the research, say the biggest danger lies in scaring airplane pilots.

The paper-thin plastc balloon shell will break up on contact with the aircraft and have the same effect as a sparrow striking the craft.

"But what of the psychological hazard of a pilot suddenly seeing a 15-foot balloon coming at him and his attempt to divert the plane?" asks one scientist. The answer may determine the fate of the project.

The experimental balloons, which cost $1,000 apiece, are powered by solar cells and can transmit signals to earth only during daylight hours. The signals are received by 15 amateur radio operators in Africa, India, South America and Australia who relay them to the Colorado center.

Scientists say the balloons are "perfect" air tracers because they drift with wind currents and have instruments which give the direction and force of the wind. The most important information to be obtained from the New Zealand experiments will be knowledge of air circulation in the southern hemisphere.

The balloons have rigid shells and are filled with just enough helium to float them to a desired altitude, where they will remain for a month.

If the plan does go through for a 10,000-balloon network, the developers say they will have to equip them with better radio transmitters and a 24-hour power supply. They also will have to replace the amateur radio relay with satellites that can pick up the information and feed it continuously into computers on the ground.

Helicopters Save Workers On Sea Oil Rig

LONDON (UPI) —Twenty-nine men stranded in a drifting oil rig rode out mountainous waves in the storm-lashed North Sea today at the tailend of gales that caused havoc in Britain.

The gales left a toll on land of at least three dead and eight injured. One of the injured was Prime Minister Harold Wilson's 83-year-old father, Herbert, whose auto was blown off the road. He was shaken up but otherwise reported well.

Helicopters rescued 43 men from a second pitching oil rig, the Ocean Prince.

The International Drilling Co. said the 29 men on the rig Constellation escaped injury when 50-foot waves pushed them from the English side to the Dutch side of the North Sea while still attached to an 8,500 horsepower tug trying to tow them the other way.

Five Royal Air Force (RAF) helicopters tried to evacuate the crew yesterday but the Constellation was pitching too much. A lifeboat set out after a second SOS from the rig but was recalled when the winds abated slightly. A RAF Shackleton plane patrolled overhead during the peak of the storm.

Lynda, Star Meet Again

AUSTIN, Tex. (UPI) —Lynda Bird Johnson and film star George Hamilton got together again during the weekend at a luncheon party at the governor's mansion here.

They were joined by Gov. and Mrs. John B. Connally and nearly a dozen other couples, mostly Lynda's friends from the University of Texas.

Hamilton and the President's daughter spent the weekend at the LBJ Ranch with Mr. and Mrs. Earle Death as chaperones. Death works for President Johnson's radio station in Austin.

Gems, Rare Coins Taken At Galleries

SAN FRANCISCO (UPI)—Police today were looking for an estimated $50,000 worth of gems and rare coins—and the burglar who stole them from the Sy Owens Auction Galleries last Saturday.

The burglar apparently entered the building by forcing a screen off a side window, according to Kenneth Murphy, president of the firm, which specializes in liquidating estates.

Mystery Death Is Being Probed

OAKLAND (UPI)— Police today were investigating the mysterious death of a reserve policeman Saturday night.

Vernell Felder, 24, Berkeley, collapsed at a service station with a gunshot wound in his upper left chest. Police said Felder apparently was shot while sitting or bending over, because the bullet ranged downward.

Planner Session

The Tiburon Planning Commission will meet tonight to study the proposed downtown plan and to decide the procedure for public hearings on the plan. The meeting will be at 8 p.m. in Del Mar School.

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

It's Difficult To Find Anything Encouraging About Lung Cancer

VAN DELLEN

It is difficult to find anything encouraging about cancer of the lung. In a series of over 15,000 cases, only 5 per cent of the male and 9 per cent of the female patients were alive 5 years after the condition was detected. The survival rates go up to 17 and 36 per cent respectively when the tumor is detected before it spreads beyond the borders of the lesion.

It is difficult to find anything encouraging about cancer of the lung. In a series of over 15,000 cases, only 5 per cent of the male and 9 per cent of the female patients were alive 5 years after the condition was detected. The survival rates go up to 17 and 36 per cent respectively when the tumor is detected before it spreads beyond the borders of the lesion.

Early detection is important yet wishful thinking in many instances. Cough is an early symptom but most victims have coughed for years; they cannot tell when the hacking switches from a cigaret to a cancer cough. As a result the symptom is neglected until more alarming manifestations appear. These include coughing up blood, wheezing, pain or a sense of heaviness in the chest. It may not be too late but the family is told to keep their fingers crossed as time alone will tell.

ON THE OTHER hand, the situation is not hopeless. We know that men over age 40 who are chronic smokers or who live in areas where air pollution is rife are most likely to develop bronchogenic cancer. Anyone in this high-risk group should have a chest X-ray annually—or better—twice a year.

Any chest abnormality, however minor, is considered so important that the cause must be tracked down even though chest surgery may be needed to accomplish this. This may sound like radical advice but there is no other way to detect the disease early among those who cannot stop smoking or eliminate air pollution.

IN A PILOT study along this line, 50 of 100 patients who developed cancer of the lung had evidence of disease visible on X-ray films two years before they developed symptoms. One patient had an abnormality six years before diagnosis was made.

An improved sputum test for cancer cells was announced recently. Sputum cytology is more difficult than X-ray because multiple specimens must be taken. The method is diagnostically successful when the lesion is large and located in the major bronchi.

(Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request.)

Caffeine

E. R. M. writes: If I have coffee or tea for breakfast and lunch I have trouble getting to sleep at night.

REPLY

I doubt if a moderate amount of coffee or tea for breakfast and lunch would produce insomnia. The proof of the pudding is in the eating, however. Try cutting down or abstaining and see what happens.

Cats and Babies

B. I. writes: Is there anything to the old story that it is dangerous to have a cat near an infant because the animal may jump on the baby and suck his breath?

REPLY

No, but for esthetic reasons I'm not in favor of leaving any baby where an animal can climb over the child.

Here, there, and everywhere, but the majority are located in the neck, armpits, groins, and along the large blood vessels next to the vertebrae.

REPLY

In more than three-fourths of the cases there is improvement in hearing.

Those Big Packages May Yet Fit In Mail

By DON BACON
Advance News Service

WASHINGTON — The post office last year turned away 20 million customers who tried to mail packages that were either too big or too heavy. One of those customers was Mrs. Lawrence F. O'Brien, wife of the postmaster general.

This week the postmaster general came to Congress with a proposal to increase the size and weight limits on parcel post shipments.

Armed with charts and bleak postal statistics, O'Brien was making his first major legislative pitch since he was named to head the postal service four months ago. He was previously a White House aide in charge of lobbying Johnson administration programs through Congress.

In seeking to build up the faltering parcel post service, O'Brien is taking on formidable opposition—a well-organized contingent of special interests including the Railway Express Agency, United Parcel Service and various other handlers of small shipments.

The size and weight regulations which forced the postal clerk to refuse Mrs. O'Brien's package were, in fact, drawn up in 1951 purposely to divert business from the post office to private enterprise. Railway Express was having severe financial troubles at that time, and was expected to benefit from the new business.

Before 1951, packages weighing up to 70 pounds and measuring up to 100 inches on three sides were acceptable in the mails. The new regulations reduced those limits substantially. Under the system adopted in 1951 and still in effect, size and weight limits vary, depending on the "class" of the post office involved, and the geographical location and distance of the shipment.

Parcel post shipments between first-class post offices in cities more than 150 miles apart cannot exceed 20 pounds and 72 inches. Shipments to rural areas remain under the pre-1951 limits.

In his testimony before the House Postal Rates Subcommittee, the postmaster general labeled the existing regulations "confusing," and said they are "responsible for a good deal of the general negative outlook toward the postal system that hinders us from doing a better job."

He is proposing that Congress raise the parcel post limits to 40 pounds and 100 inches between first-class post offices.

He also is asking for increases in the parcel post and catalogue that would generate about $63 million in additional annual revenue. The new rates, he said, would restore the parcel post service to a selfsustaining basis.

O'Brien said that unless the new and simpler regulations are approved, the parcel post operations would continue to decline sharply and incur heavy deficits.

The post office estimates that some 51 million additional parcels would be mailed annually with the suggested new size and weight limits in effect. Some 742 million parcels were delivered in 1965. The revenue gain would be about $95 million.

Mail and catalogue retail concerns, small businesses and the general public would generally benefit from the increased limits, O'Brien said.

Competing handlers of small shipments, he contended, would not be adversely affected. These interests are likely to tell a different story when their turn comes to testify.

Driver Injured As Car Hits Sign

Dr. Irenaeus N. Tucker, 43, of 29 Corte Lodato, Greenbrae, suffered minor injuries when his car struck a sign post in the center divider of Highway 101 on the north side of Alto Hill at 9 p.m. Saturday, the California Highway Patrol reported.

Dr. Tucker said that his accelerator pedal "dropped to the floor" and the car speeded up, and he ran his car into the center divider, the officers reported. He was not hospitalized.

Legislative Budget Move Still Slow

SACRAMENTO (UPI) — The legislature's money committees began to speed their deliberations today in a final effort to beat the deadline for Gov. Edmund G. Brown's record $4.6 billion budget.

And the first weekend meeting of the 1966 session loomed as a distinct possibility as the lawmakers returned from their 7th three-day weekend.

But there was little optimism that the 30-day deadline for the budget session—a constitutional provision seldom met in recent years—would be met this year.

Under the constitution, the legislators must finish their budget session at midnight April 4—next Monday. If they don't, they must be called into a "special" session on the budget to coincide with a record 67 other items placed on special call by the governor.

Both Assembly Ways and Means and Senate Finance Committees scheduled sessions today to work on their varying versions of the spending program for the fiscal year beginning July 1.

Californian Signs At Met

NEW YORK (UPI)—Karan Armstrong, a 24-year-old brunette from Brentwood, Calif., won a coveted Metropolitan Opera contract yesterday in the finals of the Met's yearly national audition.

Miss Armstrong defeated 13 other finalists in what observers termed the stiffest competition in recent years with her rendition of an aria from Meyerbeer's "Les Huguenots."

She was a co-winner of the San Francisco Opera auditions last June and will appear with the San Francisco Opera this spring.

Mill Valley Man Gets New Retirement Term

Patrick H. Byrne of 397 Rose Avenue, Mill Valley has been re-appointed by Gov. Edmund G. Brown to a four-year term on the board of administration of the State Employees Retirement System.

This will be the second term for Byrne, an assistant vice president in the national division of the Bank of America's San Francisco head office.

Education Session Set By Synanon

Synanon Foundation will hold an "education conference" Saturday at the Synanon House in Marshall.

Dr. Lewis Yablonsky, Synanon's newly elected director of education, has described Synanon's role in the field of education this way:

"The college or university specializes in the transmission of the scientific and historical knowledge that has been accumulated in the archives of man. Synanon specializes in the transmission of knowledge for the living."

Students at various California colleges and universities, including College of Marin, have enrolled in what Yablonsky refers to as "The Synanon education program."

This includes the "Synanon Game," a type of group therapy which, according to Yablonsky, has provided insights "which appear to be clarifying some of the confusion for these young men and women."

Conducting Saturday's conference will be Yablonsky, Charles Dederich, founder and chairman of Synanon Foundation, and Dan Garrett, lawyer, author and Synanon resident.

The program calls for students of various college Synanon groups to make reports on the activities of their organizations from 10 a.m. to 12:30 p.m. An afternoon discussion session, from 2 to 5 p.m., will consider the impact of "Synanon games" on student behavior, the significance of these games to campus life, the contribution of Synanon to the college community, and organizational issues.

Preregistration will be available April 11 in the building's auditorium for those who wish to participate.

Reagan Says Demos Left

LINCOLN, Neb. (UPI)—California gubernatorial candidate Ronald Reagan does not feel that he left the Democrats to join the Republicans. As he sees it, the Democrats left him.

On a weekend speaking tour through the Midwest, Reagan said here, that the Republican Party would do well to adopt Franklin D. Roosevelt's 1932 program which asked for a 25 per cent reduction in government spending.

Reagan also dismissed an assertion by Newsweek magazine that he was drifting from his militant Goldwaterism of 1964 by commenting "Newsweek lives in a world of its own." He called many of the comments in the recent cover story of a fictional nature and a planned attack."

TELEVISION REVIEW

TV Suspense Show Was Behind Scenes

By CYNTHIA LOWRY

NEW YORK (AP) — Television's most tantalizing suspense story of the weekend — and probably for many days to come — was not on the small screens. It involves the industry reaction to disclosure that a former investigator had tampered with the A.C. Nielsen ratings.

The research company has filed a damage suit against Rex Sparger, who told reporters in Oklahoma City that he had attempted to rig ratings of four shows, including the recent Carol Channing special and the Bob Hope Christmas show. His purpose, he said, was to gather material for a book he was writing.

Television network experts have always said that the A.C. Nielsen Co. ratings were only one of many tools used in judging the success or failure of a program. Nielsen's ratings are based on program choices of a national audience sample of about 1,200 homes.

Over the seasons, television's rule-by-ratings has been a highly controversial subject. Ratings have been objects of congressional and Federal Communications Commission hearings.

Sponsors and advertising agencies turn to ratings because there is no more exact method available to measure an audience. The cost of a commercial message in evening network programs starts at around $30,000 per minute and can go up to twice that.

Sheer size of audience, however, is but one measure and the Nielsen reports are among many in the field.

Now that it is known that Nielsen's super-secret list of sample homes can be cracked and some of the families reached, the whole rating procedure appears to be due for inspection.

The three networks interrupted Saturday programs for the long press conference of the Gemini 8 astronauts. Viewers anticipated a hair-raising adventure yarn.

The two young men, however, reported their space trip in the driest technical language, much of it impossible for the layman to follow. Their calm detachment made the flight and emergency return sound about as exciting and perilous as a weekend fishing trip cut short by a balky outboard motor.

Principal At Drake To Get Aide

A new post of assistant principal will be among other administrative changes planned for Sir Francis Drake High School this fall, principal Harold Allison has announced.

Francis Shafer, dean of boys, will become assistant principal and will relieve Allison of several duties including the handling and co-ordinating the school budget.

Frank Mulholland will succeed Shafer as dean of boys and will act as liaison between students, parents, teachers and counselors.

Jack Hayes, at present a history and English teacher, will work full time as dean of student activities, a post he will take over from Gerald Lucey.

Previously, night school and summer school activities were administered by Tamalpais High School District. Next year, however, Mrs. Evelyn Leedy will be in charge of both programs at the San Anselmo school.

Water Preserve Canal Detailed

SACRAMENTO (AP)—A canal that skirts the eastern edge of the Sacramento - San Joaquin Delta was designated by the state today as the facility to transfer export water across the delta.

William E. Warne, director of water resources, officially designated the so-called peripheral canal as the State Water Project facility to carry the water, bound for the California Aqueduct and Southern California.

Warne said the peripheral canal was the best means of preserving water quality and protecting the important fish and wildlife resources of the delta.

It's a hard day's morning . . . for a night's good reading

Nothing like the newspaper business for pressure. So little time, so much to do. For a complete newspaper such as the Independent-Journal is the most complex yet lowest-priced product that can be made in one day. And that "one day," is really one morning, with time compressed and work speeded up. Every day a new "model" . . . delivered each afternoon. To do this job against the clock—

- our 18 reporters comb the county, observing, interviewing, phoning, writing, getting the facts for you.
- thousands of AP and UPI newsmen check the world for you, put its pulse on the wire.
- teletypes chatter some 120,000 words to us, from as close as Mill Valley, as far away as Capetown.
- rolls of paper, each 850 lbs., move in from Canada and the Northwest.
- electronic impulses turn into photographs on a machine—the world in black and white, caught in action.
- the managing editor watches for the big stories, gauging the importance of each, overseeing the editorial "construction" of the paper, from content to design.
- pressmen feed the giant press with ink and paper—a taste of what's to come.
- "Circulation" readies for the job of distributing the paper, via 700 newspaperboys, to two out of three homes in the county.
- experts set type for news, for ads—enough in one day to fill a good-sized book.
- the retail advertising staff, 10 strong, contacts almost every business in the county . . . planning campaigns, offering merchants professional service in copywriting, layout and merchandising.
- the city editor "feels" for the news on a hundred fronts, hands out assignments, shaping the news force to the shape of events.
- engravers work their chemical magic, placing print and picture on metal.
- the women's editor and staff of 5 molds food and fashions, social doings, meetings, school events, into a women's world.
- syndicates send in both national and world-wide features—columns, comics, cartoons.
- specialists "make up" the paper, designing every page of news and ads.
- the art department creates illustrations, layouts, designs, cartoons.
- photographers race the news throughout the county, clicking the visual happenings of Marin today.
- ink for the press arrives not in bottles but tank trucks.
- color plates and color inks are being readied for ads, special editions, covers—all to brighten your reading eye.
- sports "jump" in the typewriters of the sports department and Willie Mays leaps up into a headline.
- "Classified" is setting up the county's daily market place, and the phone rings with "wanted" and "for sale."
- headlines are being written against deadlines—and the tight confines of space.
- vital statistics are being compiled; weather and stock reports are coming in.
- the mechancial superintendent moves the copy through a maze of linotypes, electronic typesetters and the precise hands of men who literally know type up-side down.
- the library is digging up background data for stories, filing photos, micro-filming each edition of the newspaper.
- legal ads get eagle-eyed checking for accuracy.
- orders are coming in from the nation's advertising agencies with mats for advertisements—everything from autos to ant spray.
- issues become the tissue of editorials—the reasoned interpretation of events.
- proofreaders scan every line of news and advertising trying to hold errors to a minimum against the pressure of time.
- letters to the editor are being read for possible publication.
- the dispatch office is moving ads into production—checking size, type, mats, insertion dates, art, photos—a hundred elements.
- our national representatives are meeting with ad agencies and advertisers in New York, Detroit, Chicago—a dozen cities—telling them about Marin County and its newspaper.
- special contributors' columns on fishing, baseball and many others are being processed.
- Marin Magazine is being dummied; stories developed for the Saturday edition—picturing life in Marin.
- the business office moves against a mountain of financial and administrative detail.
- stereotypers cast the weighty cylinders for the big press—the final imprint of the news on metal.
- last minute news comes through and the front page changes under the expert fingers of typographers and the eye of the editor.

Title Bout Tomorrow May Be Clay's Last; Who Cares?

TORONTO (AP) — The promoters are billing tomorrow's Cassius Clay-George Chuvalo bout as the "Fight of the Century," but to many it will be known as the "Flight of the Century."

A proposed Clay-Ernie Terrell match was run out of New York and Chicago and fluttered between Maine and the Dakotas before it finally found a home in Maple Leaf Gardens.

When Terrell pulled out because of changes in the contract and other complications, Chuvalo hastily was substituted.

The Ontario Boxing Commission, as a member of the World Boxing Assn., refuses to recognize this 15-round match as a title fight. Terrell is the WBA champion, although Clay generally is recognized. Chuvalo ranks No. 10 with the WBA and No. 9 with Ring Magazine.

Chuvalo, a 28-year-old Toronto strongboy, has lost two of his last three bouts. Although he has never been knocked out in 47 fights, he dropped his last start Jan. 25 in London to Eduardo Corletti and was beaten by Terrell here in 15 rounds last Nov. 1. Coreletti, incidentally, was stopped in five rounds by Ray Patterson, Floyd's kid brother.

"I'm going to try to be the first to knock him out," Clay said yesterday. "I would feel I had accomplished something."

Nobody is giving Chuvalo a chance. They say he is a 7-1 underdog, but it could be 8 or 9 or even 10-1. Nobody seems to care.

Clay, recently was reclassified 1-A by his Louisville, Ky., draft board after standards for mental aptitude were lowered. The champion outraged many people by his quoted remarks:

"I am a member of the Muslims, and we don't go to wars unless they are declared by Allah himself. I don't have no personal quarrel with those Viet Congs."

Cassius, who prefers to be called by his Black Muslim name, Muhammad Ali, was given special permission to leave the country for this fight. Presumably he will hurry back after the bout to face his draft board again. Spokesmen for the champion have said he will appeal. A request for reclassification on the basis of his religion already has been denied.

A possible multi-million dollar bonanza has evaporated. The promoters hope to attract a crowd of 10,000 at the hockey rink and a gate of about $150,000, with a $100 top.

The closed circuit television will be seen in about 40 locations with about 200,000 seats to sell. Clay's 50 per cent may wind up at $200,000 and Chuvalo's 20 per cent at $50,000.

All large theater chains have pulled out and many independents have canceled because of pressure. There have been threats of picketing because of Clay's remarks. The only radio broadcast will be in Canada.

At yesterday's final workout, Clay asserted "the power structure" is trying to take away his title. He said the group includes "senators, governors and who knows who they get their orders from."

Win, lose or draw, this undoubtedly will be Clay's last fight for two years because of his draft status. It may very well be his last.

GREEN TWIST—Doug Sanders demonstrates his version of the "Green Twist" he does in urging putts to drop into the cup. He sank a 14-foot birdie putt on the 18th green to win the Jacksonville Open Golf Tournament yesterday. (UPI Telephoto)

Sanders Masters Threat

JACKSONVILLE, Fla. (AP) — Winning $13,500 first prizes in golf tournaments is pleasant, but there's bigger money to be made and Doug Sanders is after it.

His immediate goal is winning the Master at Augusta April 7-10.

"I'm seriously going to try to win one of the four major tournaments this year," he said after pocketing first money in the $82,000 Greater Jacksonville Open yesterday.

His manager, Mike McCormick of Cleveland —who also handles business for Arnold Palmer, Jack Nicklaus, Gary Player and a few other big name golfers — told Sanders he could make a great deal more from endorsements if he could win one of the big ones.

Already the fashion plate and clown prince of the tour, Sanders is making an effort to heed the advice by taking his golf more seriously. He stands over his ball long seconds before hitting — building concentration and avoiding careless mistakes.

It seems to be paying off. He was fourth biggest money winner of 1963 and is the only man to win two tournaments on the winter tour in the past three years.

This year he won the Bob Hope Desert Classic before taking the Greater Jacksonville Open with a record 273. It beat the 285 mark set by Bert Weaver a year ago when the event was first played at the 6,906-yard par 72 Selva Marina course — in wind and rain.

In addition to his two victories, Sanders might have had a third except for the new-famous incident of the unsigned scorecard at Pensacola three weeks ago, when Sanders was 14 under par and four strokes ahead of Gay Brewer Jr., but was disqualified.

Sanders said he thought of that occasion as he walked down the 18th fairway yesterday toward the ball he had just knocked into a sand trap flanking the right side of the green.

Brewer had birdied the last two holes for 274. Sanders knew he needed a birdie to win.

"I told myself then it would have been kind of a kick in the seat if I went into a playoff with Brewer and got beat," Sanders recalled afterward.

Virgil Stars For Giants, May Earn Job On Varsity

By JACK STEVENSON

PHOENIX, Ariz. (AP)— Versatile Ossie Virgil aims this year to make the trip to San Francisco which eluded him in 1958 when the baseball Giants moved west from New York.

He missed the first trip when he was traded to Detroit in the deal which brought Jim Finigan to San Francisco instead of Virgil.

Nearly eight years later, the Giants re-acquired Ossie in the trade with Pittsburgh which also brought left-handed pitcher Joe Gibbon for Matty Alou.

Ironically, the veteran Virgil wasn't on the Pittsburgh roster last spring and he isn't on the Giants' list this time as both assigned him to AAA clubs but had him training with the varsity.

He stuck with the Pirates in 1965 and his two singles yesterday in a 4-3 exhibition game loss to the Chicago Cubs enhanced his chances of sticking with the Giants.

His ability as a catcher stands strong in his favor. Manager Herman Franks has said he will keep three catchers or two plus someone who can fill in at the spot. Virgil, 32, can play any position in the field or outfield.

He spends most of his time on the bench, watching intently and studying the pitchers. When he does go to bat, Ossie figures, "There's one for him, one for the umpire and one for me. I want to make the most of mine."

In explanation, the one for the pitcher is the strike which can't be hit. The one for the umpire is the one he sees differently than the batter. The one for Ossie is the one he should belt.

A native of the Dominican Republic, Virgil grew up in New York's Bronx and the Giants signed him in 1953. In 1957, he was slated for regular third base duty with New York until he suffered a hernia.

"I've never had a big league position of my own more than a month," he says. "Every year I start from scratch."

Virgil appeared in 39 games last year, hitting .265. During 13 seasons in pro baseball, he has played in only 281 major league games, yet he shows more hustle than a rookie.

In yesterday's game Chicago's Ron Santo belted a two-run homer off Bob Bolin in the first inning and Byron Browne hit a solo in the second. The game-deciding urn came in the eighth off Gibbon when George Altman and Billy Williams singled and Santo hit a sacrifice fly.

Bolin homered off Paul Faul in the third and Len Gabrielson doubled in one in the fifth. San Francisco collected its final tally in the ninth on Jimmy Hart's double and a Virgil single before Bob Hendley got Dick Schofield on strikes.

The Cubs and Giants were slated again today with the Angels opening a three-game set on Tuesday.

ROYALS, HAWKS FATTEN LEAD IN NBA PLAYOFF

By ASSOCIATED PRESS

Home, sweet home — not in the National Basketball Assn. playoffs.

"The home court edge doesn't mean as much in the playoffs," Coach Jack McMahon said yesterday after his Cincinnati Royals beat the Celtics for the second straight time in Boston, 113-107, and took a 2-1 lead in the best-of-five Eastern Division semifinals. Boston won its game 132-125 Saturday night at Cincinnati.

"I hope that's (the home court advantage) a jinx," center Zelmo Beaty of St. Louis said after the Hawks took a 2-0 lead over Baltimore yesterday in the Western Division semifinal by beating the Bullets for the second straight time in Baltimore, 105-100.

For a while, it looked like the Celtics might chalk one up for home lovers as they took a 94-88 lead with seven minutes remaining.

But the Royals fought back to go ahead 105-101. Then after Sam Jones tied it on a pair of field goals, Happy Hairston came off the bench with 51 seconds left to make six free throws and Oscar Robertson added a pair to give Cincinnati the victory.

Robertson and Jerry Lucas paced Cincinnati with 27 points each, and Hairston added 21. Boston got 36 points from John Havlicek.

Player-Coach Richie Guerin, who is retiring as a player after the playoffs, went the entire 48 minutes for the second consecutive time and turned in another top performance in leading the Hawks past the injury-plagued Bullets.

With St. Louis trailing 90-81, Guerin sank two foul shots and a field goal to start the Hawks on a streak in which they outscored Baltimore 12-1. Then with the Hawks leading 97-96 with 2:50 left, Beaty and Lenny

A COOL SHOWER is always welcome to Jack Daniel's sawyers and rickers who make the charcoal to smooth out our Tennessee whiskey.

It gets pretty hot when we're burning ricks of hard maple. But the charcoal that results makes it all worthwhile. You see, it's ground up and packed tightly 10 feet deep in vats. Then our just-made whiskey is seeped down through it . . . drop by drop. This is called Charcoal Mellowing. And the rare *sippin'* smoothness it gives Jack Daniel's is worth all the rick-burning, rain or no rain.

Marin Drops Pair To Santa Rosa

College of Marin's baseball team last Saturday dropped both ends of a doubleheader with Santa Rosa in its Golden Valley Conference opener to Santa Rosa, 7-5 and 11-3, on the Tars' diamond in Kentfield.

Santa Rosa collected 16 hits in the first fray, described by Tar Coach Ed Grimm as "a well played game."

Grimm noted that Santa Rosa bunched its hits, bringing almost half of its men around to score once they got on base. Losing pitcher Jim Timmel fanned three and walked four. Timmel was actually the biggest bat hero for the Tars, tagging a double and a single in four times at bat.

In that second game, Marin hurlers helped dig their own hole by hitting five batters and walking seven.

Santa Rosa scored six times in the first inning and the Bear Cub mound staff limited the Mariners to just three hits over the seven innings.

A Crucial Year For Marichal; Will Bat Episode Haunt Him?

HANLEY

PHOENIX—This is going to be a crucial year for Juan Marichal. All baseball men are agreed on that. Some believe his pitching will be adversely affected because of haunting memories of that day in Candlestick Park last August when he hit John Roseboro with a bat.

However, there are others equally convinced that Marichal will have another 20-game season. "He'll have a good year, no doubt about it," said Herman Franks. The manager of the Giants couldn't be expected to say anything less for the ace of the team.

The skeptics are convinced that Marichal pitched differently following the Aug. 22 bat incident which resulted in an eight day suspension of Marichal, $1,750 fine and $110,000 law suit by Roseboro. The skeptics believe Marichal was reluctant to throw his hard tight fast ball inside to keep a batter lose. They insist that Marichal was carefully trying to avoid any new incident.

NEITHER MARICHAL nor Tom Haller, the Giant catcher, feels there is any merit in such skepticism. "He pitched the same as he always did," said Haller. "Only in that first game after the suspension did I pitch differently," said Marichal. "That was because of the layoff which became 11 days due to a rainout and off day. I did not have any rhythm or control or timing on Sept. 2 in Philadelphia."

TO SUBSTANTIATE his point that the suspension, not any mental misgiving about his fight with Roseboro, temporarily affected his pitching, Marichal recalled that he won his next three games. That is true. He did beat the Cubs on Sept. 5 and the Astros on Sept. 9 and Sept. 13 in complete games, the Sept. 9 victory being his 10th shutout of the year.

"In those games," said Marichal, "I pitched like I always."

On Sept. 17 the Braves kayoed Marichal in 3⅓ innings when they belted him for five runs, including two homers. On Sept. 19 he saved a game from the Braves with two innings of shutout pitching in the eighth and ninth. Then he lost his final two starts, one to the Reds on Sept. 22, the other to the Braves on Sept. 26.

MARICHAL HAD no explanaiton for losing his last three starts but once again insisted that the Roseboro incident had nothing to do with the losses. "It was the first time I ever lost three in a row," said Marichal.

"If I had started the fight with Roseboro I would feel different in my heart," said Marichal. "But everybody knows Roseboro started the fight. I apologized long ago for using the bat. I am sorry for that but I am not worried about his law suit. I have no fears."

IF THE suit ever comes to trial, Marichal will testify that while he was at bat for the first time in the Aug. 22 game between the Giants and Dodgers, Roseboro nicked him in the ear with a return throw to the Dodger pitcher, Sandy Koufax.

"When I turned and asked him why he did that he called me very bad names and came after me," said Marichal. "I was afraid he was going to hit me with his catcher's mask."

Leach Fourth In Alameda Golf Tourney

Ray Leach, 15-year-old golfer from Novato, finished the 39th annual Alameda Commuter's Golf Tournament in fourth place yesterday, shooting a very consistent 72-hole score of 286.

At the halfway mark, Leach had put together a pair of par 72s, and then went two-under Saturday with a 70 and followed with another par 72 yesterday for his 286 total.

Robert E. Smith of Sacramento won the tournament with a dazzling 276, eight strokes in front of Ross Randall, also of Sacramento. Ashley Smith of Oakland was third with a 285 total.

Third Ace For Novato Golfer, 69

Next time you see Andrew Sommerville of 1108 Second Street, Novato, just call him "Ace."

The 69-year-old golfer has earned that nickname by scoring three holes-in-one in less than 14 months at the Indian Valley golf course in Novato.

Latest ace in his streak came yesterday during the Indian Valley Men's Club's Spring Handicap Tournament when he holed out his tee shot on the 153-yard 17th hole using a seven iron. It helped him score a victory in sudden death with Major William McDaniel. Other witnesses were Frank Compagna and Henry Brossier.

Sommerville's previous aces came last year—on June 27 on the 135-yard fourth hole and Feb. 21 on the 145-yard 13th hole, both at Indian Valley. The Feb. 21 feat also came during the club's Spring Handicap tourney.

Three Extra-Inning Battles Liven Spring Schedule

By HAL BOCK
Associated Press Sports Writer

With all his other anticipated troubles, New York Yankee Manager Johnny Keane wasn't exactly in the market for one more. So Tommy Tresh set his mind at ease.

Tresh was one of the few Yankees who got through 1965 intact — both physically and artistically. In the year the Yankees finished sixth, Tresh led the club in almost every offensive department from batting (.276) to home runs (26).

So, in what must be considered a rebuilding year, Tresh figured to be one of the few players about whom Keane wouldn't have to worry. Until yesterday though, the young outfielder had been causing some furrowed brows around the Yankees' Fort Lauderdale, Fla., training camp.

Tresh had been struggling along at a .182 pace with just three runs batted in in 12 games. He was retired in his first three swings against Cincinnati yesterday.

Then in the eighth inning, with New York trailing 2-1, Tresh whacked his first home run. That one came from the right side against lefty Bill McCool. An inning later, right handed Dom Zanni was serving when Tresh, batting lefty, walloped his second homer, a grand slammer, giving New York a 6-2 lead. The Yankees went on to win 7-6 in 15 innings.

The Yankee game was one of three that went extra innings. In the others, the New York Mets shaded Philadelphia 5-4 in 12 innings and California outlasted Cleveland 11-8 in 11 innings.

Elsewhere, the Chicago White Sox won their ninth straight, trimming Detroit 7-1, Pittsburgh edged Baltimore 4-3, Washington defeated Kansas City 5-1, St. Louis downed Houston 4-3, Boston whipped Minnesota 5-1, the Chicago Cubs dropped San Francisco 4-3 and Atlanta defeated Los Angeles 4-2.

Tresh was the hero until the Reds jarred Bill Stafford for four runs in the bottom of the ninth to tie the Yankees. The two clubs then battled into the 15th when singles by Elston Howard, Horace Clarke and Clete Boyer produced the winning run.

Choo Choo Coleman drove in the Mets' winning run with a single after Cleon Jones had walked and Ron Swoboda had singled. John Herrnstein sent the game into extra innings with a two-out homer in the ninth. Al Luplow homered for New York. Cleveland and California committed a total of nine errors between them with the Angels making six. Jose Cardenal delivered a pinch triple in California's four-run 11th that broke a 7-7 tie.

The White Sox ran their Grapefruit record to 15-2 by whipping the Tigers. Jim Hicks hammered a three-run homer for Chicago and Jim Northrup connected for Detroit.

Bob Bailey and Jose Pagan delivered consecutive doubles in the sixth inning for Pittsburgh's winning run against Baltimore. Vern Law worked seven innings and got credit for the victory.

Charlie Smith belted a two-run homer that helped the Cardinals past Houston. St. Louis scored the winning run in the seventh on a throwing error by Astro outfielder Norman Miller.

Tony Cloninger went seven innings for the Braves, permitting four hits against the Dodgers. He also drove in a run with a double. The two teams, playing in Atlanta Stadium, drew 13,677 fans.

was 14 feet short of the hole, but he sank the putt and collected $13,500 while Brewer had to settle for $7,200.

Gary Player finished third with 277 for third and $5,200. Tommy Bolt and Frank Beard tied for fourth at 278 and won $4,200 each. Weaver was six strokes better than a year ago but his 279 was good only for sixth place along with Tony Lema and $3,250.

PLAYOFFS

Wilkens sank field goals to put the game out of reach. The Hawks had lost seven straight times at Baltimore before the playoffs.

Guerin scored 25 points, had eight assists and grabbed 11 rebounds. Bill Bridges added 24 points. Jim (Bad News) Barnes led Baltimore with 27.

"We're not dead yet," said Boston Coach Red Auerbach.

He might have been speaking for Baltimore, as well. Both the Bullets and the Celtics play away from home when the playoffs continue next Wednesday.

Cal Ruggers Best In U.S.

BERKELEY (UPI) — California clinched the mythical national rugby championship Saturday when it flattened Notre Dame, 37-3, before 13,000 onlookers at Memorial Stadium.

The Bears scored twice in the first eight minutes on tries by Jerry Bradley and Mike Hoffman and a tough 24-yard corner conversion by Dan Sinclair. Thus it was 8-0 when Sinclair, even minutes later, added three more points with a 30-yard penalty kick.

Notre Dame coach Ken Featherstone said after the game that California had "the best team in the country."

READY FOR SPRING CHECKUP

San Francisco Giants ace right-hander Juan Marichal (right), who reported to Phoenix, Ariz. training camp Friday night, had his arm checked by team captain Willie Mays. Marichal did some throwing over the weekend and impressed his teammates. He may see action against Los Angeles Dodgers next weekend. (UPI Telephoto)

PRESSURE-PACKED CONTEST

San Rafael '9' Gains Tie

Litchfield's semi-pro baseball team from San Rafael, fighting gamely to remain undefeated in San Francisco AAA Winter League action, tied the Palo Alto Oaks 9-9 in 11 innings yesterday before darkness halted the game.

It was some pressure-packed baseball for Litchfield's, which trailed 7-3 in the ninth inning. With two outs, it looked as if the San Rafael nine was going to suffer its first loss of the season. But Litchfield's rallied to load the bases on three straight singles. Then Jess Jacinto drew a walk, forcing in one run, Don Lauters singled in another, and Doug Wilson followed with a two-run single to tie the game, 7-7.

Then in the 11th, down 9-7, Litchfield's again rallied, this time pitcher Ron Cole smacking a two-run single, his third hit of the day. Cole had relieved starter Buzz McGee in the second inning with Palo Alto ahead, 3-0, and bases loaded.

In addition to Cole's heroics, Wilson had two singles and a double and three runs batted in, and Alex Barrett had a single and double.

Litchfield's record is now 10 wins and two ties. A win next Sunday will clinch the league championship.

Big Upset! Marin Catholic Stuns Santa Clara's Frosh

Marin Catholic High School baseballers scored their upset of the season Friday night when they nipped the University of Santa Clara frosh 5-4 on the losers' diamond.

Santa Clara, reported to have one of its best frosh teams of the past few years, had a 6-1 record going into the game against Marin Catholic. But Marin right-hand pitching ace Ben Burch was up to the occasion, allowing four runs in the first two innings before settling down to hold the frosh scoreless over the next five frames. Two Santa Clara boys were on the basepaths in the seventh inning, but Burch bowed his neck and struck out the last two batters to end the game.

His battery mate, junior John Komo, had a field day with the bat, smashing two doubles and a single for a perfect 3 for 3, added two runs batted in. He also threw out the only USC man who tried to steal a base off him.

The Wildcats stayed overnight in Santa Clara and then moved up to San Mateo to take on Serra High School Saturday, but it wasn't Marin Catholic's day. They lost to Serra 13-4. Bright spot in that game was the defensive play of second baseman Joe Adams, who has yet to make an error this year. He also collected two singles. Shortstop Bob Lombardi had a double to help the Marin cause.

The Wildcats have won three of eight games, tying another.

Sixth Victory For Red Hot Novato '9'

Extending their winning record to 6-1, the Novato High School Hornets blasted Santa Rosa 14-5 last Friday night in a non-league baseball game in Santa Rosa.

Chuck Ashworth went all the way on the mound for the Hornets, giving up 7 hits and stretching his personal record to four wins without a loss. He struck out 5 and walked 6.

Tom Corder, Novato shortstop, was the batting star, getting three hits, including a double, in four at bats, knocking in four runs and scoring four himself.

Gary Dinkel, leading the club with a .444 batting average, also doubled, as did first baseman John Dolinsek. Frank Perachiottti and Tom Owens are also swinging a mean stick for the Hornets, Perachiotti batting an even .400 and Owens .391.

ALL-MARIN DOUBLES

It was an all-Marin County match in Saturday's State Family Doubles tournament semi-finals when Dick and Pat Blaskower (foreground) took on Chuck and Darby Auerbach in Father-Daughter competition. The Blaskowers of Ross defeated the Auerbachs of Belvedere, 4-6, 6-4, 7-5, in one of the hottest contested matches of the tourney. Dick and Pat lost their final match yesterday, however, to Norm and Diane Brooks of San Mateo. (Independent-Journal photo)

FORDS SWEEP DEATH-MARRED SEBRING RACE; LE MANS NEXT

By BEN FUNK

SEBRING, Fla. (AP) — America's top sports car drivers, facing a wide-open road to glory, left Sebring's bloodied course behind today and looked ahead to Le Mans, France, and "the track of truth."

This is what the Italian automotive genius, Enzo Ferrari, calls the French circuit where the annual 24-hour speed fight proves for sure who makes the fastest and guttiest machines in the brutal arena of road racing.

Here, the American Fords must demonstrate in the hardest possible way that their smashing victories in the first two 1966 races for the World Sports Car Manufacturing Championship were no flukes.

After the fastest 12-hour race ever run at Sebring — a thundering speed duel that left five persons dead — Fords flashed across the finish line in 1-2-3 order, just as they did last month in the 24-hour Continental at Daytona.

A last-minute stroke of luck enabled Ken Miles, a thin, British-born automotive engineer, and Lloyd Ruby, a ruddy Texan from Wichita Falls, to take the checkered flag of victory.

Miles and Ruby smashed the Sebring speed record by averaging 98.631 miles an hour around the torturous twists and turns of the hazardous course in their Ford XI roadster.

But Dan Gurney of Costa Mesa, Calif., and Jerry Grant of Kent, Wash., drove even faster until the engine of their Ford Mark II went dead 100 agoniizng yards from the finish with Gurney at the wheel.

DISQUALIFIED

If Gurney had just sat there, his car would have taken second place because it had covered more miles than any other except the winning machine. But the determined young driver pushed it to the line and under the race rules disqualified himself.

Ferrari's big hope, a sleek red prototype driven by Mike Parkes of England and Bob Bondurant of California, limped off the course late in the race after giving the bigger Fords a fierce fight.

As the dangerous race neared its end, a German Porsche racer collided with a Ferrari, hurtled through a fence and slashed into a group of spectators, leaving four dead and four others injured.

Mario Andretti of Nazareth, Pa., at the wheel of the Ferrari, escaped injury. So did Don Webster of Monterery, Calif., the driver of the ill-fated Porsche, but the mental shock of the experience put Webster in a hospital.

CHAMP KILLED

Earlier, a fiery crash off a hairpin turn brought instant death to the Canadian driving champion, Bob McLean.

McLean's powerful Ford GT40 racer, its gas tank ruptured by a collision that flattened a utility pole, exploded in the air and crashed like a fireball with McLean still in the cockpit.

Alex Ulmann, suave head of an aircraft import-export firm who founded the Sebring race, said there was evidence that McLean's brakes failed as he rocketed into the sharp turn.

Residents of this small, sweet-smelling town that nestles among fragmant orange groves in the central highlands of Florida were shocked by the tragedies, but resigned to the fact that road racing and death sometimes go hand in hand.

"Every driver," Ulmann said, "enters a race with the full knowledge that this is a dangerous sport. In view of the speed, the great skill of the drivers is obvious."

The spectators killed by the Porsche, he added, were on private land outside the bounds of the race course and beyond the protection of the track's big force of security officers.

Ford, spending millions in an effort to bring the road racing crown to the United States for the first time since the sport began, faces the supreme test of its engines next month at Le Mans.

The first big effort was made last year, when Ford drivers mistakenly tried to run the Ferraris into the ground at Le Mans. They went out one by one with overheated transmissions and the blood-red Ferraris went on to once more win the Le Mans Trophy, the most wanted of them all.

WEST COAST TRACK ROUNDUP

San Jose Flash Cheered; Cal Upset By Oregon St.

By ASSOCIATED PRESS

UCLA won the Santa Barbara Easter Relays, demonstrating its expected superiority this season in West Coast track, but the standout performer by acclamation was San Jose's fleet Tommy Smith.

Smith anchored three winning relay teams for San Jose in the 28th annual running of the Santa Barbara event Saturday. Even so, UCLA won with 53 points, followed by Stanford with 42, USC 41, San Jose State 30, Arizona 23 and Occidental 9.

Smith led the Spartans to a :41 flat victory in the 440-yard relay, made up a 12 yard defipart of the 880 relay and ran his quarter of the mile relay in :46.6.

That performance won him the meet's "outstanding athlete" selection out of 1,500 competing athletes.

UCLA was highlighted by distance running star Bob Day's 5,000 meter victory in 13:44.2, breaking the meet mark of 14:23.2 set in 1964 by Ed Davis of the Golden Gate Track Club.

Marc Savage of UCLA won the pole vautl at 16 feet 7¼. He cleared the distance on his first try and thus edged freshman Paul Wilson of Southern California who made the same height on his second try.

Lennox Miller, another Southern California freshman, broke the meet 100 yard dash record with :9.3. Frank Wykoff set the old mark of :9.4 back in 1935, but that time had been tied since.

In a dual meet at Berkeley, Oregon State scored a surprise victory 75-70 over California's Golden Bears, coached by Sam Bell, former Oregon State mentor.

The Beavers won six of the seven field events. California took eight of 10 running contests.

Cal's Forrest Beaty won the 440 in 47.9 and the 220 in 21.5. Bob Price of Cal was another double winner with 4:07.3 in the mile and 9:06.3 in the two-mile.

In other contests, Nevada dumped Chico State 114-31 at Reno and Hayward State beat San Francisco State 89-56.

At the fifth annual Claremont, Calif., relays, the event was highlighted by a winning 17-foot-1 pole vault by John Pennel of the Southern California Striders.

Nel Steinhauer of Oregon, the 1965 NCAA outdoor shotput champion, furnished a highlight of the Sacramento State Invitational Track Meet with a 63-5¾ shot heave.

Saari Paces SC To Fourth Straight NCAA Swim Meet

AIR FORCE ACADEMY, Colo. (AP) — The University of Southern California, conqueror of Indiana in the NCAA swimming and diving championships, will seek more honors next week in the National AAU Championships at Brandon, Fla.

There the Trojans will encounter the "missing team" of the NCAA meet, Yale. The Ivy Leaguers, led by Don Schollander, did not compete because of a dispute over the NCAA's 1.6 minimum grade average rule for athletes.

Schollander, winner of four gold medals in the last Olympics, has been bothered by illness. But Southern California Coach Peter Daland expects Yale to be tough.

"They are always strong," he said. "And they will be fresh."

Southern California, led by brilliant freestyler Roy Saari, won the NCAA team championship for the fourth consecutive year with 302 points.

Indiana was second for the third straight year with 286 points. Michigan had 253 for third, Michigan State 173, Southern Methodist 143, Stanford 115, North Carolina State and UCLA 89 each and Ohio State 80.

Saari won the 1,650 yard freestyle Saturday by a fraction of a second over Utah's Mike Garibaldi. It completed a sweep of the 200, 500 and 1,650 yard freestyle races and marked the third year he has won all three.

Saari's nine NCAA championships matched the all-time record performance of Washington's Jack Medica in 1934, 1935 and 1936.

Bernie Wrightson of Arizona State University won the three-meter diving crown from defending NCAA and Olympic champion Ken Sitzberger of Indiana, who earlier edged him for the one-meter championship.

Southern California's Wayne Anderson took the 200-yard breaststroke as Indiana's defending champion Tom Tretheway, bothered by flu, failed to qualify for the championship race.

Michigan's Carl Dilley won the 200-yard backstroke, North Carolina's Phillip Riker the 100-yard butterfly, Santa Barbara's Don Roth the 100-yard freestyle and Indiana the 800-yard freestyle relay, a new collegiate event.

Dilley emerged as the meet's only record breaker, in the 100-yard backstroke.

Marinites Lose In Net Finals

The Woolfson family of Hayward won one and lost two in the finals of the California State Family Doubles Tennis Championships yesterday at the Belvedere Tennis Club.

Joe and Jim Woolfson outlasted Glenn and Gary Hippenstiel of Fresno, 5-7, 6-4, 6-4, in the Father-Son division in the best match of the day.

Woolfsons were playing in three of the five final matches. Jean and Jim lost in Mother-Son play and Joe and Jean lost in husband-wife action.

Two Marin County teams made it all the way to the finals but both lost. Natalie and Cathy Machette of Belvedere lost to Margaret Dederts and Jan Huggans of Burlingame, 6-0, 6-1, in Mother-Daughter, and Dick and Pat Blaskower of Ross lost to Norm and Diane Brooks of San Mateo, 6-3, 8-6, in Father-Daughter.

Two other Marin County teams made it through the first weekend of play but were knocked off in Saturday's semi-finals. Chuck and Darby Auerbach of Belvedere lost to Dick and Pat Blaskower in the Father-Daughter division, 4-6, 6-4, 7-5, and Peggy and Suzanne Smetana of Tiburon lost to Natalie and Cathy Machette in Mother-Daughter, 6-2, 6-3.

Arnt and Erika Tjensvold of Tiburon won the sportsmanship award for their spirited play in the first weekend of the tournament, March 19-20.

Yesterday's final results:

Mother-Daughter — Margaret Wederts and Jan Huggans d. Natalie and Cathy Machette, 6-0, 6-1.

Mother-Son—Babes and Erik Van Dillen d. eJan and Jim Woolfson, 6-3, 6-2.

Father-Son — Joe and Jim Woolfson d. Glenn and Gary Hippenstiel, 5-7, 6-4, 6-4.

Father-Daughter — Norm and Diane Brooks d. Dick and Pat Blaskower, 6-3, 6-4.

Husband-Wife—Tom and Marlene Muench d. Joe and Jean Woolfson, 6-4, 6-4.

Seals Win, But Time Running Out

SAN FRANCISCO (AP)—The San Francisco Seals are finally winning in the Western Hockey League but it literally doesn't seem to be getting them anywhere.

The Seals have won seven, tied two and lost only two in their past 11 games, but they remain behind fourth-place Seattle and a position for the post-season playoff.

The trouble, as demonstrated Saturday night, is that while San Francisco was winning 8-3 over visiting Buffalo of the American Hockey League, Seattle dumped Los Angeles 4-2.

That kept Seattle five points ahead of the Seals and time is running out. The Seals, who next play host to Vancouver this Thursday at the Cow Palace, have just seven games left.

The Seals' Buffalo victory was highlighted by wing Al Nicholson who scored his third three-goal hat trick of the season, tieing him with Portland's Cliff Schmautz for the WHL lead in that category.

San Rafael Mermen Lose 3-Way Meet

San Rafael's swim team lost a three-way meet Saturday night in Eureka, the home team winning with 68 points, followed by Santa Rosa with 62 and San Rafael with 37.

Bill Cannedy of San Rafael won the 400 freestyle in 4:23.1 and Jim Morris won the 100 breast, 1:07.0.

France Triumps In American Ski Meet

SUN VALLEY, Idaho (UPI) — France's stunning slalom performances gave her the American international team title for the Werner Cup in five-nation competition concluded Saturday at Sun Valley.

The United States could manage only a fifth in team races but got a boost yesterday from Wendy Allen's giant slalom win in the new Sun Valley Challenge Cup.

Favored France, edged by Austria in the giant slalom, gathered 205 total points over Austria's 197, to take the Werner Cup.

Switzerland finished third with 105, Canada was fourth with 89 and the United States took fifth with 85.

Wendy Allen, 21, San Pedro, Calif., flashed to her giant slalom win with her best showing in international competition. Miss Allen, the outstanding competitor for the United States, placed fourth in the team regular slalom and fifth in the team giant slalom in addition to her first place in the special giant slalom.

Duesenberg Unveiling To Show Luxury Car

INDIANAPOLIS (UPI) —A famous name returned to the American automotive scene today with the unveiling of the first Duesenberg luxury car built since the mid-1930s.

The virtually hand-made prototype was shown to newsmen today. Other invitation-only previews were planned tomorrow and Wednesday. The first public showing will be Friday at a shopping center.

The Duesenberg goes on sale later this year at $19,500 and up —mostly up. The 1966 production run is expected to be 150 cars.

The prototype was assembled in Italy but later cars will be assembled at a plant now under construction here. A small force of workmen at the plant will put together the Chrysler-built engines and the bodies to be made by Ghia at Turin, Italy. They also will add the extras hand-crafted to each customer's specifications.

The ultimate four-door convertible will have a price tag of $29,500 plus extras.

It also will be the world's largest and heaviest production car with a wheelbase of 138 inches, an overall length of 243 inches and a weight of 6,000 pounds.

The innovations include an 18-gallon safety fuel cell in each rear fender. The cells are similar to those used in the 500-mile race here.

The entire interior of the car will have mahogany paneling and the instrument panel will resemble that of a commercial airliner, including an autopilot. This will enable a driver to maintain a designated speed on any kind of terrain.

"Just a nanosecond, Joe you've got chads on your sleeve," is typical of the fast-developing language of computers. A glossary of terms used in the automatic data processing field defines a nanosecond as a billionth of a second. A chad is a small bit of paper punched from a card when it is perforated to record information.

Market Continues To Be Well Ahead

NEW YORK (AP)—The stock market continued well ahead late this afternoon with emphasis on glamor stocks. Trading was active.

Here was the picture near the close:

Volume for the day was estimated at 8.5 million shares compared with 7.76 million Friday.

Favorites among the color televisions, other electronics, aerospace, airlines and specially situated issues ran up substantial gains.

Up about 5 were such stocks as Zenith, Boeing, Magnavox, Texas Gulf Sulphur and Commercial Solvents.

G. D. Searle spurted half a dozen points in further response to a report that a new birth control pill of the company had been cleared for marketing.

Cities Service preferred advanced nearly 4. Douglas Aircraft gained 3.

Up about 2 were International Nickel, United Air Lines, Eastern Air Lines, Eastman Kodak and Anaconda.

Motorola gained 8 points, American South African Investment 3.

New York Central off a point, trimming an initial loss of 3 on news that Alleghany Corp. has offered to distribute 984,100 shares of Central in exchanE for its own stock. Alleghany was up 1.

CBS broke out above 50 and held a gain of about 2.

Gains of a point or so were made by Calgon, National Airlines, Dome Mines, Beaunit, Pfizer, Polaroid, U.S. Smelting, Raytheon, U.S. Rubber, American Smelting, Union Carbide, General Electric and Texaco.

Prices were generally higher in heavy trading on the American Stock Exchange.

Corporate and U.S. Treasury bonds were mostly unchanged.

TAX FACTS

You'll Get A Checking

By PETER J. WIKEL, C.P.A.

Automatic Data Processing will be checking your tax returns for 1966 and thereafter.

They will be checked to:

1. Be sure you have filed.
2. Check arithmetic.
3. See if you owe any back taxes before paying out your refund.
4. Check to be sure you are not getting more than one refund.
5. Select for adult any return that:

A. Has high deductions.

B. Has unusual deductions.

C. Does not match information returns filed by your employer (W-2), payors of dividends, interest, rent, etc. (1099) and others.

D. Does not match up with prior years, etc., etc.

Since we can expect more audits from now on, it becomes very important to keep good records, retain canceled checks and paid bills with your copies of your tax return accurately.

P. J. Wikel

This is one area where the burden of proof is upon you and an audit is time consuming. Your lost time and costs may very well be far more than the tax involved.

Trucking Firm Changes Name

DENVER—Shareholders have approved a change of the company's corporate name from Denver Chicago Trucking Co., Inc., to DC International, Inc., to more properly reflect its worldwide operations.

The shareholders also approved an increase in the authorized capitalization of the company to 2.5 million shares of common stock, $1 par value, and to split each two shares of common stock into three new shares of common stock, $1 par value.

Stockholders of record as of the close of business March 25, will be entitled to receive the additional shares.

Veteran Survives First Rabies Shots

SAN DIEGO, Calif. (AP) — A wounded Viet Nam war veteran, bitten by a dog 10 days ago, has had two dangerous anti-rabies shots and physicians now give him a good chance of surviving.

Maj. David L. Mead, 39, said he felt no serious ill effects after his second daily stomach injection yesterday.

Mead has a form of epilepsy as a result of scarred brain tissue from a wound two years ago. He made a critical decision Saturday to go ahead with the inoculations. Doctors had warned him that the treatment might aggravate his epilepsy and cause a fatal seizure.

Mead was bitten on the left hand while pulling a collie away from a group of children. The dog ran away and has not been found for rabies observation.

Tooke Faces Questioning In Bribe Trial

SAN FRANCISCO (AP)—Tax consultant James C. Tooke underwent more cross-examination today at the bribery trial of San Francisco assessor Russell L. Wolden.

Wolden's attorney, James Martin MacInnis, has been boring into Tooke's activities in an attempt to show that Max J. Newstate, longtime aide to the accused assessor, acted as collector in deals where taxes were trimmed.

But neither Newstat nor Tooke, despite prosecution efforts, has placed a cent of bribe money directly in Wolden's pocket.

MacInnis has been attempting to bring out through Tooke's testimony that, while he did business with Newstat, Wolden knew nothing about the tax-cutting.

MacInnis today tried to show that Newstat altered tax records Tooke gave him and, in fact, accepted money for giving tax breaks to various business concerns here.

'Pirates' Is Billed

Performances of Gilbert and Sullivan's "Pirates of Penzance" will be given by eighth grade pupils of Marin Country Day School, Corte Madera, March 31 and April 1 at 8 p.m. in the auditorium. Direction will be by R. Barrett Mineah, chairman of the school's music department.

Germans Hint At Discussions

BERLIN (AP) — Two West German political leaders cautiously indicated over the weekend they are willing to participate in public discussions with Communist East German political parties.

Opposition Socialist party chief Willy Brandt said representatives of all parties in East and West Germany should be free to hold public discussions.

Erich Mende, deputy chancellor and leader of the Free Democrats in the West German coalition government, said his party was prepared to hold public talks with the minor East German Liberal Democratic party.

Law Will Permit Yuba Agency To Act

SACRAMENTO (CNS) — Governor Brown has signed into law SB25X by Sen. Harold T. Sedgwick, R-Yuba City, which will permit the Yuba county water agency to negotiate with the low bidder for the construction of its Bullards Bar project on the Yuba River.

The Yuba county water agency, in its second call for bids for its project, received only one bid and that exceeded the money available. It was hoped by the agency that changes in specifications might permit the construction cost to be reduced to a feasible figure.

Subdivision Map On Tap In Novato

The tentative map of Mira Del Sol subdivision will be considered by the Novato Planning Commission when it meets at 8 p.m. today in the Novato Community House.

Ignacio Land Co. proposes 495 lots on 198 acres northeast of the interchange of Highway 101 and 37. The land recently was annexed to the city of Novato.

D. K. Pollock is asking architectural approval for a four-unit apartment building on Olive Avenue 250 feet east of Railroad Avenue.

Rezoning from single family to retail business of a lot at the northwest corner of Diablo Avenue and Novato Boulevard is sought by Stanley Goldsmith.

The Seventh Day Adventist Church has applied for a permit for a church and related facilities on approximately four acres at San Marin Drive and Simmons Lane.

Other items to come before the commission include Tresch Electric Co.'s request for remodeling its building at Machin and Sweetzer Avenues, and plans for a recreation center for a mobile home park for John Lyddon south of Hamilton Air Force Base and east of Highway 101.

Arguments Open On Pipeline Plan

WASHINGTON (UPI) — Oral arguments opened today before the Federal Power Commission on a controversial proposal to build a $314 million gas pipeline from Texas to Southern California.

The corporate battle involves a request by Gulf Pacific Pipeline Co., a subsidiary of Tennessee Gas Transmission Co., to build the 1,500-mile pipeline to deliver gas to the Los Angeles area.

Time Of Day As Confused As Ever Was

WASHINGTON (UPI) —Summer is the season when travelers, long distance callers and vacation-bound drivers begin to ask themselves the age-old question: "I wonder what time it is there?"

Summer 1966 will be no different. Congress has failed to get the mixed-up Daylight Saving Time problem straightened out in time.

There was hope for a while. The Senate passed some time ago a simple bill fixing the last Sunday of April as the uniform starting time for all states or communities choosing "fast time." The season's end would have been the last Sunday in October.

But the House wasn't satisfied with simplicity. It took the start-and-end dates and added a provision making daylight time mandatory everywhere except for states which took legislative action to exempt themselves entirely.

The Senate wasn't happy with that. Better that a state should be able to exempt a "single contiguous part" of itself from daylight time instead of that all-or-nothing House idea.

Now the House wasn't having any. Wednesday, it decided the Senate could take the House plan—or leave it to conference committee.

Yesterday, the senate left it. The committee will try to work out a compromise, hopefully in time for next year, but it's now too late for this one.

Some Watchdog, That

LUANDA, Angol (UPI) — Gabriel Goncalves complained to police that burglars broke into his house and made off with two cameras, an electric razor, a pair of gold earrings, several pieces of clothing — and his watchdog.

Negro Youth Shot At School

LOS ANGELES (AP)— A Negro boy was shot and wounded by a security guard last night on the campus of Jordan High School—the reported festering ground of a one-day riot in the Watts area two weeks ago.

The wounded youth, identified as Robert Lewis Smith, 16, was hit in the groin. He was listed in satisfactory condition at a hospital, police said.

Officers said the guard, Charles Hawkins, told them he surprised Smith and three other boys in the act of a school burglary.

Three Dead Taken From Africa Mine

CARLETONVILLE, South Africa (UPI)—Three more bodies were recovered yesterday from the 5,200 foot level of the West Driefontein Mine here, bringing to four the known number of dead in Friday's pressure blast.

Seven other miners are still missing and feared dead. All 11 trapped by the blast were Africans.

Infamous 'Nest Of Wild Ducks' Prison In Tokyo Coming Down

TOKYO (UPI) —The Sugamo Prison, a drab three-story stone building that once housed wartime Premier Gen. Hideki Tojo and thousands of other Japanese war criminals, will be torn down soon to make room for the construction of the tallest skyscraper in Japan.

Built in 1937 in Sugamo (The Nest of Wild Ducks) in the northwestern section of Tokyo, it saw many well known Japanese come and go in its 29 years. Some people — like Tojo —came but never went.

But a plan is under way to demolish the prison buildings. A group of leading businessmen and bankers is planning to build a 39-story bus terminal on the 15-acre site by the end of 1968. They hope to make it one of the great tourist attractions in the world's largest city.

Since 1937 Sugamo has been the only prison located close to the heart of Tokyo.

It originally was intended to detain criminal suspects facing trial. But it became an internationally famous detention house in 1945 when Allied occupation forces arrested hundreds of former Japanese government and military leaders on suspicion of war crimes. Most were detained at Sugamo.

Included among them was Tojo, a four-star army general who was prime minister at the time of Japan's attack on Pearl Harbor and was executed along with six other class-A war criminals Dec. 22, 1948.

Regardless of their former rank or station in life, Tojo and other inmates occasionally were found scrubbing floors and performing other menial tasks.

Former Foreign Minister Mamoru Shigemitsu, who was tried as a class-A war criminal, and given a seven-year term, once said it was quite a sight to see Tojo and others going from table to table to ask whether anyone wanted another cup of coffee.

Tojo was brought to Sugamo late in 1945 after recuperating from a suicide try with a pistol in his home. He had wanted to escape arrest by Allied officers.

During the height of the occupation era, the prison was packed to its full capacity of 1,500.

Many of the prisoners were tried as class A, B and C war criminals and numbers of them were executed along with Tojo. The exact number put to death there has never been revealed either by Allied authorities or Japanese officials.

Some, like former Prime Minister Nobusuke Kishi, were released without trial. Kishi, industry minister in the Tojo cabinet at the outset of World War II, became prime minister after his release.

The prison was returned to Japanese jurisdiction when the allied occupation ended in 1952. For a year or two it still held some criminals convicted by allied powers.

But by 1956 all remaining war criminals were pardoned and released and the prison again became a detention house.

A few years later, residents of the area started a campaign to have it torn down as an eyesore.

Dairy cattle numbers in California in 1965 are only some 3,000 above 1950 figures, but milk production is up 42.5 per cent during that period.

Nickel Shave, Dime Haircut Still Available—In India

NEW DELHI (AP)—The days of the five-cent cigar may be long gone, but in India you can still get a shave for a nickel.

Not only that, you can get a haircut for 8 to 10 cents.

These prices are charged by the many Indian barbers who set up shop each day on a dusty curbside, under a tree or in the shadows of a government office building.

The haircut or shave which these men give likely will be as good as one obtained at fancy, more expensive "indoor" barber shops (haircutting salons they are called in India).

But there's a big difference in sanitation.

The "sidewalk" barber has no running water, no way to sterilize his instruments, and no fresh change of neck wrappings or other linen for his customers. His customers don't expect a shampoo, hair tonic or aftershave lotion.

Thousands of low-paid white-collar workers and others who must keep up a neat appearance sacrifice the possibility of scalp or skin infections in order to save money this way.

Many of these barbers also operate along railway platforms There they find travelers who, after say a three-day ride from Bombay on a slow third-class train, are in need of a shave.

The usual haircut price is 36 to 50 paisa (8-10 cents), depending on how well the customer can dicker with the barber. A shave generally costs 20 paisa (5 cents).

For those who have the time and money to go to the haircutting salons, India still offers a bargain. Top price for a haircut is usually no more than two rupees (42 cents) and for a shave one rupee.

Jet Noise Problem Costly To Conquer

WASHINGTON (AP) — It is technically possible to suppress the noise of a jet airplane, but the process is extremely costly, says a special panel studying the problem of noise around airports.

The federally financed panel, headed by Donald F. Hornig, White House science advisor, has recommended setting noise standards at airports, altering landing and take off patterns and setting up a buffer zone between airports and residential areas. The study mainly concerned airports at New York, Chicago and Los Angeles.

Disney's Dreams To Cost Millions

NEW YORK (AP) — The brother of Walt Disney estimates millions of dollars will be needed to finance amusement projects planned by the creator of Disneyland.

Roy Disney outlined for security analysts financing plans for two future projects — a 27,500-acre development south of Orlando, Fla., and a $35-million park in California Sierra Nevada.

Both parks are to be built sometime in the 1970s, Disney said.

Historic Swap Turned Down

AMARILLO, Tex (AP) — Negotiations have fallen through to swap a letter written by the conqueror of the Alamo for the flag captured by Mexican troops when the fortress fell.

Texas officials had hoped to swap Gen. Antonio Lopez de Santa Ana's "Farewell to the Texian Army," written to thank his Texas enemies for sparing his life after the battle of San Jacinto, for the Alamo flag.

But Mexican officials turned down the offer, saying Mexican law forbids such a trade.

CALIFORNIA WINE ASSOCIATION / SAN FRANCISCO, CALIFORNIA

Behind this great new label

is a great new wine.

Eleven Cellars is introducing a great new wine —a smoother, finer wine that owes its distinctive new taste to premium quality grapes. These grapes are grown in the cool hillside vineyards of California's North Coast Counties. The wines they produce are soft, dry, flinty—perfect for the table wines Eleven Cellars makes. Because we're using *more* premium quality grapes this fine new wine costs a little more—but we think you'll agree that a satisfying, full-bodied wine like this is worth the few extra pennies you pay.

Look for the new Eleven Cellars wines, in the brand new bottle with the brand new label, at your local market. It tastes as good as it looks.
